WEST DANVILLE. An Old Homestead. Mrs. Susan L. Badger has sold her farm and her interest in H. C. Badger's estate to the administrator, Stephen Morse. The 224 day of October, 1842, she took a deed of this farm, her name then being Susan Lee. Her industry and economy she worked and saved enough to pay for a home for her father and mother to live in. On the 18th of March, 1846, she was married to Charles W. Badger, who, with her, commenced their journey through life together on this same farm. They both worked hard and saving little by little added more acres to this farm until they owned nearly 300 acres. In the years that passed by four children were born to them, two daughters and two sons, all resting near the old home. For 55 years there was not a break in the family circle, but on the 20th of July, 1901, the father died, making the first break in the home and on the 17th of June, 1902, the oldest son died. This occasioned the breaking up of what had so many years been the home, but although it is no longer the possession of it, there will linger loving memories of that old home and home circle that only death can blot out.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

Her Life Might Have Been Saved

Two-thirds of the inmates of our hospitals are women. They are in most cases either for treatment or for an operation, made necessary by advanced stages of female troubles which have resulted in ovaritis, a tumor, or displacement of the womb.

"AN OPERATION NECESSARY."

How these words after the examination strike terror to a woman's soul, and with what regrets she hears them, when she considers that the operation has become necessary through her own neglect. Female derangements cannot cure themselves, and neglecting the warnings of nature only means putting it off until there is no cure.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion and nervous prostration; or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, and "want-to-be-left-alone" feelings, and the blues, they should remember that there is one tried and never-failing remedy; Lydia E. Pinkham's Compound at once removes such troubles.

READ THE FOLLOWING LETTERS.

"DEAR MRS. PINKHAM:—I cannot tell you how much good you have done me and how thankful I am to you for it. For five years I have not been free from pain for a day. I have had backaches, headaches, and those awful dragging sensations with leucorrhoea, and when menstruation appeared I was in such a condition I could hardly sit up. I doctored all the time, but nothing helped me, and I was told that an operation was necessary."

"Two months ago a friend suggested that I try Lydia E. Pinkham's Vegetable Compound. No one knows what it has done for me and how thankful I am for it. It brought me the first well days I have had for five years. It did for me what doctors could not do, and I want every suffering woman to know about it."—LOUISE NAUER, 751 E. 166th St., New York City.

"DEAR MRS. PINKHAM:—I wish to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I had terrible hemorrhages, being lacerated from the birth of my child. The doctor told me that if I would have an operation I would be well and strong. I submitted to it, but was worse than before; no one knows what I suffered. Finally a friend advised me to try your Vegetable Compound; I did so, and commenced to feel better; I continued its use, and it has done for me what doctors could not do. I am strong and well. If women with any kind of female troubles would only consult you before submitting to an operation they would be spared many hours of pain and suffering. I cannot thank you enough for what you have done for me."—ANNA KIRKHOFF, 150 E. 100th St., New York City.

\$5000.00 FOREFIT If we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness, Lydia E. Pinkham Medicine Co., Lynn, Mass.
