Children Cry FOR FLETCHER'S CASTORIA

USED IT ELEVEN YEARS. There is one remedy that for many years has given relief from coughs, colds, croup and whooping cough. It is probably the best known family cough medicine in the world and because it contains no opiates is strongly recommended for children as well as adults. Mrs. Chas. Rietz, Allen Mills, Pa., writes: "I have used Foley's Honey and Tar for eleven years and I would not be without it." It promptly relieves hoarseness, tickling throat, bronchial coughs, inflamed and congested membranes and permits refreshing sleep.—CHAS. A. SEARLES & CO.

Crawford Ranges

Good News for Housewives are now equipped with convenient Gas End Ovens of the new, improved Drop-broiler type—with center-heat burners. Unlike some so-called "combination" ranges, the Crawford has two separate and distinct ovens: one for gas and one for coal—both perfect. The Crawford Gas Oven is larger and better than most ovens. It is fitted with the only safety lighter approved by the American Museum of Safety. Good cooking, always a habit with all Crawford, is now made doubly easy, convenient and pleasurable. Folded beneath the oven (out of the way when not in use) is the new, ingenious Drop-broiler. This convenient feature is a great aid to better cooking because it permits instantaneous adjustment of distance between flame and food—without touching the pan—without bending over. Other important features are the five center-fire top burners of a new type. (most ranges have only three), concealed pipes, sanitary top grates and guarded cocks. Then there is the famous Single Damper that regulates fire and cool with a single move of an always-cool knob. When you go to your Crawford Range and investigate these and the many other distinctive Crawford specialties—you will realize why there's no range like the Crawford in its world. For Sale by C. A.
