HUSBAND SHOTS WIFE

St. Albans Bay Woman in Critical Condition—Two Bullet Wounds in Neck—Couple Had Separated.

(Special to The Caledonian.) St. Albans, Oct. 10.—Mrs. Fred Russell of St. Albans Bay, 22 years old, is in the hospital here in a critical condition from two bullet wounds in the neck.

The shooting occurred shortly before 12 o'clock this morning, at the home of Mr. and Mrs. Ernest Baridore of Russell street, where Mrs. Russell had spent the night.

Mrs. Russell had not lived with her husband since about two months ago, when he gave up his work and began drinking heavily.

It is said Russell went to the home of Ernest Baridore, where he found his wife in the living room. It is said he fired the two shots which took effect, without saying a word.

He then went to the home of Paul Douyeau, at the Bay, where he told his wife's sister, Mrs. Frank Trombley what he had done.

The police arrested him there a little later. One of the bullets that lodged in Mrs. Russell's neck was removed, but the other it was impossible to locate.

A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that Royal Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin.

It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in Royal Baking Powder
