

Lathrop, Potwin & Wait.
 It is nothing new that the Cheap Goods are to be found at the above named Cheap Cash Store, Corner Church and College streets, and we wish not to conceal the fact, but that it will spread all farther and wider, as doubtless it will, since the recent good sleighing has been bestowed upon us which for the benefit of friends and customers at a distance we say has never been better. All such as desire good goods and cheap are invited to examine for themselves, as quality is the proof of cheapness and you can only tell by examination and comparison which is the cheapest, therefore come in with your friends of all kinds, we will give a fair price for the exchange for any kind of Dry Goods, Groceries, crockery, or carpeting, and for the cash articles of *Montezuma* you will give such bargains as will surprise all, even those who come at night or on a cold day, and wonder how Lathrop, Potwin & Wait can afford to sell so cheap, but since we can afford it, it does not matter to us if they don't know the secret.
 Burlington, Dec. 20, 1839.

BLACKSMITHING.
 F. H. B. Seligson has taken the Blacksmith shop formerly carried on by the Burlington Mill Company, east of Bridge Street, and also the one near the bridge, on the Burlington side, where they will promptly attend to all kinds of work in their line. Particular attention given to shoeing horses. Carriages and Sleighs repaired in the best manner, and large jobs regarding to be turned, executed promptly, and to the most perfect manner.
 A. R. & G. DUNCAN.
 Burlington, Dec. 13, 1839.

Balsam of Liverwort.
 F. LOVELLY & CO. AGENTS
 For selling Doct. Taylor's Balsam of Liverwort, for Consumption, Liver Complaints, Coughs, Colds, Spitting of Blood, Pain in the Side, or Breast, Athma, Pleurisy, Shortness of Breath, Palpitation of the Heart, Debility, Nerveless and all diseases of the Lungs and Liver.
 The virtues of this celebrated article has been recently tested in this region—sufficient however, has been used, in Chittenden and Addison counties, to give it justly a name above any medicine, hitherto offered as a remedy and cure for consumption and liver complaints. To show what cures may be expected from it, we insert a single case as published in the New York Daily Express, November 4, 1836—"The Balsam of Liverwort has found hundreds of advocates, and has produced so large a number of testimonials in its favor as perhaps to render further approbation unnecessary. I cannot withhold my small meed of praise, knowing myself well disposed to consumption, both for peculiar formation and hereditary transmission, I sought all means to obviate this calamity, and recover a naturally weak constitution. I spent two years at Pisa, in Rome, two years in Florence, and another in the south of France, seeking mean time the advice of the best Physicians. Last summer I returned to this country, not recruited in health, and perhaps not much, if any worse, than when I left. I had seen in the Reading Rooms in Europe, American newspapers, containing advertisements of the Balsam of Liverwort, and resolved upon trying its boasted virtue. As soon as I arrived in this country, I used it, and in three months I was so well that I concluded I could safely pass the winter here, and accordingly did so. I have used a bottle now and then, through the past summer. I am now in as good health as I can wish to be; my cough has wholly subsided, and my lungs have every feeling of health. I shall be pleased to receive any person, who may wish for further particulars, at my lodgings, City Hotel.
 A. A. DELAFIELD.

Champlain Transportation Co.
 THE Stockholders of the Champlain Transportation Company, are hereby notified, that the annual meeting of said company for the purpose of choosing directors for the ensuing year, will be held at Howard's Hotel, in Burlington, on Thursday, the 24 day of January, A. D. 1840, at one o'clock, P. M. By order.
 P. DOOLITTLE, Clerk.
 Burlington, Dec. 10, 1839.

Christmas and New Year's PRESENTS.
 DURING Christmas week we shall be opening for examination and sale a great variety of articles suitable for presents to be given by Parents, Children, Teachers, Pastors, People, Friends, Neighbors, Mechanics, Merchants, Apprentices, Clerks, Journeymen, Lawyers, Doctors, Hygists, Manufacturers, Capitalists and ALL sorts and conditions of MEN.
 We expect to exhibit the most beautiful assortment of pretty BILLS of all sizes, both Boys and Girls, that our young friends have ever beheld at the
FAMILY STORE.

Saint Nicholas, or Santa Claus is to have a lot of them "if he can't find them no where else, as cheaper and prettier," and we think he cannot; so children hang up your stockings, and if you have been good children, the benevolent, merry old gentleman will not have a heart to pass you by. We shall have Billies in the shape of Strawberries, Apples, Peas, &c. pen nibs, buttons, beads, needles, B. A. & silver snuff boxes, work boxes, card boxes, in laid with pearl, marble boxes, silver knives, pearl or tortoise gold rings, Rosewood writing Desks, work boxes, Toilet boxes, musical Instruments, Rosewood Accordions, which would be a much admired present to some. **GOLD WATCHES.**
 Would be very acceptable to others. Silver spoons for others, clocks for others and so on, we can send all—we have steel wire cushions, spoon stands, for tippets, cloth caps, for Bona, Battledores, grasses, Jumping ropes, Toys and Toy Books, perfume bottles, neat and pretty Tea caddies filled with Tea, pocket Books, cards and card cases; waggons, chairs, cradles, bails, Fancy Boxes, &c. A better assortment never grand our shelves and cases than we expect to show our customers during the Holidays. We invite all our friends and customers, and all those of such there are who have not examined our assortment about Christmas and New Years, to give us a call, and look, even if they do not wish to purchase. We are desirous that their presence be thankful for their call, at the Variety Store.
PANGBORN & BRINSMAID.

 Ticonderoga Black Lead, a first rate article, for sale very low, together with a great variety of other articles, as cheap as can be found at any other establishment in the place. GEO. PETERSON

VALUABLE INFORMATION.
THE INDIAN VEGETABLE PILLS are a certain cure for disease in every variety of form, because they thoroughly cleanse the stomach and bowels, induce a proper discharge by the lungs, skin and kidneys, and stimulate the blood to purify itself. In other words they open all the natural drains, and leave KATUK (the Grand Physician) free to drive disease from the body. The above outlets, or drains, are the common sewers of the body, through which all morbid and corrupt humors (the cause of disease) are carried off; and so long as they are all kept open, and discharge freely their allotted portions of impurity, the body will continue in health; but when from eating improper food, breathing impure air, sudden transitions from heat to cold, over exhaustion or any other cause, the bowels become closed, the pores of the skin become closed, or the kidneys fail to perform their functions properly, the impurities which should be drained from the body by these outlets, will be retained, and continue to accumulate until the body becomes literally loaded with disease.
 If the channels of our mighty rivers should become blocked up, would not the accumulated waters find new outlets, or the country become inundated? Just so with the human body; if the natural drains become closed, the stagnant and corrupt humors will find vent in the various forms of disease such as Fever, Small Pox, Measles, Rheumatism, Gout, Apoplexy, &c. or Death will cut our throats. Therefore, when sickness at the stomach, pain in the back and side, quick pulse, burning skin, or any other unpleasant symptoms, indicate that one or more of the natural drains are not discharging freely, and that the constitution is about to commence a struggle for the restoration of health, no time should be lost in administering a few boxes of the Indian Vegetable Pills (*Indian Vegetable Pills*). By so doing, all the functions of the body will be restored to order, and the fat humors (the cause of every inflammation or pain) will be removed in as easy and natural a manner, that the body will be restored as if by a charm.
 The above Pills may be taken at ALL times and under ALL circumstances, with perfect safety.—They suit all constitutions and all ages, and are natural to the human constitution as food. Consequently they can never injure even the most delicate. Like our food, they are digestible; therefore they enter into the circulation and impart an energy to the blood, which enables it to flow with freedom quite to the extremities, and consequently to keep the pores of the skin open. They are true and perfect purifiers of the blood; because they drain all corrupt humors from that life giving fluid. They impart strength and vigor to the whole system, and their effects are always beneficial; because they only remove those humors which are opposed to health. They aid and improve digestion, and sound sleep follows their use; because they cleanse the stomach and bowels of those slimy humors, which not only irritate and excite the nervous system, but paralyze and weaken the digestive organs. In short they possess all the good properties that can be claimed for any medicine; and what is very remarkable, it is utterly impossible to use them without benefit.
 More than twelve thousand persons can be referred to, who have been cured of complaints arising from the most dangerous character, solely by the use of the *Indian Vegetable Pills*.
 Dr. ORRICK, and General Depot for the sale of the above Pills in the New England States, 198 TREMONT STREET, near Court Street, Boston, where they can be had at wholesale or retail.
 Agents have been appointed for the sale of the Pills in almost every town in New England.
 All letters relative to the pills must be addressed to: "N. E. Office N. A. College of Health, 198 Tremont Street, Boston, Mass."

TO THE LADIES.
 JUST received, and for sale by J. & J. H. PECK & Co., Burlington, a few boxes of R. V. Peck's & Parson's celebrated **FEMALE HEALTH RESTORATIVE.**
 It is designed particularly for the diseases peculiar to the Female constitution. A more efficacious remedy of this kind, has never been wanted, as many of these diseases have baffled the skill of the most eminent physicians, and all the remedies heretofore have proved ineffectual, in thousands of cases. This medicine invariably removes obstructions, regulates in most cases of painful, too frequent, or profuse menstruation, and has cured the most obstinate cases of Fluor Albus or Whites, and as a mother's relief, it is not equalled by any other medicine. It is recommended by many of the most eminent physicians in the United States. Doct. J. Morrison, from California, Mass. who has practiced medicine some twenty years at Oneida, N. Y. says in relation to it: "That it is the best medicine now in use. In cases of retention, or suppression of the menses, I think it will sustain the application of specific. I have tried it in the worst cases, with admirable success, and I wish for the good of suffering females, that all physicians would introduce it to their practice, and I have confidence to believe they would find happy results, as I have found the pills to answer fully their recommendation." Doct. R. R. Davis, of Syracuse, tells a similar story, and many others. For further information, you are referred to the persons whose names are annexed to our show bills, and also to pamphlets, left with our agents for gratuitous distribution. Price \$2 per box, containing nearly 100 pills. Prepared and sold wholesale and retail by Reynolds & Parson, Puttfield, Montreal, Co. N. Y. sold also by P. Huntington, Vergennes; Moody & Adams, Middlebury; Jackson & Ketchum, Brandon; S. T. White & Co., Rutland; D. H. Mearns, M. D. Wallingford; A. R. Van & Co., Danby; D. Andrews, Manchester; Merrill & V. D. Snodgel, Bennington; and Williston & Tyler, Brattleborough. aug7-ly

Wanted.
 50 sets of Horse Wagon Hubs wanted all to be made of white oak quarter stuff 40 set to be 9 inches in length, 10 set to be 10 inches in length, not less than 6 inches nor over 8 through the bulge.
 Also 25 sets of 2 horse hubs, of white oak, one half to be 14 inches, the other half 12 inches in length, and not less than 3 inches nor more than 10 through the bulge, to be turned in good shape. A fair price will be paid, half in cash and half in work at my shop. JOHN K. GRAY.
 Burlington, Nov. 9, 1839.

WORMS! WORMS!
 TO remove these troublesome and dangerous inhabitants of the stomach and bowels, which so often impair the health and destroy the lives of children and adults, USE Doct. M. HITCHCOCK'S **WORM TEA**—a certain and safe preparation for the removal of the various kinds of worms that infest the human system. We say USE Doct. M. HITCHCOCK'S Worm Tea, for this plain reason—that in no one of the thousand cases, where it has been used agreeable to the printed directions, has it ever failed.
 N. B. Ask for Doct. M. HITCHCOCK'S Worm Tea, as there are many nostrums abroad for the destruction of worms.

Also, dry goods will be sold as low as they can be bought in the state. Store opposite S. E. Howard's Church Street.
 Burlington, Nov. 21, 1839.

By the British Queen,
 WHICH arrived at New York, Nov. 23d, we received an interesting letter from Mr. J. Morrison written at the British College of Health, London, where the medicine of which we speak below is made. Mr. Morrison thinks that the reason that many in this country are so long in being cured of old seated Diseases, is that they do not take large doses enough, and who is a better judge than he who has for years MADE AND ADMINISTERED THE MEDICINE AND OBSERVED ITS EFFECT? We believe this reason, the true one. In cases of Typhus Fever, bilious Affections, Cholera morbus, Consumption, Rheumatism, particulary

INFLAMMATORY RHEUMATISM.
 Dropsy, Small Pox, The Diphtheria, and FEVERS OF ALL KINDS, and in many other diseases, in their worst stages there should be doses of 10, 15, 20 30 and even more Pills administered at "A DOSE." It is done with great success all over Europe, and there is where the medicine is most successful. We conversed with a gentleman in this town, in August last, it was Mr. John Morrison son of Mr. James Morrison, the Hygient, who spent a day or two, here, whilst on his travels through the states; he informed us that he was once prostrated by a fever, we think he said Typhus Fever; (the name matters not) and was pronounced by friends and physicians to be his end, "spontaneously." His father advised the physicians and said "I think I can save him," and commenced with (50) thirty No. 2 Pills, these did him doses of thirty No. 2 Pills and he gave him doses of thirty No. 2 Pills and continued these doses for several days, until he was out of danger. *First Aid Diseases require large Doses.* Large doses, in season, will prevent a long sickness.
 Mr. Leonard Curtis, known by all in this town and vicinity, was laid up with *Inflammatory Rheumatism*, had to be lifted into and out of bed; his limbs were swollen very large, his pains were very severe; he had been trying various things without relief; by the persuasion of Mrs. C. Johnson against his wishes, he sent to us for a package of Morrison's Medicine, and by them was cured. We had this information from Mr. Curtis himself, he is here and can be enquired of concerning it. Mrs. J. Johnson, known to most of the inhabitants of Burlington, was laid up with the same disease, *Inflammatory Rheumatism*, and could get no relief, she sent to us for a package of Morrison's Medicine, and says "when I had taken the fifth dose, the swellings and the pains began to leave me, and those only who have had this disease, can realize the happiness of

ABSENT PAIN.
 Morrison's Pills cured Mrs. Johnson.
 We often think we never will publish another word about Medicine, but situated as we are, where we have incontestable evidence of the intrinsic worth of Morrison's Pills, and see that they DO cure very many, who in all human probability, would otherwise die soon, or drag out a miserable, wretched existence, we will speak—we will write—we will let the sick know where they can depend upon getting a good thorough-tryed vegetable medicine, which will cure if persevered in, and need not, we call upon Hygients if they are needed in their vicinity, to circulate the Pamphlets, Books and Medicine. "Truth is mighty and will prevail." **EXPERIENCE** has established Hygientism. Many through ignorance, and prejudice, neglect to use this Medicine; when had they used it, would have been doubly blessed. Every Package sold in the state of Vermont, and in the towns bordering on Lake Champlain in the state of New York, will be signed in writing by **PANGBORN & BRINSMAID**, and also by the sub agents selling the same, and every sub-agent will have a certificate of Agency signed by Dr. George Taylor, U. S. Agent and by ourselves.
