Local News.
GUILDHALL.
A slight frost in some places in this section on Wednesday, the 18th day of June.

Rainforth's Troupe performed acceptably in the court house, in this village on the evening of the 13th inst.

Tuesday night brought us a shower of rain and hail which brought the atmosphere to a lower temperature than that experienced on Tuesday afternoon and evening.

The tracks of three bears were recently discovered on the Granby road this side the mill brook, leading this way. About the same time Mr. Marshall, of Guildhall, lost a sheep from his flock, which he charged to the account of the party making these tracks.

Seth Webb, while ploughing on the banks of the Connecticut river, some days since, turned out an old Irish copper coin, bearing date 1744. The inscription is nearly obliterated by the action of time and rust, but sufficient remains to identify the coin which in itself is quite a curiosity as a relic of ye-by-gone times.

As the striped bug has made its appearance, which is such a pest to cucumber and other vines, for the information of those interested, we recommend the following preventive: Set a stake about a foot high, in the center of the hill, over which spread a newspaper, letting the edges come to the ground, and confine by putting on a little earth. It will effectually keep the bugs away, if no room is left for them to creep under the edges of the paper, and they will thrive just as well until they are sufficiently large to be out of the way of bugs.

LUNENBURG.
A valuable mare belonging to Phineas Ball, while running in the pasture, last Sunday, broke one of her forward legs in two places, and had to be killed. On the same day a horse belonging to John Webb was badly hooked.

The blooded bull advertised by Daymon Snow, is one of the finest animals in the State. He is of the same blood as the famous Cleaveland bull of Canada.

COOS COUNTY, N. H.
LANCASTER.
An express messenger now runs upon Eastman's (noon) train.

The whooping cough is quite prevalent among the children.

Enoch Colby's garden on his Island venture to say is one of the best in town.

Col. O. E. Freeman is making extensive repairs upon his mill.

Our streets are being sadly disfigured by the laying of the new aqueduct.

Boys under 3 years will not be allowed in the Paper Mill pond unless accompanied by their parents.

Rev. Wm. O. White, of Keene is expected to conduct services at the Unitarian church next Sunday.

The man who hitched his horse to a tree in front of Mr. Underwood's shop, laid himself liable to prosecution.

An extensive stock of fishing tackle including all the modern improvements, may be found at the store of Walter S. Bailey, selling cheap.

Last Monday week Ariel M. Bullard fell upon the platform in front of Frank Smith & Co's store and broke his collar bone.

A good many eggs for one turkey were laid by one belonging to Wm. Hibbard. 33 was the number she shellied out before coculating to set.

Richard P. Kent & Son, are opening this week, new goods in every department. Best prints 12-1-2 cts per yard. Large stock of linen clothing, hats, &c.

Conductor David Ferguson, of the B. C. & M. Railroad, who has been in feeble health for several months from the effects of the small-pox, commenced running his train again last Saturday morning.

Francis Richardson, proprietor of the American House, having leased the Sumner House at Dalton, will open it about the 20th instant. With a landlord as popular as Mr. Richardson, and his great experience, this house must become a favorite resort for pleasure seekers.

The Riding Park Association have completed arrangements for the Fourth of July sports at their grounds. In addition to the usual races, a match game of base ball will be played between the Lancaster and Gorham clubs for a prize pot. Should the weather be favorable a large gathering and a good day's sport may be expected.

GORHAM.
Extra passenger trains, are to be put on the road the 23d of June.
An Irish woman, familiarly known as Mary Mac, died here Saturday.

Rufus F. Ingalls draws the most custom, is bored by more drummers, and is the most wealthy merchant in town. Will speak of him and his business fully, soon.

Last week an engine was turned out of the repair shop here changed from a wood to a coal burner. It is one of the Portland Co's manufacture, and it is said by the railroad men that she is working admirably.

Mr. Geo. E. Thorne, of this place, who has faithfully served Mr. Hitchcock, in many vocations, both in the old Alpine House and Tip-top, for years past, is this season employed on the Mountain by the new Company.

From the Ingalls brook, so called, in Shelburne, 600 trout were taken in one day last week by two men. The same week, in a day's fishing a party took over 1100 from what is known as the Chandler brook, in the township of Success. The woods are full of 'em' this season.

The first team on Mt. Washington this year, started from the Glen House Saturday, driven by Mr. Edgar Ellingwood, of Milan. He reports the road in good condition for the severity of the past winter. At five miles up he encountered a drift about twenty rods in length and eight feet deep.

"Josh Billings" was in town Saturday. He is stopping at Shelburne. He had his "back up" (as usual) what little time he was here. He created quite a sensation among the curious. We could not for the life of us see but he resembled other folks. He had no horns (except what might be in him) and his feet made no different impression on Gorham soil, than the rest of mankind. If any thing his Grecian bend has an upward tendency and is going to make a formidable upgrade betwixt his shoulders, if an early junction is not reached.

Mr. Callahan has made many desirable improvements in the Gorham House this season. His rooms have been newly painted and papered, and several new ones added. These rooms are large, airy, neatly furnished and command beautiful views of mountain and valley scenery. His table is spread with the best and served in a manner to suit an epicure. He has a good stable and is in every way prepared to supply teams to and from the mountains, or any where about them. His servants are always to be found at their post ready to serve the guests of the house. In view of the loss of the Alpine House, Mr. C. has put his house in every condition to deserve a share of the patronage hitherto shown that popular resort. Parties wishing good accommodations and a healthy, pretty village to spend the season in at very reasonable rates will find it to their advantage to secure quarters at this house. A coach is always at the house to convey guests.

The sudden demise of Conductor Wm. H. Finnick, on Sunday last, at the home of Mr. John F. Moore, was a severe shock to our community, particularly the younger portion of it. He complained of being ill during the first of the week, but baffled with his ailments until Thursday when he gave up and called his Physician, Dr. Wight. It was early discovered that his condition was critical, so much so that his friends in the West were notified, yet there were hopes that his case was not so malignant but what a sudden change for the better might in. Early Sabbath forenoon, however, all hopes were lost, and before noon the news of his death was circulated. The case proved to be the old fashioned putrid sore throat, from which he must have suffered beyond comprehension.

Dr. Adams, from Island Pond, was telegraphed for early Sunday, and a special train made up by T. H. Cooper, Esq., Assistant Local Supt. to bring him here, but he did not reach Gorham before Mr. Finnick's death. Dr. A. said that every thing possible was done by our physician, but the case he claimed to be an almost incurable one. Mr. F. has been in the employ of the G. T. Railroad Co., for several years and was considered one of the best and most reliable conductors. His whole life seemed one of activity and apparent happiness. No person in his society was ever made to feel the want of a friend, or as if this world was made up of selfishness and coldness. He was about 28 years of age, unmarried. His remains are to be carried to Ohio, where he was born. Not an enemy is left behind.

DALTON.
Mr. E. W. Parker is building a barn on his farm, 60 X 44 feet, with basement, which makes it one of the largest barns in town.

"Sim" George and Hiram, his son, were arraigned before Judge Cossitt, of Lancaster, for their assault upon a poor woman in this town. Through lack of evidence, the "old man" was acquitted, and Hiram fined \$20 and cost, amounting to some \$50. No one here doubts the guilt of both, and if they could have had their just deserts they would have been bound over to the N. Y. Term of court.

Many of our farmers are engaged in the raising of hops, some twenty-five or more having yards of various sizes containing from 200 to 2,500 hills each.

Mrs. Sally Walker, daughter of N. P. Scott, Esq. whose death we record in this issue, was a woman who will be largely missed in our community, having won many friends by her many amiable qualities of head and heart. Her funeral was attended on Monday, June 9, by Rev. Mr. Pinkham, who addressed in a solemn and impressive manner, a large and attentive assemblage of relatives and friends who gathered to pay their last sad tribute of love to the memory of the deceased.

COLEBROOK.
C. S. Bailey, proprietor of the Mc-nadnock House, did some tall fishing, recently, in the Mohawk. He caught fifteen pounds of nice trout in less than an hour. Who beats this?

The town clock has arrived and will be put into position this week.

S. K. Renick is going to put on an opposition stage line between here and North Stratford soon, to connect with the Grand Trunk trains.

The Coos Republican subscribers here are delighted with the great improvement in that sheet. The outside, at least, now gives them something worth reading.

The iron for the completion of the Montpelier and Wells River Railroad, reached Burlington one day last week, and is probably on the ground before this. It is the plan to begin at each end to lay the rails, and the Directors hope to have the road completed and trains running in season for the pleasure travel; but this is uncertain. The work on the depot grounds at Wells River is progressing, although the immense clay hill to be removed is a formidable obstacle. When graded off this will be an excellent site for the union depot for the three roads—the Passumpsic, Wells River and Montpelier, and the Montreal roads. It is the intention to put up a temporary structure for this season.

Some interesting statistics concerning the girl graduates of the Portland, Me., high school, are given by the local papers. The oldest member of the class is 19 years of age; tallest is 5 feet 7-8 inches; the shortest is exactly 5 feet; the average height is 5 feet 3-4 inches. There is only one curly-haired girl in the class. Brown in all shades is the prevailing color of the hair, seven only having light locks. The greatest length of tresses is 36 inches; the shortest, 7 inches; the average, 23 inches. The smallest glove worn is 5 3-4; the largest is 6 3-4; the smallest boot worn is No. 1; the average is 3 1-2. The heaviest weight is 160; the lightest 96; the average 116.

MRS. RHODES,
Calls attention to her splendid stock of Millinery goods which she will bring with her from market, Saturday, April 13, and which will be opened the first of the week following. Will her numerous friends up and down either side the river, as well as in other sections of the two counties, bear in mind that no where else can Fancy Millinery Goods be bought so low for cash. From 1 to 8 per cent discount will be made, according to the class of goods, for cash in hand.

Centaur Liniment.
There is no pain which the Centaur Liniment will not relieve, no swelling it will not subside, and no lameness which it will not cure. This is strong language, but it is true. Where the parts are not gone, its effects are marvelous. It has produced more cures of rheumatism, neuralgia, lock-jaw, palsy, spasms, swellings, caked breasts, scalds, burns, salt-rheum, ear-ach, &c., upon the human frame, and of strains, sprains, galls, &c., upon animals in one year than have all other pretended remedies since the world began. It is a counter-irritant, an all-healing pain reliever. Cripples throw away their crutches, the lame walk, poisonous bites are rendered harmless and the wounded are healed without a scar. It is no humbug. The recipe is published around each bottle. It is selling as no article ever before sold, and it sells because it does just what it pretends to do. Those who now suffer from rheumatism pain or swelling deserve to suffer if they will not use Centaur Liniment. More than 1000 certificates of remarkable cures, including frozen limbs, chronic rheumatism, gout, running tumors, &c., have been received. We will send a circular containing certificates, the recipe, &c., gratis, to any one requesting it. One bottle of the yellow wrapper Centaur Liniment is worth one hundred dollars for sprained or swollen horses and mules, or for scurf-worm in Sheep. Stock-owners—this liniment is worth your attention. No family should be without Centaur Liniment. J. B. Rose & Co., New York.

WAGES.
FOR ALL WHO ARE WILLING TO WORK.
For any person, old or young, of either sex, can make from \$10 to \$20 per week, at home or in connection with any business. Wanted by all, suitable to either City or Country, and any season of the year. This is a rare opportunity for those who are out of work, and out of money, to make an independent living. No capital being required. One pamphlet, "How to Make a Living," giving full instructions, sent on receipt of 10 cents. Address, A. HUTTON & Co., Manufacturers, Westchester Co., N. Y.

ENOCH MORGAN'S SONS'
SAPOLIO
Is a substitute for soap for all household purposes except washing either:
SAPOLIO
For cleaning your house will save the labor of one cleaner, give it a trial.
SAPOLIO
For windows is better than Whiting or water. No removing curtains and carpets.
SAPOLIO
cleans paint and wood, in fact the entire house, better than soap. No sopping. Saves labor. You can't afford to be without it.
SAPOLIO
for scouring knives is better and cleaner than Bath Brick. Will not scratch.
SAPOLIO
is better than soap and sand for polishing tinware. Brightens without scratching.
SAPOLIO
polishes brass and copper utensils better than acid, oil or rotten stone.
SAPOLIO
as an article for the Bath, reaches the foundation of all dirt, opens the pores and gives a healthy action and brilliant tint to the skin.
SAPOLIO
cleanses and beautifies the skin, instantly removing any stain or blemish from both hands and face.
SAPOLIO
is without a rival in the world for curing or preventing roughness and chapping of either hands or face.
SAPOLIO
removes tar, pitch, iron or ink stains and grease; for workers in machine shops, mines, &c., is invaluable. For making the skin white and soft, and giving it a bloom and of beauty, it is unsurpassed by any cosmetic known.

Don't Fail to Try These Goods.
Buy it of your merchant if he has it or will procure it for you. If not, then write for our Pamphlet. All about Sapolio, and it will be mailed free.

VALUABLE PROPERTY
FOR SALE CHEAP.
The Subscriber offers for sale the premises in East Haven where he now lives, consisting of a New House 24 x 28 with 2 1/2 stories high. Said house completed in every particular, with never failing running water to both house and barn; the lot is 30 x 50 also now; also one acre of land connected with said building. Said premises are situated on the highway leading from Lyndon to Island Pond, five miles from East Burke.

This location offers the best inducements to a silversmith, Blacksmith or House Carpenter, as the wants of the vicinity would furnish constant employment.
Also for sale in Newmarket.

200 ACRES OF WOODLAND,
off Lot No. 65, covered with a heavy growth of Rock Maple and Hemlock, situated one mile from said buildings, and easy of access.
Also on said lot a new Sugar House and
1,300 SAP BUCKETS,
PATENT SAP EVAPORATOR,
and the necessary PANS, HOLDERS, &c.
2,500 Sugar Maples convenient to the Sugar House.

Lancaster, N. H., 1873. 2-17

Land and Buildings in Lancaster
Village
For Sale!

The Subscriber offers for sale his homestead, situated on North Street, Lancaster, N. H., one mile from the village of Lancaster, and three miles from the village of North Stratford, in the County of Coos and State of New Hampshire, administrator of the estate of Samuel Davidson, late of said Stratford, deceased, respectfully represents that the said intestate died in his lifetime, according to the terms of said contract, bearing date February 18th, 1872, to and with Martin B. Noyes and Amasa Ward, both of Colebrook, in said County of Coos, contracting with said Noyes and Ward, to sell and convey to them a certain tract or parcel of land situated in the town of Lenington, Essex County, Vermont, viz: Lot number Forty-six in the 2d Division of lots in said town, of the right of Richard Jackson, Jr., together with all the sugaring utensils on said lot. The price to be \$1,200; two hundred dollars of said sum to be paid May 1st, 1873, the balance in yearly payments of two hundred dollars each, with interest annually. The said \$200 being paid and notes executed as aforesaid the said Davidson was to deed by a deed of warranty, and the said Noyes and Ward to mortgage back, and are not to operate on said lot by taking off timber and wood so as to lessen the contract price for said lot, without first securing said Davidson for the number of wood to be taken off. Said contract signed and sealed by said parties, which said contract was at the decease of said Davidson and still is unexecuted. Whereas the said Administrator prays the said court to grant unto him liberty and authority to deed said land according to the terms of said contract, agreeably to the statute in such case made and provided.

AUSTIN F. DAVIDSON, Adm'r.
Stratford, N. H., May 31st, 1873.

STATE OF VERMONT—Essex District, ss.
It is ORDERED by the Probate Court for the District aforesaid, that all persons concerned be notified to appear before said Court at a session thereof, to be held at the Probate Office in Guildhall, in said district on the 21st day of June, A. D. 1873, to show cause why they may have why the liberty and authority requested in the foregoing application should not be granted and that for that purpose the said application, together with this order, be published in the Essex County Herald published at Guildhall, three weeks successively as soon as may be.
