The Pennies in the Box.

I'm Uncle Sam's most favored pet, I'm hearty and I'm hale; I've nothing in this world to do But glide 'round with the mail. But one thing almost breaks my heart And my nervous system shocks, It's the everlasting pennies That I'm fishing from the box. I carry stamps and envelopes And postal cards and such; And I would like to sell a few— 'Twould please me very much. But a man can't sell unless you buy. No matter how he talks; So I have to keep on diving After the pennies in the box. It's all right in the springtime Or when summer breezes blow, But a different proposition When it's thirty-two below; When all your fingers and your toes Are frozen hard as rocks, It's most anything but funny Scratching pennies from the box. And now, quite confidentially, I'll tell you something more, A rural carrier (way out West) Forgot himself and swore; Says he, "I can stand the snowdrifts, I can stand the frozen locks, But blast the measley pennies In the blasted measley box." When the roll is called up yonder And we all shall gather there, They wouldn't let a mail man in If they knew he'd learned to swear. If you want St. Peter to open the gate When your rural carrier knocks, Buy stamps; and don't be guilty Of putting pennies in the box. —Atwood (Kans.) Citizen-Patriot.

Published by request of our accommodating rural carrier, A. E. Davis.

Siam's Royal Palace.
One of the most remarkable buildings in the world is the palace of the king of Siam. It is inclosed in dazzling white walls over a mile in circumference. Within these walls are temples, public offices, seraglios, stable for the sacred elephant, accommodation for a thousand troops, cavalry, war elephants and an arsenal. There is also a very fine theater.

A Boston doctor says that 50 years hence kissing will be considered barbarous. Oh, very well. One might as well be dead as out of fashion, and if he is right we will quit kissing—50 years hence.

May Be Truth in Old Saying.

More toilet soap is used on Sunday than any other day. This would tend to prove that cleanliness is next to godliness.
