Local News.

Local News.—Our friends in the several towns in this and adjoining counties will confer a great favor by sending us all items of local news that may come under their observation. Contributions should, in all cases, give their names, and be accompanied by a guarantee of good faith. No matter about the form of the contributions—give us the "subject matter" and we will put it into shape.

Important to Advertisers.—The Transcript is double the circulation in St. Albans of any paper printed in the State. Its circulation is rapidly increasing throughout Franklin and several other counties.

Butter sells this week for from 25 to 30 cents. A considerable quantity was brought into town on Tuesday.

The Vermont Central changed time on Monday. Trains leave St. Albans as follows: Going South and West, 6:30 a. m., 12:00 noon, 7:25 p. m.; Montreal, 6:10 a. m., 6:15 p. m.; to Boston's Point, Ogdensburg, &c., 6:40 a. m., 11:00 a. m., 2:20 p. m., 7:40 p. m.

The Champlain Canal was opened for navigation on Monday.

Rev. L. G. Ware, pastor of the First Congregational Church, (Unitarian) of Burlington, has our thanks for a pamphlet containing a full account of the celebration of the fiftieth anniversary of the dedication of the First Congregational Church in Burlington, which occurred on Wednesday, the 9th of January, 1867.

On the 7th inst., patents were issued to the following Vermonters:—H. H. Cross, of Montpelier, for improved steam confection pan; D. L. Miliken, of Brattleboro, and O. M. Miliken, of Claremont, N. H., for stone pipe; F. R. Smith, of Bennington, for improved blind silt separator.

Chancellor Pierpont has granted the petition for an additional issue of Vermont and Canada stock, bonds, &c., to pay debts of the Vermont Central and Vermont and Canada railroads.

Grand List of St. Albans, 1867.—The Grand List of St. Albans for the present year is as follows:

Rev. J. F. Bigelow will lecture at Academy Hall, Tuesday evening, May 18. Subject: The Progress of the American Republic.

Town Meeting.

There was a fair turn out at the town meeting Wednesday afternoon. The G. Hunt, Esq., acted as Moderator. There was considerable discussion regarding the purchase of land for a cemetery, which resulted in the adoption of the following resolutions, introduced by Bradley Barlow, Esq.:

Resolved, In the opinion of the inhabitants of the town of St. Albans, it is necessary to enlarge the public burial grounds, situated in the north part of the village of St. Albans, and to purchase the same.

Resolved, That the selectmen Victor Atwood, Daniel R. Potter and S. H. Huntington, are hereby instructed to purchase of the owner or owners, of the land lying easterly of the present public burial ground, the Catholic burial ground, and the Cemetery, and the land on the north side of the Brook which runs through said Cemetery, belonging to the estate of J. M. Atwood, not exceeding thirty acres of land, for the use of a public burial ground, or take such quantity of land as they deem necessary and proper, and annex it to the Bay burying ground, near Otis Howard.

Resolved, That, in the opinion of the town of St. Albans, it is necessary to purchase of the owner or owners of said land, and to satisfy "with the reasonable exchange which they may sustain in consequence of taking such land for the purpose aforesaid" the said selectmen are hereby instructed "to set out and sell the same for the purchase aforesaid" in which event they are referred to chapter 18, sec. 9, of the General Statutes of Vermont, for the manner in which they are to act in the premises as agents of the town of St. Albans.

A tax of 40 per cent. on the dollar of the grand list was voted for the purchase of land alluded to in the resolutions.

It was voted to pay the widow of George A. Brainerd, who lost his life in the service of his country, the sum of \$500.

The other articles in the warning concerning bounties &c., were summarily dismissed.

In Monday's Daily Messenger there appeared a call for a town caucus, on Saturday evening next, to elect delegates to the Montpelier Convention. This call was signed by gentlemen who were the St. Albans members of the nominating committee at the Republican County Convention, held at Shelburn last summer. By what authority the call is made we know not; indeed we are told that but a small portion even of this self constituted committee were consulted, while others who were consulted did not give their assent, and two of them did not know anything about the matter until they saw their names in print. As all are agreed as to who shall be nominated for Governor, perhaps the matter is not worth alluding to; we only do it to show the disgusting officiousness of certain parties. We notice that the call has been published but once; and we would ask if it has been withdrawn. Is not the caucus to take place as advertised?

Smith and Foster have something of importance to say to the readers of the Transcript this week. Their "Benjamin Patent Shape-Collar" is a "great institution." Try it.

The lectures of Mr. S. M. Hewlett at Academy Hall, on Saturday and Wednesday evenings, were well attended. Mr. Hewlett is a great humorist and mimic and never fails to entertain his audience. The Good Templars of St. Albans, under whose auspices the lecturer was procured, are to be congratulated on the success that has attended their first effort to furnish our citizens with a rich intellectual treat.

The horse attached to the Express wagon, driven by Napoleon Bertrand, took fright about 6 o'clock Wednesday afternoon and ran up Main street. Young Bertrand held on to the reins until he came near the store of Mr. Joseph S. Weeks and there finding that he was about to come into collision with a team, jumped from his wagon, breaking one of his legs just below the knee. He was taken to the residence of his mother, where his broken limb was attended to by Dr. Fesset. It is unnecessary to say that the wagon was considerably damaged.

State News.

ADDISON COUNTY.
Hiram Smith an estimable and honored citizen of Bridport, died on the 10th inst., at his residence near the shore of Lake Champlain, aged 74 years.

J. L. Battolp, of Middlebury, recently sheared three two year old ewes, and the fleeces weighed respectively 16, 16 1/2 and 17 lbs. Two of the ewes raised lambs. These are the same ewes which took the premium at the New England Fair last fall.

CHITTENDEN COUNTY.
The new Catholic Cathedral in Burlington, will probably be ready for use in August.

The Vermont State Musical Association will hold its second Annual Convention in Burlington, commencing Monday evening, June 24th, and ending Friday evening, June 28th. Half fare on all the railroads.

John Early, of Williston, has sold to a gentleman from Rhode Island, his valuable "Whalebone" mare for \$800.

CALVERTON COUNTY.
Floris Gorham, son of I. B. Gorham, of St. Johnsbury, a young man about twenty years of age, was drowned in the river, at the railroad village, on Tuesday afternoon.

Some of the tax payers of St. Johnsbury, are protesting against the act of the Vermont Legislature, authorizing certain towns to raise money by tax for the construction of the Montpelier and St. Johnsbury Railroad, and meetings have been held to devise means to resist the project of taxing that town. Over 200 names have been attached to the protest, and there is considerable excitement on the subject.

ORLEANS COUNTY.
James A. Paddock, Esq., an old resident and distinguished citizen, of this County, died at Craftsbury on the 25th ult., aged 70 years. Judge Paddock was graduated at the University of Vermont in 1818, and has been a resident of Craftsbury from that time till his death. The Barton Standard says:

He was a nephew of Gov. Crafts, his mother being sister of the Governor, and daughter of Col. Crafts, the first settler of the town. He has been for many years a prominent citizen of the town and county, and has held many places of trust and responsibility, always performing with strict uprightness the duties given him to do. He was a sincere Christian, and had been for more than twenty-four years a member of the Congregational church in Craftsbury, was well versed in the doctrines of our belief—was sustained by faith and hope in his last illness—and without doubt is now at rest with the Saviour.

Mr. Richard Groves, of Craftsbury, has one three years old ewe, which, on the first day of June, 1866, brought three lambs, and on the first day of May, 1867, brought three more, and the six are now all alive and well.—*Newport Express.*

John M. Cooper, of North Troy, was ninety-nine years old on the 10th day of last April, and on that day did considerable labor in tapping sugar trees and gathering sap.

RUTLAND COUNTY.
"The Clipper B. B. C." is the name of a new base ball club at Castleton.

The body of Miss Addie Goodenough, the young lady who wandered from the residence of her father in Brandon about three months since, while in a state of mental derangement, and about whom some suspicious of foul play were raised a few weeks since, was found on the 9th on a mountain in Chittenden, about four miles East of her father's house. She was discovered by a couple of farmers who were engaged in mending their fences on the mountain, and was in a pretty good state of preservation considering the length of time which has elapsed since her death.

Mr. J. Dunham Green, of Rutland, on Monday last, went fishing and succeeded in "bagging" 89 fine trout, weighing 6 3/4 pounds.

WINDSOR COUNTY.
On the 28th ult., James M. Goodrich, a pensioner of the war of 1812, died in Cavendish, aged 92 years. He fought at Landy's Lane under Gen. Scott.

L. Dawley has purchased the hotel in Ludlow, known as the Ludlow House, for \$8,500.

WINDHAM COUNTY.
Last Fall, says the *Phoenix*, Robert Erwin, of Savannah, Georgia, bought a horse of L. D. Thayer, of West Brattleboro, for \$1250, which Mr. Thayer had owned thirteen months, having paid for him \$290. This horse was half brother to the well known horse "Capt. Lawrence." Mr. Erwin took the horse home with him to Savannah, and put him "in training" about the middle of February, and on April 15th trotted him to a wagon against time in 2:41 1/2. There was three horses in the race, all against time. The horses entered were all road nags, as follows:—Chestnut Mare, 10 years, to trotting wagon, 2:56; Bay Horse, pacer, 7 years, 2:52 1/2; L. D. Thayer, 6 years, 2:41 1/2.

Rev. Mr. Eastman, formerly pastor of the Methodist church at Guilford, has removed to Jacksonville.

A movement has been on foot for some time in Brattleboro looking to the combination of the Unitarian and Universalist Societies.

A new Baptist Church is being built in Brattleboro this season. The dimensions of the building are 62 feet by 104. The elevation of the steeple from the foundation 140 feet. The audience room is to have 126 pews which will seat five or six persons each. The recess for the choir and the organ will be behind the pulpit, and at the opposite end of the building there is to be a gallery which will afford some additional seats. Under the audience room is to be a vestry conveniently arranged for the Sunday School, conference meetings, and other purposes. In this is to be the Baptistical font also.

TIN WEDDINGS.—Forney's Press makes the following item in reference to tin weddings in Vermont: "Tin weddings are all the rage in Vermont at present. Occasionally, however, they don't turn out pleasant affairs for all parties. Recently a man gave an invite to his friends to celebrate the tin anniversary. Everything proceeded merrily till the hour arrived for the husband to inform his guests that 'this was the annual recurrence of the happiest period of his life,' etc., when it was discovered that the wife wasn't to be found. She had disappeared, as had also one of the invited males.—They hunted that night and the next day, but they didn't find her hid in a chest, smothered to death. It wasn't her style. She had eloped with the male—taking the husband's 'tin' which he had saved for a rainy day."

SCOTLAND.
Dr. Lloyd, of Paris, one of the most eminent Chemists of Europe, said:

"The most astounding results may be anticipated when iodine can be dissolved in pure water."

Dr. H. Anders, after fifteen years of scientific research and experiment, has succeeded in dissolving iodine and other valuable salts of iodine in each fluid ounce of water, and the most astounding results have followed its use, particularly in Scrofula and diseases thereof. Circulars free.

Dr. H. Anders' Iodine Water is for sale by J. P. Dunsmore, 36 Day Street, New York, and by all Druggists.

FELLOWS' ORIGINAL WORM LOZENGES.

We can with confidence point to FELLOWS' WORM LOZENGES as the most perfect remedy for those troublesome pests.

Intestinal Worms.
After years of careful experiment, science has crowned our efforts, and we now offer to the world a confection without a single fault, being safe, convenient, efficient and pleasant. No injuries result can occur, let them be used in whatever quantity. Not a particle of calomel enters their composition. They may be used without further preparation, and at any time. Children will eagerly devour all you give them, and ask for more. They never fail in expelling worms from the system, and the child will always strengthen the weaker weak constitution, even when he is not afflicted with worms.

Various remedies have, from time to time, been recommended, such as castor oil, oil of worm seed, turpentine, and producing dangerous and sometimes fatal consequences. After much research, study and experiment, and after several years, the proprietors of FELLOWS' WORM LOZENGES have succeeded in producing this remedy, free from all obnoxious and poisonous ingredients, and pleasant to the taste. They do not kill the worms, but act by making their dwelling-places disagreeable to them. In order to assure consumers of the genuineness of the Lozenges, the analysis of Dr. A. A. HAYES, State Assayer, is annexed.

He has analyzed the Worm Lozenges prepared by FELLOWS, and found that they are free from mercury and other metallic or mineral matter. These Lozenges are skillfully compounded, pleasant to the taste, safe, yet sure and effective in their action.

Respectfully, A. A. HAYES, M. D., State Assayer.

Wistar's Balsam of Wild Cherry.
Croup, Colds, Bronchitis, Asthma, Croup, Whooping Cough, Quinsy, and the numerous as well as dangerous diseases of the Throat, Chest and Lungs prevalent in our changeable climate at all seasons of the year. Two are fortunate enough to escape their baneful influence. How important then to have at hand a certain antidote to all these complaints. Experience proves that this exists in Wistar's Balsam to an extent not to be found in any other remedy; however severe the suffering, the application of this soothing, healing and wonderful Balsam at once vanquishes the disease and restores the sufferer to wonted health.

Letter from Elder H. L. GILMAN.
Glover, Vt., June 20, 1859.
Messrs. S. W. FOWLE & CO.—
I hereby certify that I have been troubled for several years with a difficulty of the throat and lungs, and have applied to several physicians for help, and have tried almost every remedy of the numerous ones which have been recommended, without receiving any assistance; but had been growing weaker and weaker, until, hearing of Wistar's Balsam of Wild Cherry about a year since, I commenced using it with immediate relief. It has not only restored my lungs to a sound state, but I am relieved of the difficulty or disease of the heart. I have no hesitation in saying that it is the best lung medicine before the public, and I most cheerfully and conscientiously recommend it to all persons suffering with pulmonary complaints.

H. L. GILMAN.
