Death of Mrs. Creaser. Mrs. Osmond Creaser died suddenly at the home of her parents, in this place June 28, 1878, the third daughter of Curtis and Florinda (Lang) Dickinson, and has spent nearly all of her life in this place. January 1, 1903, she was married to Osmond Creaser, and he with their little son Clyde (one year old), her parents and three sisters survive her. During the past year she has been confined to the house and much of the time unable to be about, with that dread disease, consumption. During that time she had done for her all that the loving hearts of her family could think of. While her recovery was not looked for at any time the end came quite suddenly. She was of a sunny disposition, kindly disposed toward all, with no harsh word for any one. She was loved and named with praise by all who knew her. Funeral services were held at the chapel, Monday, June 25, at 11 a. m., Rev. J. K. Kilbourn officiating. Danderine GREW MISS LEWIS' HAIR AND WE CAN PROVE IT

The Great Danderine Never Fails to Produce the Desired Results

MISS Lewis' hair was very thin and it was less than two feet in length when she began using Danderine. She says her hair and scalp are now fairly teeming with new life and vigor. That's the main secret of this great remedy's success as a hair grower. It enlivens, invigorates and fairly electrifies the hair glands and tissues of the scalp, causing unusual and unheard-of activity on the part of these two most important organs, resulting in a strenuous and continuous growth of the hair.

The following is a reproduction of Miss Lewis' last letter:

Dear Doctor Knowlton:— January 3, 1905. You know I told you in my first letter that my hair would not reach much below my shoulders, and that all of it together only made one tiny braid. I am sending you my photograph, which I had taken at Stevens Bros. It tells the whole story better than I can tell it. Everybody I know is using Danderine, so you see I am doing something to show my appreciation. Sincerely yours, (Miss) EVA LEWIS.

Danderine makes the scalp healthy and fertile and keeps it so. It is the greatest scalp fertilizer and therefore the greatest hair-producing remedy the world has ever known. It is a natural food and a wholesome medicine for both the hair and scalp. Even a 25c bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

NOW at all druggists in three sizes. 25 cents, 50 cents and \$1. per bottle. To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.
