SALE NOW ON.

Stock of W. R. BOULDS, Island Pond, Vt.

H. AINSWORTH, Sale Manager.

Island Pond

Reception to Mr. and Mrs. Donald Vantine.

DEFERRED

Mr. and Mrs. Donald Vantine, who were recently married by Rev. Wilbur Rand of Westmore, the home pastor of the bride who was Miss Vivian McNamara, were given a reception and shower Monday evening at the Congregational parsonage by about twenty-five of their young friends. Miss Lou Fullington on behalf of her Sunday school class of which the bride is a member, in a very charming way presented a fine chair and picture, the gift of the class and of Mrs. E. M. Bartlett, for many years teacher of the class. While the bride was seated in it the other young people literally showered her with packages. During the merriment which followed, about twenty members of the Ladies' Aid of the Congregational church of which the bride is a member, entered upon the scene. Mrs. W. F. Morong held over the heads of the young couple a parasol beautifully decorated with Cupids and hearts, from which were suspended many dainty white tissue packages, while at their feet was deposited a huge laundry bag filled with more packages. In the following delightful sentiment Mrs. Morong voiced the feeling of the ladies:

"Never mind the showers of rain Nor even the showers of tears; But accept the showers of blessings That will come thro' all the years. And accept this shower of gifts Representing our kind thought Comes straight from our hearts, to yours, Just now so full of love."

An informal reception followed and the occasion was made very happy by the presence of Mr. Vantine's mother of Nashua, N. H., who is prominent among railroad people of that city and its vicinity, as a member of the Club of Railroad Conductors' Wives and other women's organizations. After the departure of the Ladies' Aid, the young people engaged in games and music and enjoyed refreshments of ice cream and cake. The evening was a delightful one and Mr. and Mrs. Vantine were the recipients of many beautiful and useful gifts, among them being a water set from Deacon O. L. Mansur and a fine picture from A. W. Bosworth, superintendent of the Sunday school of which the young people are members.

Mr. and Mrs. Vantine will be at home to their friends after the first of November at their rooms at the Lakeview.

Knights of Pythias' Field Day.

DEFERRED

Pythian field day and get-together meeting of Past Chancellors and members of District No. 3, comprising Orleans, North Troy, and Island Pond, were entertained by Island Pond Lodge Knights of Pythias Tuesday afternoon and evening. About fifty members came by auto from St. Johnsbury, Lyndonville, North Troy and Orleans for athletics in the afternoon. Baseball proved to be the popular game and chosen teams between members, one side being called Orleans and the other Island Pond. The day was perfect and the bleachers were filled with interested and amused rosters. Everything worked well with Island Pond side while Russell acted as umpire. His plea for resigning, the position "on account of having urgent business that called him away," is not understood, but it is thought by some of the players and fans that first baseman Willey, for the Orleans aggregation, influenced the first umpire to leave the field and then everything went wrong. The balloon was up and someone came across

with a three bagger, it was then that Island Pond lost all hope and gave the sponge to the Orleans bunch with a score of 8-4. Some think the pitcher who acted for Orleans may have at one time pitched in a world series but when a man goes into business "the muscles are not what they used to be," and many are probably making free use of Sloan's Liniment at this writing. In the evening Third Rank was worked by Past Chancellors of the District. At eleven o'clock eighty-five members gathered in the banquet hall, gayly decorated and bountifully supplied with good things to eat by Morse and Russell. W. F. Morong, Grand Inner Guard, acted as toastmaster introducing the following guests who responded appropriately: Rev. E. W. Eldridge, Orleans; F. A. Whitaker, Grand Chancellor, Bellows Falls; C. V. Willey, Grand Vice Chancellor, Orleans; U. W. Brown, Supreme Representative, Orleans; Henry W. Ellis, Grand Prelate, St. Johnsbury; A. L. Guild, Grand Master at Arms, Lyndonville; E. C. Potter, Past Grand Outer Guard; Richmond, P. Q.; M. R. Wakefield, Chancellor Commander, North Troy; B. C. Smith, Orleans. At an "early hour" meeting adjourned, everybody reporting a good time.

Leander F. Currier.

DEFERRED

The decease of Leander Franklin Currier, October 10, 1915, starts many lines of reflection. He was of the third generation of the Currier family, which to the sixth generation is living in the town of Brighton. His grandfather, John Currier, was one of the soldiers of the Revolution who came to Barton in its pioneer days. From there, in 1827, he moved to Brighton, then called Random, when there were but four log houses within the limits of the town. Two of the sons of John Currier, Jason and Amos, brought up in this town families of eight sons, four daughters, and five sons, six daughters respectively. The descendants of John Currier are more than those of any other line of kindred in this community. It is characteristic of this family to be strong and erect in physique, and the men have cleared many acres of its primeval forest into good farm lands. It has been natural for them to respond quickly to the call of their country for soldiers. Three from each of the families of Jason and Amos were in the Union army of the Civil war.

In 1830 John Currier built the first saw mill in town, near the present site of the Hawkins mill. In the early winter of 1832 his son, Amos Currier, and Clarinda Williams were married. This was the first wedding in town and the official act was performed by Phreland Rosebrook, the first justice of the peace. The children of Amos and Clarinda Currier now living are:—George W.; Elbridge H.; Jane, Mrs. Lorenzo Grow of Brownington; Orpha, widow of B. M. Dale; and Lucy, widow of L. A. Woodbury; and those now deceased were William M., Leander F.; Moses E.; Mrs. Melissa Smith; Mrs. Alma Cheney; and Miss Carrie. The foregoing facts state the extensive and continuous association with the interests of the town through all its history of the Currier family.

Leander F. Currier was born Aug. 9, 1842, when his parents were living on what is now known as the George W. Currier farm. From the going of his older brothers, William and George, at the commencement of the war, he was determined to enlist. On his third attempt, he was mustered into the Fifteenth Regiment of which Redfield Proctor was Colonel and W. W. Grout Lieutenant. After about a year in the service he was honorably discharged with his regiment and laid down the musket to take up the axe. He married, November 23, 1867, Luella A., daughter of Eli G. Smith and niece of Ladoit Farmer. Their first

home was across the valley to the west of his birthplace, where by years of labor he cleared the land for a farm out of the forest in which he felled the first tree for their log cabin. Their children, all living, are Fred E., Amos G., Walter S., Chester D., Harold L., and Leon E.

Leander Currier possessed distinct traits of high character. He wrought his livelihood directly from the farms he cultivated and attended strictly to that one line of industry. He had no other occupation and no side issues. He never cared to be conspicuous in any manner or to assume any position other than a plain blunt man who loved his God, his family and his friends. He was never doubtful as to conduct or variable in opinion, and believed that man should live literally an honest and a moral life, and he put his belief into practice. Not by what he said, but by all he did, the estimate of his character must be formed. It was impossible for him to pretend to be anything. He appeared to be just what he was. A member of the Methodist church, for nearly thirty years, he advocated and followed its doctrine and discipline without qualification. The head of a family to which came no reproach or other fatality for nearly half a century, he gave to his loyal and constant devotion. From such belief and life came a calm courage and resignation to face the critical and unnatural events of his last days, like a soldier and a Christian. After all, thinking of his toilsome, faithful life, we must consider that he was fortunate. He lived a long time with his Grand Army comrades, but few of whom were left to follow the flag draped casket carried by his six strong sons up the aisle of the church to which he had been devoted for a generation. His present and former pastors and the assembly that filled the edifice, felt a genuine sorrow at the going of a thoroughly good old man.

As the pioneers are going it is well that we recall the verse one of them has penned. We conquered forests, cleared the land; Our work, let no man scorn it; But you who follow, follow well; Complete, refine, adorn it.

P. H. D.

TWO CHILDREN HAD CROUP. The two children of J. W. Nix, Cleveland, Ga., had croup. He writes: "Both got so choked up they could hardly breathe. I gave them Foley's Kidney and Urinary Tablets and it completely cured them." Contains no opiates. Cuts the phlegm; opens air passages. JOHN W. THURSTON, Island Pond.

Successfully Fights Pneumonia. The open-air treatment of acute pneumonia is reported by Dr. G. E. Rennie to have achieved notable success at the Royal Prince Edward hospital of Sydney, Australia. For seven years Doctor Rennie has kept his own patients in the open air night and day, and he recently this plan has been adopted for all pneumonia cases in the hospital. Recovery has been rapid in cases that would have resulted fatally under the old method. The ordinary conditions of a close hospital atmosphere are very favorable for the development of the pneumonia germs, and besides expose to microbes liable to set up a secondary infection. The fresh air, comparatively free from bacteria, gives the more perfect aeration of the blood needed. The artificial use of oxygen is rarely necessary as formerly, there is much less difficulty of breathing and impairment of circulation, the patients sleep better, the tongue is cleaner, the appetite nearer normal and convalescence is rapid.

The Macdonalds' Clan. The Macdonalds are of right of antiquity, power, and numbers usually accorded premier place among the great families of Scotland. In addition to the Clan of Macdonald itself, there are Macdonalds of Cameroun, Macdonnell of Glenerrary, Macdonald of the Isles and Seat and Macdonald of Staffa.

Remember This. What you lose today you cannot gain tomorrow.—Ruskin.

HOW TO BE EFFICIENT. Nothing saps the vitality like kidney trouble. It causes backache, headache, stiff joints, sore muscles, "always tired" feeling, rheumatism and other ills. To be efficient, you must be healthy. Foley's Kidney Pills strengthen the kidneys, help them do their work of filtering out from the system the waste matter that causes the trouble. JOHN W. THURSTON, Island Pond.

Safety Pin an Old Idea. Queen Victoria's reputed invention of the safety pin has been exploded by the recent discovery on the island of Crete of one supposed to have been made at least 900 years B. C. This gives it the safety first honors.

Correction. In an issue of the small weekly sheet of the Congregational church in a rural community the word opportunity was spelled "opportunity." The minister, from the pulpit calling attention to the word, said that he had tried to have the paper free from errors this week, but discovered that "opportunity" had been spelled with two p's.—The Congregationalist.

First Use of Camera in War. The camera was first employed officially in war during the conflict on the Crimea in 1854-56, and although the art of photography was then only sixteen years old, some fine pictures were obtained. In the American Civil War the camera was also largely used.

Work of Small Creatures. It has been learned quite recently that the work of the earthworms is completed, not only by bacteria, fungi and algae, but also by countless minute animal organisms, including nematodes or thread-worms, oligochaetes, tardigrades or bear animals, and rotatoria or wheel animals, which are worms less than one-fiftieth of an inch long.

Daily Thought. As ships meet at sea, a moment together, when words of greeting must be spoken, and then away into the deep, so men meet in this world; and I think we should cross no man's path without hailing him, and if we needs, giving him supplies.—Henry Ward Beecher.

Origin of Comets. All comets so far observed have originated in the solar system, according to investigations carried out by Prof. Elis Stromgren, director of the Copenhagen observatory. The plan of research involved the backward computation of planetary perturbations.

Trapping the Elusive Mouse. Every housewife has had the experience of finding a carefully prepared mouse trap denuded of its bait, but an ingenious man has devised a trap that can be avoided and Mr. Mouse's capture assured by using for bait cheese crumbs instead of a large lump. To get the crumbs the mouse must press down and thus set off the spring. A lump, on the other hand, is easily stolen.

His Plea for Mercy. "Young man," said the magistrate severely, "the assault you have committed on your poor wife was most brutal. Do you know of any reason why I should not send you to prison?" "If you do, your honor, reprieve the prisoner at the bar, my wife, 'it will break up our honeymoon."

Father's Hope. Father's secret hope is that his son won't be such a fool as father was when young, but he doesn't put it up to the boy in just that way.—Atchison Globe.

Loafing—Work—for Some. Sometimes, in our less optimistic moods, we wonder if a holiday isn't inserted to remind us how easy work is.—Milwaukee Journal.

Fire Extinguisher. A bottle containing the following mixture should be kept at hand in case of fire. Three pounds of salt are dissolved in a gallon of water and to this is added a pound and a half of sal ammoniac. This poured on the beginning of the flame will extinguish it.

Optimistic Thought. Not even the gods can fight against necessity.

Valuable Nut. British scientists have discovered that a nut allied to the nutmeg that grows in Brazil yields an oil of much value in the manufacture of soap.

News from Essex County

LUNENBURG

J. F. Dodge of Peterboro, N. H., is in town for a few days.

Mrs. A. W. Sugg is attending a teachers' convention at Rutland.

Mr. and Mrs. Chas. Hale and Mr. and Mrs. Harley Cowles spent Sunday at M. D. Bowker's.

DEFERRED

L. D. Fogg went to Gorham, N. H., one day last week.

A social dance was held in Hodg's hall last Saturday evening.

F. G. Adams and Mrs. C. A. Morse drove to Walter Booth's in East Lancaster, N. H., last Saturday.

There is a large crew of men at work repairing the mills and dam here, and the work on Col. E. C. Benton's new house is progressing finely.

Death of Horace Adams.

On Tuesday, October 12, 1915, there passed away at the home of his son in Guildhall, Vt., Horace Adams, one of the oldest inhabitants of that town, aged 87 years, two months, 18 days.

Mr. Adams was born July 24, 1828 in Lunenburg, Vt., the son of Luther and Adah Adams. On Dec. 6, 1853, he married Emily Carpenter of Concord, Vt., and to them was born three children: Frank George, Carrie Maria and Charles Gilman Adams. In 1906 Mrs. Adams died, and of the children, but one remains, Frank G. Adams to mourn the loss of the father. Mr. Adams held the public offices of selectman, lister, first constable and collector of taxes for several years in Maidstone, Vt., and in 1874 represented that town in the legislature, always voting a straight republican ticket. He was an honest upright citizen respected by all who knew him. The survivors are one son, Frank G. Adams of Guildhall, Vt., one brother, Alfred Adams of St.

The Shaw Business College

SHORTHAND BUSINESS TELEGRAPH NO PAYMENT IN ADVANCE We recognize the purchaser's right to an examination of the goods, and a test of their quality before payment is required. Do not wait for a more convenient season; it will never come. OUR GUARANTEE: Full Satisfaction or No Payment Portland Bangor Augusta

Johnsbury, Vt., one granddaughter, Mrs. Addie M. Davis, one great grandson, Horace Millard Davis of Valley Falls, R. I., and one brother-in-law, George Millard Carpenter of Waterford, Vt.

The funeral was held at his late home Thursday, Oct. 14, 1915, at two o'clock Rev. Clinton W. Wilson officiating. The bearers were George A. Hubbard, Richard Beattie, John W. Boyce and John Call. Interment was in the family lot in the new cemetery in Guildhall, Vt.

PREACHER WAS LAID UP.

Rev. C. M. Knighton, Havana, Fla. writes: "For three months I suffered intense pain in the kidneys and back which at times laid me up entirely. I used 1-2 bottles of Foley's Kidney Pills and all the pain disappeared. I feel as if 20 years had been added to my life." Relieves rheumatism, backache, sore muscles, stiff joints. JOHN W. THURSTON, Island Pond.

News From Neighboring Towns.

NEWARK

Arthur Geer of Newport visited his father, Andrew Geer, Monday.

Charlie Brown of Lancaster, N. H., is visiting his sister, Mrs. George Chamberlin.

Calvin Geer and family moved to Charleston this week, where they have rented a farm.

Mr. and Mrs. Carl Hartwell of East Haven visited at Howard Linden's recently.

Hiram Moulton of Derby spent Sunday with William and Leon Moulton.

The Library social will be held with Mrs. L. D. Gordon for dinner Nov. 3rd.

Mr. and Mrs. Charles Rice and daughter, Dorothy, of St. Johnsbury were guests at C. E. Ball's over Sunday.

MORGAN CENTER

H. D. Elliott has been the sick list the past week.

Mrs. C. J. Thomas entertained relatives from New Hampshire last week.

Wm. Bassell of Newport Center visited friends here last week.

Mr. and Mrs. George Pierce of East Charleston were visitors here Sunday.

Mrs. E. C. Burroughs is here from Island Pond, the guest of her daughter, Mrs. H. R. C. G. G.

Mr. and Mrs. Don Scribner and son started for the south last week to spend the winter, going by auto. They will visit in Manchester and Boston. Mrs. Scribner's father, Archie Burroughs, accompanied them to Boston.

Peculiar Pleasure Palace.

"That is the most unique motion picture theater I know of anywhere," said old P. G. Pester, indicating a weather-beaten, ramshackle rattletrap of a structure, that looked as if it might tumble down in its own dust at any moment. "Although it is in the last stages of dilapidation and decay, its owner actually does not call it 'The Majestic!'"

Cheap Frozen Meat.

Frozen meat can be shipped from New South Wales to Europe or America for 2 1/2 cents a pound. This charge also includes freezing, packing, insurance and exchange.

Conviction That Counts.

"This imperishable conviction, that if a thing is right it will have to be, is the underlying rock on which all great character is built; and it carries in it a trust implicit if not explicit in the moral government of the world.—J. Martineau.

Daily Thought.

A man's own conscience is his sole tribunal and he should care no more for that phantom "opinion" than he should fear meeting a ghost if he crosses the churchyard at dark.—Lytton.

Doctor's Chief Difficulty.

"What is the most difficult disease you have to contend with?" asked the student. "Imagination," replied the doctor.—Kansas City Journal

In the Same Box.

"The Village Grocer (previously)—"Look here, Aaron (what makes you put the big apples on the top of the barrel?) The Honest Farmer (cheerily)—"What makes you comb that long scaplock over your bald spot?"—Puck.

To Clean Brass.

To clean brass flower pots or trays rub them with a piece of lemon; then pour boiling water over them, and finally polish with a soft, dry cloth.

When to Worry.

"The hoop skirt is surely coming," says a fashion note, but we refuse to worry until lace cuffs for men are ordered.—Detroit Free Press.

Old Folks Saved From Suffering

Mrs. Mary A. Dean, Taunton, Mass., in her 87th year, says: "I thought I was beyond the reach of medicine, but Foley's Kidney Pills have proven most beneficial in my case."

Mrs. Sam A. Hoover, High Point, N. C., writes: "My kidney trouble was worse at night and I had to get up from bed to seven times. Now I get up only once or twice at night, and sleep more peacefully in a truly normal condition, which I attribute to Foley's Kidney Pills, as I have taken nothing else."

Mrs. M. A. Bridges, Robinson, Mass., says: "I suffered from kidney trouble for two years. I commenced taking Foley's Kidney Pills ten months ago, and though I am 61 years of age, I feel like a 35-year-old girl."

Foley's Kidney Pills are tonic, strengthening and up-building, and restore normal action to the kidneys and to a disordered and painful bladder. They act quickly and contain no dangerous or harmful drugs.

John W. Thurston, Island Pond, Vt.

Chinese Amulet.

One of the commonest amulets worn by an only son in China is a small silver locket, according to the authors of "The Book of Talismans." The father collects coins from about a hundred different heads of families, and has them exchanged for silver, which is converted into a native padlock used to fasten a silver chain round the boy's neck. This, it is believed, will preserve him from evil spirits, lock him to life and contribute to his health and longevity.

Bedside Library.

"Start a bedside library," says Doctor Oeler to young physicians, "and spend the last half-hour of the day in communion with the saints of humanity." The advice might be taken with good results by many others. Instead of thinking over the cares and troubles of the dying day, let the tired worker of balmy sleep read a page or two of his "bedside library" and die down to pleasant dreams.
