Educational Meeting.

The teachers' institute held at the town hall, Wednesday, was one of the best ever held here, and was very helpful to the many teachers in attendance. At the morning session a teachers' conference was conducted by State Supt. Mason S. Stone, which was very interesting and helpful, with its exchange of ideas. At the afternoon session recitations were given by several pupils of the village school, who also sang two numbers. There was an address to the children by Mason S. Stone, which was greatly enjoyed. Frank L. Greene gave an address on "The Responsibility of the Public to the School," which was appreciated by all present. Mrs. Alida Enright, county examiner, gave a very interesting report of the convention at Burlington. At the evening session the hall was filled with an appreciative audience. Hon. John Walbridge introduced the speaker, Harvey Burbank of Danville gave a very good idea of the work he is doing as supervisor of the schools in the towns of Walden, Danville, Barnet and Waterford. Mason S. Stone spoke very briefly on the superficial education of today compared with that of our fathers. Frank L. Greene of St. Albans and Hon. Frank Plumley of Northfield spoke on the theme, "The New Vermont," and were most enthusiastically received and applauded. They spoke at length of the future prosperity of the state, and felt confident that the outlook was brighter than ever before for keeping our young men and women within the state. They spoke of their loyalty to the state and the pride they felt as Vermonters. This session closed a day that was very profitable, not only to the teachers, but all who attended. It is an inspiration to hear an orator like Hon. Frank Plumley, and it would be an uplift to the community if these educational meetings might be held oftener.
