A SAFE SAVINGS BANK. During its more than twenty-three years of existence, the Hyde Park Savings Bank never lost a dollar by a poor note, a poor stock or a poor bond.

This can only mean that its managers possess great conservatism, excellent judgment and painstaking care.

It means a close adherence to the motto of the bank from its start, namely: "Safety first, last and always." "High rates of interest—never."

Deposits in this bank receive 4 per cent. interest, compounded semi-annually, with all the taxes paid by the Bank.

Strayed.

Night Policeman R. E. Thomas, on his early rounds Thursday night, found a cow foraging in the rear of the postoffice and Whitcomb blocks, up to her ears in excelsior and apparently having a perfectly good time. He went to get a rope, but on his return the cow had disappeared. Later he arrested her on Pleasant street, the fawn-colored stray having had a blissful time in the park, in various gardens and elsewhere to the peril of the Improvement society's pony plots and shrubbery, and corralled her at the Commercial House livery stable after a chase over a lawn or two.

No Mail on Sunday.

Postmaster Chapman received an order from the postoffice department on Monday instructing him to close the postoffice on Sundays, this law applying to all offices of the first and second class.

Special delivery letters will be delivered on Sunday, but the general delivery window and lockboxes will be closed from Saturday night until Monday morning and no mail will be accessible.

The department, says the order, desires to reduce Sunday work to the minimum so that as many of the employees as possible may enjoy a complete day of rest on Sunday.

Hotels and business houses will be especially inconvenienced by the shutdown, and doubtless there will be a pretty general protest from the country at large.

Playground Athletic Meet.

About thirty boys took part in an athletic meet at the playground Wednesday afternoon, under the direction of Miss Rachel M. French.

There were two classes for each event—one for boys over 11 years old and one for boys of 11 years and younger.

They are small boys and no records were broken, but competition was keen and the sport attracted much enthusiasm among the spectators.

Ribbons were awarded as follows: 1st Class—Pole Vault

1st, Eddie Freeman, 6ft. 2in.; 2nd, Glen Chase; 3rd, Charles Wentworth.

2nd Class—Pole Vault. 1st, Leo Johnson, 4 ft. 2 in.; 2nd, Edward Goodrow; 3d, Ernest Brown.

The New School Building.

Work on the foundation of the new school building for the four primary grades of the village school began on Thursday, and the contractors, Kieslich & Co. of Burlington, promise to have it ready for use by January 1, 1913.

The site is at the southeast corner of the present school grounds, the building running at right angles to South street. It will be 36 feet 8 inches long by 38 feet 6 inches wide, of brick, with a hip roof, and dormer windows on the long side.

The basement will have a concrete floor, two toilet rooms, each covering about one-third of the space, and the remaining third is to be for the use of the janitor and for the two furnaces. One will heat the rooms and the other is for the vestibule and for ventilation.

The plumbing arrangements will be of the best, and much like the system in use in the present building.

On the main floor are two rooms, each 25 x 30 feet, and between them is a passageway in which are book-cases, ventilators, bowl and drinking faucet. A vestibule runs along the
