Hooker & Co., Cooperstown, N. Y., have sold Devoe paint for 22 years. D. T. McGown, of that firm, built a house in '85 and painted Devoe, of course. The paint lasted ten years. A year or two later, a neighbor built a house, and painted it lead and oil. The neighbor's house was repainted twice in the same time. This looks as if the neighbor's house was painted three times in eight or nine years, and McGown's once in ten years. We are not quite sure—we tell the tale as it comes to us. It is enough to say that Devoe lead and zinc lasts twice as long as lead and oil. Yours truly, F. W. DEVOE & Co. P. S. Flint Bros. sell our paint in your section. Notice to Merchants. I hereby give public notice that on and after this date I will not be responsible for any bills contracted by my son, Alfonso Gingsras, nor will I pay any of his debts. LOUIS GINGRAS. St. Johnsbury, Vt., Oct. 1, 1901.

Summerville.

Mrs. T. H. Underwood experienced a very painful accident Friday evening. She was calling at Mrs. H. W. Batt's and fell down stairs, sustaining compound fractures both above and below the elbow of the left arm and dislocating the left wrist. The fractures above the elbow were particularly bad, and the ligaments about the elbow were torn away and broken and the flesh was badly torn. Mrs. Underwood was so weak from loss of blood when medical aid reached her that it was thought best to postpone reducing the fracture until Saturday, when she was removed to her home and the operation performed. Mrs. Underwood was otherwise severely bruised but unless evidence of internal injuries develop a steady recovery is looked for, although the injured arm will probably never entirely recover. Mr. and Mrs. C. F. Sanborn left yesterday for a week's visit to friends at Ashland, N. H. Mr. and Mrs. John A.
