Woodstock, Sept. 17 1844

THE CONSTITUTION,

THE "vis vitæ" of our wonderful bodies, constantly requires an alternative, or regenerating influence, to create and retain a healthy existence. Air, light, and some other elements are brought to this requisition, and for a time prove sufficient to the requirements of the system. But when from imprudence and a violation of the laws of the animal economy, morbid humors arise, acrid and vitiatin or juices are collected, the system requires assistance from some other source, or it sinks in disease, decay, and death. How wonderful and salutary at this period, are the effects of an appropriate alternative medicine, taken in season! Thousands have been saved from death, and millions from sufferings indescribable, and again restored to health, by the timely use of PHELPS' TOMATO PILLS, which are so efficacious and potent, in cleansing the stomach and bowels, purifying the blood, and renovating the glandular system by altering the secretions of the liver, and other glands, and carrying off the morbid juices and humors;—that at the South they have acquired the name of "Fever bane," because they invariably prevent or break up bilious, remittent, yellow, intermittent and ling fevers.

Five years extensive use, have proven them the best and only sure and safe remedy for all the humorous chronic diseases, where the system requires something that will operate on the Blood, Liver, and various systems of vessels, giving them a healthy action, at the same time expel the morbid and poisonous juices and humors, which it separates from them.

In this class of diseases, are Rheumatism, Dispepsia, Dropsy, Liver Complaints, Bilious Stomach, Scrofula, Gravel, Worms, Tumors, and eruptions of the skin of various kinds, permanent weakness about the loins and limbs, King's Evil, constitutional or hereditary feebleness of the whole or part of the system, &c.

Thousands of cases of the above diseases have been cured by the Tomato Pills, and thousands of deaths would have been prevented had these Pills been used, instead of some irresponsible, boastful quack pill, a remedy, of which the country is flooded. There is no mystery or charlatanism about this universal remedy.

They are prepared of valuable vegetable remedies, which are known to be both safe and effectual, and are used very extensively by Physicians in their private practice, because, as hundreds have said, they are the most pleasant, effectual and safe medicine we have ever used.

The above Pills are for sale by agents in all country towns. Agents are cautioned not to buy of peddlers—"One word to the wise is sufficient."

WRIGHT'S
INDIAN VEGETABLE PILLS,
—OR—
Indian Purgative.

THOUGH many medicines have been before the public a much longer period than WRIGHT'S INDIAN VEGETABLE PILLS, yet none stands now in higher repute, or has more rapidly attained a firm hold upon popular estimation. The thousands that have used them throughout the length and breadth of the Republic, all bear cheerful testimony to their thorough efficacy and mild operation when employed in the most distressing disorders "which flesh is heir to."

THE MEDICINE.

The theory of disease on which *Wright's Indian Vegetable Pills are founded is this, viz: that there is only one primary cause of all the disorders that afflict the human family*, and that is corrupt humors; or, in other words—Impurity of blood. This principle is now so generally admitted, that it may in fact be said to be sustained by an universality of opinion, the few dissenters constituting but a very feeble minority. It is useless, therefore to discuss the soundness of this theory in this place and connection.

The one disease principle being admitted, the mode of attack professed by all practitioners becomes the same—namely, purgation. But many of the so called specifics now before the public, produce only one form of purgation; they are either Sedorific, Cathartic, Diuretic or Expectorant. Wright's Indian Vegetable Pills combine all these properties, and are calculated to attack the elements of disease at all points, and by a harmonious and combined operation to expel it radically from the system. Their effect is almost magical, and is no less astonishing for its mildness than its efficacy. Both sexes and all ages may employ them, according to the directions, without fear, for while they are certain to cure all diseases that are remediable, they never inflict any injury upon the system.

These Pills as we before remarked, operate by purgation—by thoroughly cleansing the entire system from all impurities, and making the invalid in the honest but expressive phrase, "a new man;" whether the disease is incipient consumption, which insidiously attacks the lungs, producing that dry hacking cough so painful to the friendly ear or cutaneous, showing itself upon the skin in eruptions or blotches, whether the Kidneys or the bowels be the affection, Wright's Indian Vegetable Pills are equally efficacious in warding off danger. Their expectorant, cathartic, sudorific and diuretic qualities enable them to take hold of each form of disease.

The perfect safety of the medicine is another all important quality, and one which has contributed more than any thing else to its extension and popularity.

In a word this medicine commends itself strongly to the to the patronage of the public, and its use bids fair to become before long, almost universal.

CAUTION.

The citizens of New England are respectfully informed that in consequence of the great popularity which Wright's Indian Vegetable Pills have earned by their astonishing goodness, a gang of counterfeiters are now industriously engaged in painning on the unsuspecting, a valueless and perhaps dangerous medicine, under the name of Indian Vegetable Pills.

This is to inform the public that the genuine medicine has on the Boxes,

"WRIGHT'S INDIAN VEGETABLE PILLS, (INDIAN PURGATIVE) OF THE NORTH AMERICAN COLLEGE OF HEALTH."

And also around the border of the label will be found in small type.

"Entered according to Act of Congress, in the year 1840 by William Wright, in the Clerk's Office, of the District Court of the Eastern District of Pennsylvania.

The public will also remember that all who sell the genuine Indian Vegetable Pills are provided with a certificate of agency signed by

WILLIAM WRIGHT, VICE PRESIDENT,
OF THE NORTH AMERICAN COLLEGE OF HEALTH,

and that peddlers are never in any case allowed to sell the genuine medicine. All travelling Agents will be provided with a certificate of Agency as above described, and those who cannot show one will be known as base impostors.

The following highly respectable persons have been appointed agents for the sale of the above named

WRIGHT'S INDIAN VEGETABLE PILLS.
OF THE NORTH AMERICAN COLLEGE OF HEALTH.

DALLEY'S
MAGICAL PAIN EXTRACTOR.
THE WONDER AND BLESSING OF THE AGE.

HUNDREDS of thousands of people have proved it and all confess it an entire master of pain, swelling, sore pile, sore eye, and of every inflamable affection. Five minutes will convince any one that pain by burns and scalds are indeed trivial. (See pamphlets.) It is our duty to tell all men this salve is a blessing, is capable of saving all pain and even life when every other remedy known and the faculty is useless. Every family will use it. Wicked, low wretches are counterfeiting it, and by their trash much life will be lost and suffering endured.—With Dead-like silhouettes they pretend it to be genuine. If H. Dalley is not written on each box, no Magical Pain Extractor is genuine; avoid it as poison, useless and dangerous.

The following persons are agents for the sale of the genuine article in Vermont.

S. J. Allen, Woodstock; Potter and Parker, Pownal; M. E. & S. S. Scott, Bennington; S. P. Peck, East Pennington in Bennington County; T. Childs & O. Smith, Wilmington; Perry & Dexter, Dover; Nath'l Chenes, Jr. Townshend; David F. Cushing, Cambridgeport, Windham County; Joseph Hadley of So. Chester; Sherwin & Richardson, Chester; A. J. THOMPSONIAN MEDICINES.

THE entire stock of Thompsonian Medicines formerly kept by Nathaniel Randall, have recently been transferred to the subscriber—consisting of the following compounds:

Composition powders—Elixir or Hot Drops—Dysentary Syrup—(an admirable preparation for the prevention and cure of the SUMMER COMPLAINT)—Vegetable Jelly—Cough Balsam—Cough Syrup—Volatile Liniment—Stimulating Liniment—Meadow Fern Ointment (a superior remedy for the poison of Ivy and dogwood and all cutaneous eruptions)—Healing Salve—Spiced Bitters—Female Restorative—Woman's Friend—Anti-Dyspeptic bread or Conserve of Hollyhock—Antispasmodic Tincture or Sal Preparation &c. The efficacy of the above compounds are too well known to those who have fairly tried them to need puffing.

Also a variety of simple articles, viz:—W. Y. Cayenne Bayberry, Green and brown Emetic, nerve Powder, pulverized Poplar, Golden Seal, Gum Myrrh, Lobelia Seed, Comne Bayberry, Eng. Saffron, W. I. Peppersauce Tincture of Cecilia, do Cayenne, do. Marsh &c. To the foregoing list, kept by Randall, the subscriber has added, and will continue to add many approved Botanic remedies, both crude and prepared. Also valuable compounds of his own preparation, in the shape of syrups for purifying the blood, and for lung affections. Liniments for every ache, pain, and difficulty for which Liniments are required. Powders and Pills for stomach, liver and bowel complaints generally—strengthening, stimulating and irritating plasters, salves, which if faithfully applied, will remove the worst of corns—also, superior remedies for Fever sores and all ill conditioned sores or ulcers—anti-asthmatic Tincture. The above medicines with many others will be kept pure, neatly put up with suitable directions and sold at reasonable prices. Botanic Practitioners are requested to call and examine for themselves.

CAUTION.—To those who are desirous of obtaining pure Thomsonian medicines, I would say beware of whom you purchase, as they are frequently adulterated with worthless pernicious and poisonous substances and palmed off on the unsuspecting for the "Simon Pure," for the purpose of speculation or of bringing these invaluable remedies into disrepute.
