

A Real "Big Stick"

The paint-brush is a real, sturdy, stout "big stick." Rot and ruin scamper from the districts where it works.

The "big stick" with paint-filled bristles on the end is a mighty good thing to keep busy—good for individual house-owners and for the community-at-large. Besides keeping houses from looking shabby and weather-wan, it boosts property values and holds down repair bills. There is no paint better than

Dutch Boy Atlantic White Lead

to help the real "big stick" make good in its good work.

Would you like to make a simple test which will help make you paint-wise? We will send you materials and directions for such a test, together with booklet of practical suggestions and color schemes. Ask for "Painting Aids N."

RYEGATE

Members of Green Mountain Club Made a Trip to Mount Mansfield—Locals.
(Mrs. C. A. McKirahan, correspondent.)

About seven o'clock on Tuesday morning of last week 21 members of the Ryegate section of the Green Mountain Club left Ryegate in five automobiles for their annual mountain trip. Mount Mansfield was the objective point this year. The route lay through South Ryegate and Groton and included a stop at one of the large granite quarries at Barre. From here the course led through Barre, Montpelier, Waterbury and Stowe, noon finding the party at a farm at the base of the mountain. A picnic lunch was eaten in an apple orchard; the surroundings and morning ride greatly increasing any sickly appetite that might be included. About two o'clock the five mile climb up the carriage road was begun and at four o'clock the van arrived at the top. The rest of the day was spent in sight-seeing and as the air was clear the views of the White Mountains on the east, the Green Mountains on the south and Lake Champlain and the Adirondacks on the west were well worth the effort. The sunset was especially appreciated as it was most beautiful. Night was spent at the hotel, and the

sunrise was witnessed by the strong-willed of the party. After breakfast a trip was taken towards the northern end, over the upper and lower lips to the chin. From this point, a fine view of the lake of the clouds, Smuggler's Notch, and the country towards the islands in Lake Champlain was obtained. Twelve o'clock found all back at the hotel, greatly strengthened by the eatables that had been "packed" up the day before and ready for the trip over the Long Trail to Barnes' camp. Here luggage was left while everybody walked the two miles to the caves and interesting places in Smuggler's Notch. In the meantime two of the machines had arrived, into which the packs were piled and all set out for the farm where the rest of the machines and supplies were. About five o'clock everybody and everything was in readiness for the return home. The route lay through the beautiful country between Stowe and Morrisville, thence to Walden, Danville and Peacham. The first machine to arrive home came about nine o'clock, the others following as soon as a blow-out and other modern inconveniences would permit. The trip was proclaimed the best yet. The distance traveled by automobile was about 120 miles, by foot about 20 miles. The Sunday school of the United

Presbyterian church picnicked at Ticklenaked pond on Friday. The usual good dinner and good time was enjoyed by all. A number from East Ryegate accepted the invitation from the superintendent, James Nelson, of the Ryegate Sunday school, and were present to enjoy the day in the woods and on the lake.

MANY COMPLAINTS HEARD
This summer seems to have produced an unusual amount of sickness. Many complain of headache, lame back, rheumatism, biliousness and of being "always tired." Aches, pains and all caused by the kidneys failing to do their work and throw the poisonous waste from the system yield quickly to Foley Kidney Pills. They help elimination, give sound sleep and make you feel well and strong. They are tonic in action. C. C. Bingham.

Barry Gilchrist and Lena Leslie Married in Methodist Church—Minor Events of the Week.

(Mrs. C. W. Bartlett, correspondent.) On Monday evening at seven o'clock at the Methodist church Lena Leslie and Barry Gilchrist were united in marriage by Rev. Mr. Sharples in the presence of a number of relatives and friends. The single ring service was used. The bride's gown was of white voile with shadow lace trimmings and she wore a veil and carried a shower bouquet of white sweet peas and white asters. A sister of the bride, Miss Rose Leslie, was the bridesmaid and she was dressed in white with pink sash and carried pink sweet peas. A brother, Joseph Leslie, acted as best man. Following the ceremony a reception was given to the bride and groom, and refreshments of ice cream and cake were served. The vestry where the ceremony took place was prettily decorated with ferns, evergreen, golden glow and golden rod. Mr. and Mrs. Gilchrist received several useful gifts which included silver, glass and linen. They left that evening on the train for a short wedding trip.
