THE MEXICAN SITUATION.
Miss Ruby Stone Gives Her Impressions
After Visiting That
Country.
Miss Ruby Stone, daughter
of Mr. and Mrs. Edward J. Stone,
of West Somerville, Mass., director of
physical culture at the El Paso
(Texas) school for girls the past
two years, while visiting her parents
recently gave an interview to a
local paper on the Mexican situation.

Relative to Mexico, prevailing
conditions and Mexican opinion of
the United States, she says, in part:
'To talk about the trouble in
Mexico is a difficult thing to do, be-
cause the problems and conditions
are so different from those of
that large country. To the average
Northern Mexican is a small tract
of land south of the United States
somewhere, and a country filled with
uncivilized natives and a few foreig-
ners. But Mexico is in reality a rich,
beautiful land, having many beau-
tiful cities, and many very finely
educated people of its own aside from
the many foreigners. The conditions
that prevail in many parts of Mexico
may be far different than in the
Northern part near the city of El
Paso, but here the question is be-
coming more serious every day. The
feeling among the people of the
Southwest is very strong for interven-
tion on the part of the United States,
and much criticism is hurled at Presi-
dent Wilson and the United States
government because of the way the
situation is being handled. It does
seem as if the United States govern-
ment cannot realize the truth of af-
fairs and yet allow it to continue.
However, I do not know enough about
political affairs to judge so can only
tell of what I have seen and what
people there say.

We had one of the worst cold
waves of the season the past week,
the thermometer registering from 28
to 50 degrees below zero at different
parts of the town Thursday morning
and remained through the day from
10 to 20 below. Saturday we had the
heaviest snow storm of the winter,
something over a foot of heavy snow
falling and drifting badly.
The Ladies Home Circle met with
Mrs. Achenback, Saturday for dinner.
Fred Goodrich is on the sick list.
Harold Simpson went to Morrisville
last week to have some teeth ex-
tracted.
Mrs. Loren Hartson returned from
the Mary Fletcher Hospital, Monday
after a three weeks' sojourn there
and her many friends are glad to wel-
come her home again in so much im-
proved health.
Mrs. Laura Hartson went to Bur-
lington, Saturday and returned home
Monday with her mother.
Mrs. J. D. Willey returned from
Hartford, Conn., Friday after a four
weeks' visiting trip.
The concert given Friday evening
by Dan's orchestra of Hardwick was
enjoyed by a good sized audience.
About 60 couple attended the dance
at Town hall after the concert.

SUTTON
Stephen Taft Suffers Broken Wrist
—Severe Blizzard and Cold.
Stephen Taft met with a serious
accident Thursday morning while go-
ing from his house to his barn. He
fell and broke his wrist badly. The
doctor was called and he is reported
to be doing as well as could be ex-
pected for a person of his age, being
more than 80 years old.
Saturday and Sunday night were
wild times here. It snowed all day
until it grew too cold to snow and in
the afternoon the wind began to
blow and continued all night piling
the snow into huge drifts everywhere.
It was not impossible to stir Sun-
day morning and it will take time
and money to make the roads pass-
able in this town.
Arthur Curtis from the North
Ridge got to the village with his
team Sunday morning and went
around and carried a few to church,
so that there was a social service
held, 14 being present. There was
no evening service held, it being so
bad it was not thought best to at-
tempt to hold one.
It was the coldest of the winter
here last Thursday and Friday the
thermometer going as low as 34 de-
grees below zero and there was a cold
cutting wind so that it was very un-
comfortable to be out and teams were
kept in the barns through the day.
E. M. Philfield went to the hos-
pital at Hanover, N. H., for an opera-
tion on gall stones. The operation
was performed Thursday and at last
accounts he was reported comfort-
able.
Mrs. O. E. Bundy at the station is
somewhat better and is able to be
around in her home.
Mrs. Mahala Hodge is working for
Mrs. J. P. Buzzell, Mrs. Buzzell be-
ing in poor health.
The village school closed the win-
ter term Friday and the teacher Mrs.
Ethel Nye returned to her home at
West Charleston. The school gave
an entertainment Thursday evening
which was fairly well attended.
Mr. and Mrs. E. E. Grant have
come to town and are to store their
household goods and stop at O. T.
Curtis's until they have possession of
the farm they purchased in the spring
it being the farm of John P. Buzzell
on the North Ridge.
Wesley Curtis who is attending the
School of Agriculture at Lyndon Cen-
ter was at his home to spend his 19th
birthday February 8.
There was no Grange meeting
held last Saturday evening on ac-
count of the weather.
Many are having trouble with
their water pipes freezing this ter-
ribly cold weather.
The Grange are to have a social at
their hall and a box supper Thursday
evening the 19th.
A special Grange meeting is called
by the master for next Saturday
night to take the place of the regular
meeting that have been held last Sat-
urday night.

PASSUMPSIC.

Fire Insurance Rates!
will be reduced when the fire waste is
lessened. The people claim that the
fire tax is too high. It is too high,
everybody knows that it is too high,
for the fact is axiomatic. The tax in the
United States is \$3.13 per capita, which
means that every man with a wife and
three children contributes \$15.60 per
annum to the waste-pile, equal to the
average annual sum paid for taxes on
a small cottage home.

There is an old
story about seven
wise men. The
modern wise man
is the one who
always uses Beaver
Board because it
proves good.
Consider the natural advantages
of Beaver Board overlath and plaster
for building construction during
the wintertime. They offer the
key to the situation. Work other-
wise deferred until Spring can be
carried through or finished in the
wintertime if Beaver Board is used.
Unlike plaster, weather conditions
have no effect, there need be no
fear of unsatisfactory results.
Contractors, carpenters and decora-
tors consider winter time their
dull season. Beaver Board create
new work for them that they other-
wise would miss. Its possibilities
in this way they would be glad to
know about. So would the farmer
who is sure to do some remodeling
to his house now that he has time.
Beaver Board especially appeals to
him as he can do the work himself.

The New
Wall and Ceiling
Material
BEAVER BOARD
It takes the place of lath,
plaster and wall-paper in
every type of building, new
or remodeled.
It builds a new room in-
side the old one; turns cellar
or attic into comfortable
rooms in an incredibly short
time; makes old outbuildings
serviceable, etc.
It costs less than lath and
plaster, looks better and lasts
longer.
Made entirely of selected
woods, reduced to fibrous
form and pressed into panels
of many convenient sizes,
with beautiful pebbled sur-
face.
Adapted to durable and
handsome decoration in tint-
ing, stencil work, hand-paint-
ing, etc.
Quickly and easily put up
—full instructions in every
bundle.
