The St. Johnsbury Academy foot-ball eleven defeated the Institute eleven last Saturday by a score of 34 to 0. The first half was close and exciting, the visitors scoring six points, but in the last half the home team let up a little and the St. Johnsbury boys got five touchdowns and kicked four goals. An unfortunate accident happened in the last half of the game when Wasburn, in a tackle, broke a leg below the knee. The injured captain was taken to the Ville, where the leg was set. The accident is unfortunate not only to the player but to the team, which loses one of its best players. A good crowd witnessed the game here.

B. J. Quimby has moved into his new house above the village on the Wheelock road. It is a modern residence, fitted with all modern conveniences, and is a home to be proud of. Mr. Quimby recently erected a conveniently arranged barn, 80x42, and he now has a fine set of buildings. Mr. Quimby has a herd of about 25 cows, and his reputation for furnishing his many customers with first class milk is no. 1.

He has been connected with the railroad for 18 years, 14 of them as conductor. He was one of the most popular men on the road. The firm of Avery & Buell was organized since Lyndonville was rebuilt and it has built up a good business, which Jim hopes to increase.  
The "Belles of Corkville" have received an offer of \$100 to give their entertainment in St. Johnsbury, which they are considering. The proceeds will probably be given to the town library if the performance should be repeated.  
Either tramps or negroes are operating in this vicinity or else it is chicken thieves. Two or three farmers north of the village have noticed lately quite a marked decrease in the number of their chickens, and a man in Burke the other night lost 40. It is a case of mysterious disappearance which the hen men would like to have solved.  
No excitement here election day until the returns began to come in, when the McKinley men showed signs of rejoicing. The vote was light, 343 for McKinley, 103 for Bryan, 17 for Palmer and 11 prohibitionists. The election returns were received in several places. The club rooms were kept open till five o'clock, and quite a number stayed up to that time. Representative Silsby has introduced a bill into the legislature providing that the same tax that relates to the property of individuals shall apply to all property owned by railroad companies upon which no tax is paid because of exemption privileges. Posterity will read a curious inscription on the top of Bald mountain in Bennington. It is one of the highest points of land in Southern Vermont on the smooth, hard face of a bold cliff of hard gray rock, in one of the most desolate parts of the mountain, some unknown person has carved the names of McKinley and Hobart. The inscription on the rock is in large letters and reads as follows: "McKinley and Hobart, 1896. Free Silver, No; Gold, Yes." The inscription is more than 3000 feet above the level of the sea, and will rarely be seen except by a woodchopper, a stray hunter or a berry picker. The Selfish Person.  
The great pity of the selfish person is not that he robs others of pleasure or comfort, but that he is so thoroughly unhappy himself. The selfish person is never satisfied, never content. When he has greedily taken all, he still wants more, while the unselfish person finds real happiness in giving to others the little he has. From a purely selfish point of view the unselfish person is the happier.
