and has been used by thousands and pronounced the best remedy ever discovered.

The oil acts on the system with electricity—is of pure vegetable preparation. Not the slightest danger of applying it outwardly or inwardly. It at once gives a permanent cure—in most cases in from ten to twenty minutes.

The Physiologists of Europe have discovered that all organic derangement of the onimal system is the effect of an obstruction of the physico-electric fluid in the organ diseased. A skilful application of this Oil puts in immediate motion the nerve fluid and the cure is at once accomplished. No bleedings, no veniting, no purging or blistering resort.

Barn, Maine, Jan. 20, 1856.

Prof. O. J. Wood & Co.;

Gentlemen—Havis g my attention called, a few months since, to the highly beneficial effects of your Hair Restorative, I was induced to make application of it upon my own hair, which hal become quite gray—probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your Hair Restorative and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glessy than it has been for twenty-five years. I am now sixty years old; my good wife, at the age of 52, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that wheever will relably use, as nor directions. will not here will not here.

The above notice I deem due to you for your valuable discovery. I am assured that wheever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident here for the last fitteen years, and am known to nearly every one here, and adjoining towns. Any use you may make of the above with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself.

I am, truly, yours, A. C. RAYMOND.

WOOD'S HAIR RESTCRATIVE.

Prof. Wood—Dear Sir; Having had the misfortune to lose the best portion of my hair from the effects of the yellow fever in new Orleans in 1854, I was indue d to take a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such atreasure. FINLEY JOHNSON.

BROOKFIELD, Jan. 12, 1858.

Professor Wood—Dear Sir: Having made tria of your Hair Resorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching, with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly,

This is one of the descriptions in Michigan:

I ying in Calhoun Co., on the line of the M. C.
R. R., one mile from Cerisco Depot, 7 miles from
Battle Creek, and 4 miles from Marshall.

The farm contains 280 acres: 240 acres of plew
and meadow, and 40 acres of wood land. It is
slightly rolling, rich openings, well watered by
springs and a small river running through it. On
the farm are two good barns, two comfortable
houses, two apple orchards containing 192 young
and thrifty bearing trees, and a peach orchard,
from which 500 bushels choice peaches were sold
last season. There is a large Flouring mill one
mile from the house, where cash, at all times, is
paid for wheat. Price this Fall \$1,10 to \$1,20.—
The farm is so situated that it can be divided into
two equal farms, and leave both nearly square. It
is admitted by all acquainted with it, to be one of
the very best wheat farms in Michigan. It is well
fenced with rail and beard fence, and has now 25
acres wheat growing.

SOMETHING NEW:

I YMAN THAYER having purchased the right for the County of Chittender of making and yending Stone's FATENT CLOTHES RACKS and TENN FRAMES, is now manufacturing them at his shop in Shelburne. Being constructed upon an entire new plan, are a great improvement upon any other ever-before offered—they are readily adjusted for use, have a greater length of bars, the clothes on one bar not hanging over those of another, are not liable to be overturned, occupy less space when in use, and when not in use can readily be folded like a fan and set away like a broom—has all the conveniences that could be desired and none of the inconveniences of former construction—are a cleap, durable, convenient and greatly improved article, have only to be seen and used to be admired by all housekeepers. Also portable TENT FRAMES for hunters, fishermen, and camp meetings, that fold compactly together in a form that can conveniently be transported and can be set up for use in a moment. They can be found at A. S. DEWEY'S, west side of the Park, at J. S. PIERKE'S on Church street, or at my shop in Shelburne.

There is no pain, however torturous or exerusiating, but that a simple application of Radway's Ready Relief will instantly stop and quickly allay the most violent spanne, inflammations and engestions. There is no disease, however long it may have become established in the system, whether constitutional, chronic, humorous or of a leathsome character, but that Radway's Reacesting Resolvent will exterminate and infase wes life, new blood, and a new existence throughout the broken down and emastated organization of the body.

If by irregularity or otherwise the organs of the system become deranged and incapable of performing their several functions:—if the Liver, Heart, Bowels, Stomach, Bladder, Kidneys, Skin, Norves, Blood, etc., are at fault, a dose or two of Radway's Regulaterswill restore beath and regularity to every organ throughout the body. They force each and every organ to the natural performance of its duty, and thus keep up a regular and healthy circulation of the blood.

If a dose of Radway's iteyistor's were-wallowed the moment a person feels unwell, or when any unpleasant symptom appears, there would be no further trouble, for the diseased action would be arrested, and a healthy action re-established.
