Car Took Extended Trip. F. W. Stuyvan, general superintendent of the Montpelier & Wells River Railroad Co., has after three years and three months landed in the Montpelier yard in a car owned by the company. The car was loaded at Montpelier and shipped to Cincinnati, Ohio, with granite. From there it has been traveling all the time and even more. The car has been in Canada, every state in the Union, and Mexico. In this time the office help of the company has been tracing it all the time. They would no more than get it located on one road than they would learn that it had been shipped to another road with a carload of provisions or some other commodity and it was not until Tuesday that the company was finally able to get it back to its shop where repairs will be made. The company had another car which was loaded with a shipment for Pittsburg, Pa., three years and two months ago and is still tracing it.

Springfield to Benefit. Springfield has been left the major part of the estate of Dr. Francis F. Parker, who died recently in Chicopee, Mass., where he had lived about 40 years. It is probable that the whole estate will be the vicinity of \$40,000. The residue after the relatives have received about \$10,000 will be to be invested and managed five years by the executors of the will and will be in trust for the town of Springfield, where Dr. Parker was born and went to school, until 15 years have elapsed since his death. The money will then be available for the benefit of poor children and women residents of the town but not town paupers, and for poor children with deformed feet and legs who can be cured or relieved by operation or careful treatment or both. A home for the poor and unfortunate of these classes may be built if the town so desires. The will explicitly asks that special care be taken that no unworthy person benefit by the will. The fund will probably be double probably before it is available for the town. The society for the prevention of cruelty to animals is \$25.00 for general work.

Masonic Swindle at St. Albans. There were in St. Albans last week two men who advertised that for a compensation they would confer upon candidates what the candidates were made to believe was the degree of Masonry that would entitle them to affiliate with the local lodge. They have it said, a circular explaining the purpose and "rites" which they confer. On account of this, Lee S. Tilton, grand master of the Masonic fraternity in Vermont, has issued a letter which concludes as follows: "So far as I am able to ascertain George A. Taber and his assistants are simply an association, or the representatives of an association, making a business of conferring their so-called degrees for pecuniary gain. They claim to be incorporated under the laws of Massachusetts, but that does not alter their relation to the Grand Lodge of Free and Accepted Masons of Vermont. In short they are what we term 'impostors'."

Sanatorium Addition. Work has been begun on a new building on the grounds of the Vermont sanatorium. It will be used as a women's dispensary for the right patients. It will be six stories high and open on one side, with a central sitting room, with open air sleeping apartments along the side. There will be heated dressing rooms, lockers and other fixtures at the rear. The building will be used only by the strongest patients, those who have been longest under treatment at the sanatorium. As the institution has had its full quota of patients for several months and there is a long waiting list of many more women than men, it was decided that by erecting the new structure the demand could be more quickly met.

The Norwich University Library has moved into its new quarters in Carnegie Hall, occupying the main and second floors. On the first floor is the librarian's office, with a cataloguing room, the reading room and the book stacks. The second floor is occupied by the engineering library and reading room, and the third floor, containing the library of religious philosophy, and archaeology, of the late Orlando Dana Miller, N. U. 1842, and the Scott collection of German books. The entire library is free to the public as well as to the faculty and students of the university.

The day at Morrisville was a great success. Nearly \$250 was received to maintain a fund for a hospital.

Henry B. Kinsman, of Norwich, and Miss Charlotte Burton, of Upper Alton, were married October 29. The wedding was made by

Crawford Cooking-Ranges Our New Range a Winner! The new range that we introduced last year has won all hearts. The old End Hearth is gone—there is more room on top—the ashes fall into a Hod far below the fire, making their removal easy and the grate to last longer. The Ash Pan when emptied is returned full of coal. Three sizes, "Palace," "Castle," "Fortress." All the famous Crawford features are present: Single Damper, Patented Grate, Cup-Joint Oven Flues, Asbestos Backed Oven, Improved Oven Indicator. Booklet free. Made by Walker & Pratt Mfg. mother, Mrs. Joseph Burton, who is 85 years old. Mrs. Burton bought the goods and made every stitch of the gown with her own fingers. The Dog River Valley Fair Association has elected George N. Tilden of Barre, president. The other officers are: Vice president, John Unthank of Brookfield; secretary, Dr. J. H. Winch of Northfield; treasurer, H. C. Cady of Northfield. Rev. Henry A. Parkhurst of Penny Cove, Mass., has accepted a call to the pastorate of the Universalist church at Bethel and will begin his duties December 1. The Bethel pastorate has been vacant since August 15, 1907. There were four mild cases of diphtheria in Richford last week and as a precaution measure the schools were closed several days to allow of fumigating the rooms.

A Wedding Anniversary. In response to an invitation from C. L. McCrillis, Green Mountain Grange No. 1 of St. Johnsbury Center held their regular meeting Saturday evening at Fairbanks Boarding House. About 60 of its members were in attendance, also visiting members from Wide Awake Grange No. 66, and North Danville Grange No. 358. A few invited friends came in later in the evening. It was the 20th anniversary of the marriage of Mr. and Mrs. McCrillis and the affair which took the form of an informal reception was a complete surprise to Mrs. McCrillis. George Wheeler on behalf of Mr. and Mrs. A. F. Lawrence, Mrs. McCrillis' father and mother, presented them with a large willow rocker, and as Master of Green Mountain Grange on behalf of its members he presented Mr. and Mrs. McCrillis each with a nice rocker, a center table, and handsome vase, to which both feelingly responded.

There was a short literary program followed by refreshments in the spacious dining room, where 120 covers were laid, after which dancing was indulged in until near midnight, when the company after spending a very pleasant evening left for their homes wishing Mr. and Mrs. McCrillis many happy returns of the day.

New Mail Cars. In compliance with the government requests, the Boston and Maine railroad has recently placed in service on the night mail train between Newport and Springfield, Mass., two new mail cars, each 60 feet in length, or 20 feet longer than the cars formerly in use on this run. This extra space is made necessary by the constant increase of mail. The new cars have a reinforced steel frame, steel ends, wood sheathing and six-wheeled trucks of the Pullman type. The lighting system is what is known as the inverted mantle gas lamp, nine groups of four lights each being used in each car; temporarily however, oil lights are being used until such time as gas can be supplied at the requisite pressure at one of the terminals.

The original Topsy of the popular melo-drama, "Uncle Tom's Cabin," has recently died at her home in Cambridge, Mass., in her 79th year. Her maiden name was Caroline E. Fox, and her husband was George C. Howard. Mrs. Howard's daughter was the original Eva and her husband was the first St. Clair. This recalls the fact that the original Uncle Tom of this famous production, Daniel Worcester, is now living quietly in Roxbury, this state.

Close of W. C. T. U. Convention. At the close of the 35th annual convention of the national W. C. T. U. in Denver last week it was announced that a gain of 20,000 had been made in membership during the year. The convention adopted with practical unanimity, a resolution commending the efforts of the churches to defeat the reelection of Joseph E. Cannon as a member of Congress. The resolution, which was introduced by Mrs. Mary E. Kuhl, president of the Illinois W. C. T. U., follows: "Resolved, that we, the women of the W. C. T. U., in convention assembled, do hereby express a most hearty commendation of the action taken by the Methodist Episcopal church and the several churches in their brave efforts to defeat the reelection of Speaker Cannon to our national Congress, because of his personal opposition to the many reform measures which have been proposed by intelligent bodies."

Shied a Rock at Foster. A Washington dispatch says that while Congressman Foster of Vermont was making an open-air campaign speech in a West Virginia town last week someone shied a rock at him, narrowly missing him. Mr. Foster promptly went down into the crowd and said: "While I am over 600 miles from home, I have never been driven from any town by a band of marauders and cut-throats, and I do not propose to be. If those men who have disturbed this meeting tonight will come forward I will be glad to discuss this matter at closer range." The gang, however, had promptly disappeared. Both democrats and republicans assured Mr. Foster of their regret for the occurrence and promised to punish the offenders if caught.

Thousands of people have been drowned by a great flood in India, some placing the loss as high as 50,000 lives. Doubles the Number of Eggs. To be successful with poultry requires a great deal more careful attention than many are apt to think. The house should be large and warm. The fowls should have plenty of exercise, but, more than that, the fowls should be given as food what their nature demands and what, if allowed free range, they could procure for themselves. "Page's Perfected Poultry Food" contains these ingredients in a carefully compounded ratio. A. A. Olmsted of South Newbury, Vt., has the following to say in regard to this food: "We have been for some time using your 'Perfected Poultry Food' with such good results that we thought it a proper thing to tell you. It keeps our hens well and in good laying condition and, we think, doubles the number of eggs. Being in a good condition, lice do not trouble."

If you want to know more about this food and the best ways of using it, write to C. S. Page, Hyde Park, Vt., for his booklet, "Profitable Poultry." It will be sent free, postpaid, to anyone mentioning this paper.

10 Cents to Stop That Itch. How Easy to Get Relief—Instant Relief—from Skin Diseases. Is it worth 10 cents to you to stop that awful, awful itching? If you are afflicted with skin disease, the kind that seems to baffle medical treatment, and leaves you with that itch, we hope you will not fail to investigate a prescription which is now recommended by many of the best skin specialists, even in preference to their own prescriptions. It is the simple soothing oil of wintergreen compound known as D. D. D. Prescription. A 10 cent trial bottle must convince you that the itch is instantly allayed by this prescription. Get a liberal trial bottle of the healing, soothing, external remedy—D. D. D. Prescription—and see! We feel quite sure that before long you will be cured, and at any rate we know—KNOW POSITIVELY—that your itch will be allayed instantly, the minute that soothing liquid is applied to the skin. C. C. Hingham, St. Johnsbury, Vt. O. B. Cutting & Son, Concord, Vt. Write direct to D. D. D. Co., 112 Michigan St., Chicago, enclosing 10 cents for the trial bottle.
