**What Children Need Now.**  
In spite of the best care mothers can give them this weather brings sickness to many children. Mrs. T. Neureuer, Eau Claire, Wis., writes: "Foley's Honey and Tar cured my boy of a severe attack of croup after other remedies had failed. It is a wonderful remedy for coughs, colds, croup and whooping cough." It stops la-grippe coughs.  
J. W. THURSTON, Island Pond.

**How Two Men Cured LaGrippe**

"Last winter I suffered with a terrible cold and a case of la grippe," writes E. C. Rhodes of Middleton, Ga. "When getting well of la grippe I still had a hacking cough and for several months could get no relief. Finally I began taking Foley's Honey and Tar and soon I was well of both cough and cold and it never returned."  
F. G. Prevo, Bedford, Ind., writes: "After having an attack of la grippe I left me with a severe cough and I tried everything. I lost in weight and got so thin it looked as though I would never get well. I tried Foley's Honey and Tar Compound and two bottles cured me. I am now well and back to normal weight."  
Foley's Honey and Tar Compound is a healing family remedy and seldom fails to relieve coughs, colds, croup, whooping cough, raw and inflamed throat, tight and sore chest, irritated tickling throat and bronchial coughs.

## POULTRY MEN

Are you giving your hens a fair chance by using Lice Killer about the roosts, nests and sides of the hen house, and are you giving them any of Pratt's Poultry Regulator to keep them healthy? Have you Powdered Charcoal, Bone Meal, Oyster Shell, Grits, Scratch Feed,—all these things are needed for best results.

You should have on hand also, when the little chicks begin to arrive, Baby Chick Food.

Please remember that we keep beside all the above articles, Kow Kure, Cow Tone, Cows' Relief, Calves' Cordial, Condition Powders, and practically all the things you need in Pratt's line for Poultry, Horse and Cow.

**William H. Wheeler.**  
It is with deepest sympathy that we chronicle the death of William H. Wheeler, who passed away at his home Friday, Feb. 11th, at one o'clock in the afternoon after an illness of only two days duration, at the age of 49 years. The funeral was held Sunday afternoon at one o'clock. The procession formed at the home and was escorted to the opera house hall by the Independent Order of Foresters, of which he was an old member, Knights of Pythias and the Modern Woodmen of America, the services being in charge of the Foresters. Rev. Robert Lawton, pastor of the Congregational church offered prayer and spoke well chosen and comforting words to the sorrowing ones. Burial was in the family lot at East Charleston beside the remains of his wife, who passed away in November, 1914. The orders followed the remains up Derby street as far as Pleasant street, where they opened ranks and the procession passed through on its sad mission. The floral tributes from the several orders and from friends were many and beautiful. Deceased is survived by one daughter and one son who have the heartfelt sympathy of the entire community in being bereft of father and mother in so short a time. Also three sisters: Mrs. Harris of Lyndon, Miss Myrtle Wheeler of Derby Line and Mrs. Chester Corliss of this town, and a half-brother, Frank Wheeler of Holland.

### Card of Thanks.

We wish in this way to extend our heartfelt thanks to all who so kindly assisted us in the sickness and burial of our father and brother, also for the beautiful flowers, and especially to we appreciate the kindness of Mrs. Rose Gray of East Charleston, who opened her home and served hot coffee and other refreshments to the funeral party who came from a distance.

**Lengthens Life of Rubber Gloves.**  
A new process for vulcanizing seamless rubber gloves has been brought out, by which the life of the gloves is said to be considerably lengthened. Instead of vulcanizing the glove on the dipping frame after the several coatings have been applied, each consecutive layer is vulcanized as the glove structure progresses.—Popular Science Monthly.
