It would further appear that those materials have been supplied in the late bargain and sale to Tylerism, which was appropriately concluded JUNE NEXT, for the purpose of nominatby " the party of the second part" in the publication of O'Connell's letter to the precious other matters deemed necessary, preparatory Bob! ## ANOTHER ACT OF INFAMY.

We have to chronicle this week another outrage committed by John Tyler upon the feelings of a whole community, in the removal of the Post Master of the City of Newark, New Jersey. This is a more flagrant and shameless disregard of the popular voice, a blacker and meaner piece of treason have recently befallen this place, as will appear from a perusal of the following article. From the Newark Daily Advertiser. Removal in the Post Office.

The people of this city are about to experience the the injustice and insult at the hands of John Tyler, which have outrained the feelings of so many other communities. Without cause or notice, or even so much as the pretence of any reason whatever, Major William Stevens, the faithful and popular postmister of this city, has been most unceremoniously superseded.

Major Stevens has received no notice of any intention to remove him from the Department, but was called upon this morning by an active member of the so-called "democratic" party, and informed that he had received a commission to take the office? Rumors that a removal was contemplated have been some time in circulation, but the office has been so well kent, and with such universal acceptance, and the official conduct of the posturister had received such merited commendation from the head of the de-partment, that we descried at merediale that even Julia Tyler should perpetrate such an unwarrantable and nestled for outrage.

Major Stevens was appointed by Mr. Tyler him-

Some months since, when an intimation, was given that a secret effort was making to effect his remarkal, in behalf of some member of the party which Mr. Tyler is so varily trying to suborm, a strong and general expression of the feelings of the people was made to the Department in the form of a remonstrance, emparation and the feelings of the people was made to the Department in the form of a remonstrance continued in the feelings of the people was made. MR. VAN BUREN IN PENNSYLVANIA.-A short time since a writer in the Albany Argus ventured to assert that though Mr. Buchanan was the first choice of Pennsylvania  $|{f M}$  . yet it was " equally certain that the party in that State preferred Mr. Van Buren to any M. G other Candidate." The Lancaster Intelligencer, an influential Loco Foco paper, meets this statement by the following em-

We aver, with perfect confidence, that out of the city and county of Philadelphia, Mr. Van Buren is the weakest of all our candidates, with, perhaps, a single exception. We have a tolerably extensive acquaintance and intercovies throughout the State, and twe have yet to meet the first Loco Foco resident between the Schuylkilland the Alleghany, who has declared immedia favor of Mr. Van Buren, as his first choice, though we have learned that there are a few such in the city of Pittsburg. For a third nomination, he has no partly which reprises and unright dealings, and the small long to business and unright dealings, and the small advance on their Goods, to receive a life seal share of tion, he has no party whatever in the interior.
