

WASHINGTON LETTER.

[Special Correspondence.] There is rejoicing in the department of agriculture over the success of a new orange tree, the result of long and careful experiments. The new orange tree, which is this year bearing fruit in Florida, possesses many valuable qualities. It is the result of a cross between the harder orange and the sweeter edible orange. The fruit this year has proved that the new orange will have a ready market. It is similar in flavor to the grape fruit and can be used for marmalades. It will not take the place of the sweet orange, except for those who prefer the more acid fruit. It is a hardy shrub and stands frost. It has been tried as far north as South Carolina. From Miami, Fla., where the fruit has been produced, seeds have been sent to Washington, and on the success of these seeds the future of the new orange depends, for the gardeners declare that the second generation of the plant is the important one. It is regarded as a promising sign that the new fruit possesses seeds. At the greenhouse a careful watch is being kept over these few precious seeds.

The Story of the Cherokees.

In a report soon to be issued from the bureau of American ethnology James Mooney has written a historical sketch of the Cherokee Indians in North Carolina which is replete with the myths of the tribe. Most of Mr. Mooney's material has been obtained from the East Cherokees, living upon the Qualla reservation in western North Carolina and in various detached settlements between the reservation and the Tennessee line. In the secluded forests of Nanahala and Oconalufee, far from the traveled road of modern progress, the Cherokee priest still treasures the legends and repeats the mystic rituals handed down from his ancestors.

This history begins with De Soto's expedition up the Savannah river in quest of gold in 1540, passes through the period of several treaties made in good faith by the Indians, but broken by the whites, who desired the valuable reservations of the red men. In 1828 the cupidity of the whites for the gold bearing lands of the Indians became so great that every effort, honest or otherwise, was made to drive the Indians westward.

Will Have a Fine Driveway.

Washington will soon have the finest as well as one of the costliest driveways in the country. It will be nearly a mile in length and will far surpass the conduit road and the White lot ellipse for the exercise of the capital's fast stepping roadsters and record breaking automobiles. Colonel Theodore A. Bingham, superintendent of public buildings and grounds, is constructing the new roadway, which extends from Seventeenth and B streets northwest through the reservation west of the Babcock lakes, around the eastern shore of the Tidal basin to the long bridge causeway.

Success of Rural Delivery.

Assistant Postmaster General Wynne in his annual report says: "The rural free delivery system has become a permanent feature of the postal service. Five years' experience has demonstrated this. Under the executive order the clerks therein have been placed on the same footing as the employees in other branches of the civil government. The service has increased the postal receipts and improved conditions wherever it has been put in operation. The educational and other benefits derived therefrom are innumerable. No deficiency will be created by this service."

Why It Is Not Larger.

Secretary Root dropped into the pressroom of the president's office building and exchanged greetings with the newspaper reporters. "How do you like the new building?" he asked. "We don't like it," replied one. "It is too squat and lacking in dignity. It is too small."

Vanished at Annapolis Bay.

There are numerous vacancies at the Naval Academy which congressmen and senators do not seem inclined to fill. There are no less than eighty places in the position of midshipmen to which the naval authorities would like congressmen to appointees. Examinations were held in this city Nov. 12 of the candidates who had been named, of whom there were only twenty-six principals and forty-seven alternates, leaving a large number of unfilled places, which go over until after March 5, when the members of the next congress will designate the nominees. This is an unfortunate state of affairs in view of the unusual demand for graduates of the Naval Academy.

VERMONT NEWS.

Death of Veteran Missionary.

News has come of the death of Dr. Moses Payson Parmelee, the veteran missionary of the American Board in eastern Turkey, at the age of 68 years. He died at Beirut, where he had gone on his station at Trip zoud to undergo a critical surgical operation, Oct. 4. Dr. Parmelee was a native of Westford, was a graduate of the University of Vermont in the class of 1835, was principal of the academy in Johnson, studied for the ministry in Union seminary, and also studied medicine in preparation for his missionary work. He was ordained in 1831, served as chaplain of the Third regiment of Vermont volunteers in the Civil war, and had been in Turkey since 1863, a most devoted missionary. He returned to the United States in 1882 in order to attend the celebration of the 100th birthday of his father, Rev. Dr. Simon Parmelee, known and honored in Vermont and elsewhere as an earnest and estimable christian minister, who died at the age of 100 years and 10 days. Dr. Moses P. Parmelee married, in 1871, Miss Julia Farr of Thetford, who survives him, with five children. Two sons are in Oberlin college.

The Arthur Monument.

The dedicatory ceremonies of the monument authorized by the legislature of 1900 to mark the site of President Chester A. Arthur's birthplace will occur some time the coming summer, the exact date not being determined at this time. That the occasion will be a notable one is assured from the fact that Robert T. Lincoln and William E. Chandler, who served in President Arthur's cabinet as secretary of the war and secretary of the navy, respectively, will be the principal speakers. The foundation for the monument has been completed but the shaft will not be set until next spring. It will occupy one corner of the old cellar which marks the spot where the only Vermont born president first saw the light. The site was presented to the state by P. B. Northrop, who represented Fairfield in the legislature of 1900, and under commission from Gov. Stickney he has had charge of preparing the foundation.

Report of Deer Killed.

The revised report of H. G. Thomas of Stowe, fish and game commissioner, shows 654 deer with horns shot in the state during the last 10 days of October. They were secured in every county of the state, divided as follows: Addison, 27; Bennington, 24; Caledonia, 8; Chittenden, 6; Essex, 23; Franklin, 12; Grand Isle, 2; Lamoille, 14; Orange, 22; Orleans, 24; Rutland, 88; Washington, 40; Windham, 13; Windsor, 104; total, 405. Mr. Thomas thinks a good many were illegally killed and never reported.

Big Game.

In one day recently a man brought a bear to Bennington that had been caught in Glensbury; a Bennington man shot a wild cat three feet long, weighing 15 pounds; another shot the largest fox seen there in a long time, and still another passed a full grown catamount with a chest for \$500 for the museum. This wild cat had no gun, so could not shoot. Several parties report seeing three moose on East mountain in that town.

The town clock at Johnson is having an electric light illuminating arrangement attached.

Azal Willard, 88 years of age, is discharging the duties of cashier for a business house in Detroit. He was born in West Windsor, the state, and was in business in Fair Haven about 1840.

A friend of Norwich University, Northfield, has recently presented the institution with a chest for \$500 for the museum. This will enable the managing committee to make some valuable additions to this department.

Thomas Canedy of Readsboro, for shooting a doe during open season, was fined the full amount, \$100, and taken away. He denies the charge and has taken an appeal to the county court.

Miss Helen M. Bosworth of Bristol has taken the position of pastor's assistant of Washington Heights Baptist church of New York city, of which her brother, Rev. B. Bosworth, is pastor.

Mrs. Albert J. Sparrow, wife of the proprietor of the Montpelier House at Montpelier, died in Burlington Tuesday, where she has been at a sanitarium for several weeks. Her death was very unexpected.

C. R. Witherill & Sons of Corvallis made a large shipment of stock for South Africa from Middlebury last week. The lot comprised 60 head of Spanish and American Merino sheep and a number of cows.

At the annual meeting of the Home Market Club, Boston, Henry Fairbanks of St. Johnsbury was elected a vice president and A. B. Valentine of Bennington, a director. Jacob Gray Estey of Brattleboro was also elected on the board of directors to fill a vacancy.

Samuel S. Merrill of South Duxbury has sold his farm to western parties for \$6000 cash. The value of the farm has been considered \$2500 or \$3000. The extra price is paid on account of the prospect of a good asbestos deposit on the place.

Deputy Sheriff Ballou, town officer of Waioleski, recently went through the search on there and took out 11 children within the school age. The factory makes it a rule not to employ children under 16, and those who get in under that age represent that they are older than they are in reality.

Ira K. Batchelder died at Townshend, Nov. 16, at the age of 91 years. For 50 years he was a prominent farmer in Peru, and represented the town in the state legislature, both house and senate. In 1864 and 1865 he was county judge. For many years he was vice president of L. and N. Gray society.

An contract has been closed for the erection of a factory at Bennington where powdered milk will be manufactured. The building will probably be completed in about four weeks and if business warrants will be doubled in size in the spring. The process is entirely new but it is claimed milk will be retained in its pure form and kept any length of time without the use of sugar.

The August Christian church at Clarendon was packed to the doors last Wednesday evening when Rev. L. L. Chase was ordained and installed as pastor of the church. Rev. I. M. Blanchard, of Hoosick Falls, N. Y., preached the ordination sermon and prayer was offered by Rev. H. W. Hewitt of Rutland. Addresses were also made during the evening by Rev. F. W. K. Richardson of Bristol, Rev. A. E. Phelps of Sandy Hill, N. Y., and Rev. F. Briggs of Castleton.

The net receipts of the recent rummage sale at Bennington, for the benefit of the Y. M. C. A., were about \$150.

Frank H. Fisher, for three years cashier of the Howard National Bank in Burlington, and until recently book-keeper for the Burlington Grocery Company, died last week, aged 48 years.

A relic of great value has been placed in the museum at the Brattleboro Public Library. It is a brass wall brought from Mexico by Col. William Austin at the close of the Mexican war, and is upward of 150 years old. Col. Austin presented it to the Sons of Veterans several weeks ago, and that organization was induced to turn it over to the library.

Representatives of the Vermont Marble Co. at Proctor have offered to turn over a building which is being built near the public library, fully equipped, to a local Y. M. C. A., if such an organization is formed, and to make an annual contribution to the association sufficient to meet its principal running expenses. It is the purpose of the Vermont Marble Co. to secure the privileges of the building to its employes whether they join the association or not. The building will be completed this winter, and fully equipped as soon as possible.

Dr. W. Seward Webb is very enthusiastic over the success of his efforts to stock his woods at Shelburne Farm with English pheasants. The birds have multiplied rapidly, and there is now every reason to expect that they will be a permanent feature of the groves, not to mention adjacent woodland, to which some of the pheasants find their way. Doctor Webb and a small party including George Bird, L. C. Clark and Miss Frederika Webb, captured 110 pheasants in a period of three hours, recently, which is a noteworthy record in view of the fact that there had previously been enjoyed five other drives this season.

The Vermont Association of Life Underwriters held their annual meeting and banquet at Montpelier Tuesday evening. No new officers were elected but six new members were admitted. Before the banquet an informal reception was tendered in the parlors to Philip H. Farley of Columbus, Ohio, president of the National association, S. S. Ballard of Montpelier, president of the State association, and president at the banquet. Among the after dinner speakers were President Farley, Lieut.-Gov. Stanton, Secretary of State F. W. C. DeBoer, J. A. DeBoer, president of the National Life Underwriters of Boston, first vice-president of that institution, Speaker Merrill, J. F. Howard, W. H. S. Whitcomb of Burlington, Earl S. Kinsley of Rutland and H. J. Emerson of St. Johnsbury.

GENERAL NEWS.

George A. Henty Dead.

George A. Henty, the well known correspondent and author, died on board his yacht, at Weymouth, England, last week. He was born at Cambridge in 1832. In 1855 he was appointed special correspondent of The London Standard, and was through the Austro-Italian, Franco-German, and the Turco-Serbian wars, as well as the Abyssinian and Ashanti expeditions with Garibaldi in the Tyrol. Mr. Henty was the author of a number of novels, but was best known as the author of books for boys, having published over 70 such works, which have gained wide popularity.

Herr Krupp, the great gun-maker and the richest man in Germany, died suddenly at Villa Huegel, his estate at Essen, Saturday of apoplexy. He was the third head of the great iron works at Essen, where the works cover over 1000 acres and 20,000 men are employed.

A daughter was born to the King and Queen of Italy last Wednesday morning. She is the second daughter, the first, the Princess Yolande Margherita, having been born at Rome on June 1, 1901. Had a male child and heir to the throne been born he would have been christened Prince of Rome. The new princess will be named Matilde.

The Randall house, one of the popular hotels at North Conway, was burned to the ground early on Nov. 17, with its contents, causing a loss of \$15,000. Fire was caused from a furnace and only the barn was saved. Forty or 60 guests who were in the house barely escaped. The house was owned and managed by H. H. Randall. There was an insurance of \$5,200 on the property.

Cold weather has been prevalent in Europe. There has been a heavy snowstorm in central and southern France and a cold storm suddenly followed the summer-like weather on the River. Bitter winds and frosts have prevailed in Germany and Austria and in Switzerland there has been skating. German meteorologists prophesy the hardest winter for half a century.

Secretary of State and Mrs. Hay have issued invitations to the first cabinet dinner of the season, in honor of President and Mrs. Roosevelt, which will take place January 3.

Inmates of an institute for the blind at Sunderland, Eng., have struck after having duly communicated with the National league of the blind because the wages they received for making ship cord tenders have been reduced.

Aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the muscles also. Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather.

It has been a long time since we have been troubled with rheumatism. My father thinks he could not do without it. He has been troubled with rheumatism since he was a boy, and Hood's Sarsaparilla is the only medicine he can take that will enable him to take his place in the field." Miss Ada Dorey, Sidney, Iowa.

Hood's Sarsaparilla and Pills

Remove the cause of rheumatism—no outward application can. Take them.

STRAYED.

Came into my enclosure about July 1, a red and white yearling heifer. Owner can have same by proving property and paying charges.

HENRY RANNEY. West Concord, Nov. 7, 1902.

Christian Endeavor Prayer Meeting.

Topic for Sunday, Nov. 30, "Missions: A Meeting in the Interest of Foreign Missions." Isa. xlv. 12-23.

DAILY READINGS—"THE WORLD FOR CHRIST."

Nov. 24. Sent forth. Matt. v. 7-15. Nov. 25. Few against many. 2 Chron. xv. 9-15.

Nov. 26. Offerings that cost. 2 Sam. xlv. 18-25.

Nov. 27. God our captain. 2 Cor. xiii. 4-12. Nov. 28. The earth is God's. Ps. xxiv. 1-6. Nov. 29. Our sufficiency. 2 Cor. iii. 1-6. Nov. 30. Missions: A meeting in the interest of Foreign Missions. "The world for Christ." Isa. xlv. 12-23.

SCRIPTURE VERSES.

I John iii. 16; Matt. xviii. 33; Rom. x. 13, 14, 15; John xv. 16; Prov. xii. 25; Gal. vi. 9; John xv. 5; Luke xiii. 21, 29; Ps. lxxiii. 8; John xii. 32.

LESSON THOUGHTS. It was not intended that those to whom Christ made known his purpose of grace should preserve it as a profound secret. The command was and is, 'Go ye and teach.'

I wept forth no helping hand to the poor ones, and perishing matters not what pretence we use to try we may make, we are not true disciples of Christ.

The more we have of the missionary spirit the stronger do we become. "In watering others our own souls shall be watered."

SELECTIONS. "O, the joy to see thee reigning, Thee our own beloved Lord! Every tongue thy name confessing; Worship, honor, glory, blessing, Brought to thee with glad acclaim! Thee, our Master and our friend, Vindicated and enthroned, Unto earth's remotest end Glorified, adored, and owned."

At the end of the first thousand years after the birth of Christ there were fifty million Christians; in A. D. 1500, one hundred million Christians; in A. D. 1800, two hundred million Christians; in A. D. 1880, four hundred and fifteen million Christians. One cannot study these figures and remark upon the amazing increase not only in numbers, but in the ratio of increase, without being convinced that we are in the age of Christ's widening kingdom.

A half pint of beans was sent to a missionary meeting with the request that they be planted for three years and the result be given to the missions. It was done, and the net result was over four hundred dollars. How quickly and how easily the world would be won to Christ if every convert would become a convert!

If God's people would all set to work every day to pray with the whole heart "Thy kingdom come," and then would set to work to see that his will was done in their own lives, his kingdom would come thousands of years sooner.

SUGGESTED HYMNS.

Conquering now and still to conquer, Preach the gospel, sound it forth. Great Jehovah, mighty Lord, Speed away, speed away on your mission of light. The morning light is breaking, Work for the night is coming.

Defective teeth led to 2451 soldiers being invalided home from South Africa during the war.

THE FIRST STEP

Life of the child is an event in the mother's life. How proud she feels when the attempt to walk is begun so early as to evidence childish courage and sturdy strength. Such pride should be enjoyed by every mother. But it often happens that the child is timid, weak and deficient in vitality, and clings to the mother's arms with no desire to walk or play.

Mothers should learn that to have strong children they must themselves be strong, for the child's strength is the gift of the mother.

The use of Dr. Pierce's Favorite Prescription by expectant mothers gives them health and strength to give their children. It nourishes the nerves, strengthens the body and gives great muscular strength and elasticity, so that the baby's descent is practically painless.

"I have been using Dr. Pierce's Favorite Prescription, and can say it is just what you advertise it to be, and can cheerfully recommend it," writes Mrs. Victor J. Hain, of Leominster, Middlebury, Vt., who writes: "I began taking it just two months before baby came and was greatly benefited. The doctor who attended me said I did about as well as any one he had seen. (As I was sick only about three hours) and also that my 'Favorite Prescription' was 'the one patent medicine' which he did have faith in."

"We now have a darling baby boy, strong and healthy, who weighs nine pounds when born (July 28th). During this month he has gained three and one-half pounds."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

The People's Common Sense Medical Adviser, a book containing 1268 pages, is given away. Send 21 one-cent stamps for expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

Having rented the carriage shop of C. F. Boynton in Summerville, I am better prepared than ever for doing all kinds of

CARRIAGE, SIGN

ORNA-MENTAL PAINTING.

Furniture repaired, painted or enameled. I guarantee my work to be satisfactory or else will make it right.

All kinds of Carriage Repairing done at the old stand.

W. N. Randall.

HER UNCLE'S WISH

This Young Woman is Glad She Complied With It.

There is a woman in New Hampshire who can congratulate herself on complying with a request of her uncle. She is Mrs. Ella Chapin, of Claremont. Not long ago she contracted anemia and was in a miserable condition till, at the request of her uncle, she took Dr. Williams' Pink Pills for Pale People. What this wonderful remedy did for her is best told in her own words:

"From long and constant caring for my sick mother," she says "my system became all run-down and, in the fall of 1897, I realized that I was in a very poor state of health. I was nervous and my blood was thin and poor. I had dizzy spells and severe headaches, had no appetite and became so weak that I was unable to do anything. The slightest exertion made me short of breath and faint."

"This state of affairs continued for a year and I grew constantly weaker. My uncle heard of Dr. Williams' Pink Pills for Pale People at Springfield, and was so much interested that he procured a supply. I began taking them and in less than two weeks I could see a change for the better. I continued their use and in a short time was cured."

Mrs. Chapin suffered from anemia, a disease caused by an actual deficiency of the blood and a watery and depraved state of that fluid. It is characterized by a pallid complexion, pale lips, dull eyes, tongue and gums bloodless, shortness of breath upon slight exertion, especially upon going up stairs, palpitation of the heart, feeling of impending death, weakness, loss of appetite and ambition. If left to itself it is apt to result in decline and death.

The one remedy that has proved itself a specific for this disease is Dr. Williams' Pink Pills for Pale People. These pills, taken in increasing doses, will soon fail to effect a cure if used persistently for a reasonable length of time. They are also an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions and all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People may be obtained at all druggists, or direct from Dr. Williams' Medicine Company, Schenectady, N. Y., fifty cents per box; six boxes for two dollars and fifty cents.

Presentation of Account.

MARGARET MASTIN'S ESTATE. STATE OF VERMONT, Caledonia District ss. In Probate Court, held at the Probate Office in St. Johnsbury, in said district, on the 11th day of November, A. D. 1902, Simon M. Bartlett, Administrator with Will annexed, on the Estate of Margaret Mastin, late of Burke, in said district, deceased, presents his administration account for examination and allowance, and makes application for decree of distribution and partition of the estate of said deceased.

Whereupon, it is ordered by said court, that said account and said application be referred to a session thereof, to be held at the Probate Office in said St. Johnsbury, on the 1st day of December, A. D. 1902, and thereon, and decision thereon. And it is further ordered that notice hereof be given to all persons interested by publication of the same three weeks successively in the CALEDONIAN, a newspaper published at St. Johnsbury previous to said time appointed for hearing, and show cause if any they may have, why said account should not be allowed and such decree made.

By the Court, Attest, WALTER P. SMITH, Judge.

Commissioner's Notice.

WILLIAM W. GROUT'S ESTATE. The subscribers, having been appointed by the Honorable Probate Court for the district of Caledonia, commissioners to receive, examine, and adjust all claims and demands of all persons against the estate of William W. GROUT, late of Kirby in said district, deceased, and the term of said commission, the 11th day of October, 1902, being allowed by said court to the creditors of said deceased, to exhibit and prove their respective claims before us: Give notice that we will attend to the duties of our appointment at the Citizens Savings Bank and Trust Company in St. Johnsbury, in said district, on the 12th day of December, and the 13th day of March next, at 10 o'clock in the forenoon, on each of said days.

HORACE W. BAILEY, L. D. HAZEN, Commissioners.

Kirby, Vt., November 10, A. D. 1902.

Presentation of Account.

SARAH C. CURTIS' ESTATE. STATE OF VERMONT, Caledonia District, ss. In Probate Court, held at the probate office in St. Johnsbury, in said district, on the 7th day of July, A. D. 1902, Edwin S. Curtis, Executor of the last Will and Testament of Sarah C. Curtis, late of Sutton, in said district, deceased, presents his administration account for examination and allowance, and makes application for decree of distribution and partition of the estate of said deceased.

Whereupon, it is ordered by said court, that said account and said application be referred to a session thereof, to be held at the probate office in said St. Johnsbury, on the 26th day of July, A. D. 1902, for hearing and decision thereon, and it is further ordered that notice hereof be given to all persons interested by publication of the same three weeks successively in the CALEDONIAN, a newspaper published at St. Johnsbury, previous to said time appointed for hearing, and show cause, if any they may have, why said account should not be allowed and such decree made.

By the Court, Attest, WALTER P. SMITH, Judge.
