As lots are not sold as in most cemeteries, there is no income for this purpose except from yearly subscriptions, yearly payment for the care of individual lots and the interest from the fund. An income of \$250 is what Mrs. Ayer is trying to secure by the means mentioned. She hopes for still further addition to the fund from people while living or from provision made by will. Mrs. A. E. There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo Ohio, is the only constitutional cure on the market. It is taken internally in dose from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. BARNET.

Fourth of July Celebration. The Fourth was celebrated in a way which reflected credit upon a town of this size and upon the various committees who had the arrangements in charge. Shortly after the clock struck 12 Friday a. m. the church bell began to ring and the sound of guns, cannon and bigcrackers continued until the last piece of fireworks was sent up that night at nearly 12. At 4 a. m. a sunrise salute of one hundred guns was given and the sun rose bright and clear upon a most beautiful day. The grand parade started about 10 from the north end of the village, headed by Capt. Elmer Somers and C. J. Smith chief marshal, on horseback, a band of 40 pieces and a good showing of cavalry, horribles, floats and barges, people in carriages, on wheels and on foot. Among the floats, that representing the business of G. I. Brown, was notable, also a large float like a merry-go-round, with W. H. Burbank at its head; a very pretty one from Roy neighborhood decorated with evergreen and filled with girls, drawn by large horses; The Passumpsic Flour Co. float was notable and presented a very pretty appearance. The most conspicuous and perhaps the most attractive was a large float of W. H. Phelps of McIndoes, handsomely decorated with red, white and blue, with 20 McIndoes girls all in white. This float was drawn by six splendid horses and driven by Percy Phelps, who deserves honorable mention for his horsemanship. It was a long procession and made a very good showing. The line of march was down Church street up Anderson street to the wagon factory, back to the square where they were reviewed. After this the crowd started for the picnic grounds south of the village when an address of welcome was given by Rev. C. R. D. Meacham of Passumpsic. Then music followed by a male quartette of Passumpsic; then Rev. Joseph Boardman offered prayer. An oration was given by Hon. S. B. Page, of Woodsville, N. H., which was listened to by a large crowd with much interest. Both Mr. Page and Rev. Mr. Meacham paid a handsome tribute to the early Scotch settlers of Barnet. Music was then furnished by the band. After the picnic dinner came the sports, base ball, tug of war, three legged race, chicken race, shoe race, orange race, grain race, tack race, hoop race and foot race. In the ball game McIndoes beat Barnet and in the game between the fat men and lean the fat men beat. In the tug of war the north end beat the south end of the town. A large tent was pitched in the school park where the play by home talent was given in the evening, which like all other features of the day proved a success. Barnet's home talent in a dramatic line did itself much credit. Proceeds from the play amounted to more than \$125.00. The last but by no means the least feature of the celebration was the fireworks which were displayed from the hill opposite Burbank & Koble's store. These were varied and beautiful and were thrown up in rapid succession for nearly two hours. Notable among other pieces was the fire balloon and the good night piece, also the electrical features were very handsome. Competent judges estimate the number of people in the village that day as high as 2500 and more. Celebration Notes. It was a good day in the old town and shall we not be more patriotic henceforth and not wait thirty years before we celebrate again. We are glad to note that no accidents occurred and no arrests for drunkenness were made. The houses were more or less decorated with flags and bunting. Just about every house entertained company. Gathrie & Hunt sold large quantities of ice cream on the picnic grounds, also upon the Square in the evening. They sold also light drinks, fruit and candy. Shaw's Tavern had over a hundred guests for dinner and nearly twice that number for tea. Greenbank's Hotel entertained over a hundred guests and put up as many teams. Music for the play was furnished by the Laughlin Orchestra. That it was a success and a good time was the general verdict. The fireworks were furnished by W. W. S. Browne of St. Johnsbury. Death of Theron H. Lance. Hon. Theron H. Lance died at his home in this village on Monday, June 30, aged 66 years. Judge Lance was a lifelong citizen of this town and had for years been the most prominent public man in town and one of the best known men in the confidence of the community or filled so many public offices. He represented the town in the legislature in 1871 and '72 and was assistant judge of Washington county for six years. He was vice-president of the Caledonia National Bank at Danville for several years. He was a great-hearted man, always ready to help his fellow men and to give good counsel and he well exemplified the saying, "An honest man's the noblest work of God." The funeral was held at his late home on Wednesday afternoon, conducted by his pastor, Rev. O. E. Aiken of the Methodist Episcopal church, assisted by his nephew, Rev. Carroll D. Lance of Wheelock. Several of the leading men of the county, officials from the Caledonia bank, and a large number of townspeople were present. In all the long weeks of suffering from his sickness, which was Bright's disease, he trusted in his God and bore his sufferings patiently. These are the enervating days, when, as somebody has said, men drop by the sunstroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic,—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year. EAST BURKE. Is There Iron in Your Blood

Great achievers, men and women who bring things to pass, obstacles or no obstacles, have an abundance of iron in their blood. They take the initiative; they push ahead, regardless of obstacles; they succeed. There is no quality of character that gains more admiration and respect than that which enables a person to form a definite purpose and then concentrate all his energy in executing it. To possess and use this quality, it is necessary to be in a sound mental and physical condition, to have an abundance of iron in the blood, which gives stamina, vigor and endurance.

Peptiron

Peptiron is the blood, nourishes, strengthens and steadies the nerves and produces the above result. It is a new and thoroughly scientific preparation, combining iron with the best tonics and nutrients; is agreeable to the taste, acceptable to the stomach and readily assimilated, and has the great advantage of not causing constipation nor injuring the teeth. Peptiron is made in two forms: In a liquid—an aromatic cordial elixir—at \$1 per bottle, also in chocolate-coated pills at 50c. or \$1 per box. By C. I. C-U-DRINK

wisely. Hot weather drives us to drink, times would die if we didn't, and sometimes we almost die because we do. Water is bad, but almost everything else is worse. Nature comes to our rescue. Roots and herbs were made for us. Our forefathers discovered them and showed us how to serve them up. We are simply nature's agents, and have made Williams Root Beer Extract, nature's remedy for humanity during hot weather. Williams Root Beer More delicious than any wine, it is wholesome. More satisfying than any alcoholic drink, it cools your blood and does you good.
