

CARBONOL
For The Sick Room
Clothing and utensils used in the sick room should be washed in water containing a little Carbonol.
Carbonol kills germs, destroys odors, is antiseptic, disinfectant, and not harmful.
It also removes grease, drives away insects—makes a home healthier and more sanitary.
Many other uses.

The Famous Canadian Jubilee Singers Coming
Desiring to add to the really meritorious entertaining attractions visiting St. Johnsbury, Rev. E. E. Phillips has secured a date from this "Leading colored concert company of America," and they will be here June 10th, 1914. This company made a five years tour of Great Britain, the entire company being summoned to appear before Queen Victoria; and they have enjoyed 25 years of appreciation and patronage throughout the United States and Canada.

THOSE neat sparkling roofs with their crushed mineral shining in the sun—you see them all over the country—they are Amatite roofs.
The fact that Amatite needs no painting means a great saving to those who use it.
It is also a great convenience not to have to paint roofs.
Many buyers have adopted the policy of using nothing but Amatite owing to this economy and satisfaction.
A booklet about Amatite will be sent free on request.
