HARD WORK FOR WOMEN.

It is a question if women doing men's work deserve particular sympathy, for it is doubtful if there is any work that is harder or more trying than housework. Overwork tells on the kidneys, and when the kidneys are affected, one looks and feels older than the actual years. Mrs. A. G. Wells, R. R. 5, Rocky Mount, N. C., writes: "I cannot praise Foley-Kidney Pills enough for the wonderful benefit I have derived from their use for a short while."—CHAS. A. SEARLES & CO.

A New Standard Far in the Lead

The Cole Eight is motor car efficiency itself. For gas, oil and tire economy, for power, for tremendous flexibility in "high," for absence of vibration, for quick pick-up, for smooth action, for silence, the Cole Eight has established entirely new standards.

All of our efforts are concentrated on this one chassis. Every ounce of our energy has been exerted to make the Cole Eight a pronounced value among American Motor Cars.

And how well we have succeeded is indicated by a demand for the car—a demand that has made necessary comprehensive enlargement of our plant—the employing of hundreds of additional men—the installing of quantities of new machinery—an increase of 200 per cent. in our originally calculated production for the year.

And on the Cole Eight chassis you may have an almost unlimited choice of bodies. May we show them to you? May we demonstrate the Cole Eight?
