L. F. JONES, DRY GOODS

Island Pond, Vt., May 10, 1916.

To the Citizens of Island Pond:—

We desire to call attention to the letter on "Clean-up Week" in last week's HERALD by Dr. Sargent, health officer, and would respectfully urge every family at once to carry out its suggestions. For the sake of health to see that all refuse matter is destroyed or removed, and also anything unsightly that tends to mar the natural beauty of our town. We have a town site as beautiful by nature as any in the state and far surpassing most. It is surely beautiful for situation. Let us all try to make it a joy to all who may visit us this summer. A little work, a little care on the part of all will do wonders in removing and abolishing all that is unhealthful and offensive to the eye. The Clean-up Committee will be glad to render all assistance in their power.

Yours for a cleaner, brighter town,
W. H. KANE,
ROBERT GARDINER,
J. R. APPLEBEE,
F. E. RUSSELL,
ROBERT LAWTON,
Clean-up Committee.

The Clean-up committee has been busy the past few days cleaning up and beautifying the village. A meeting of the committee was held Monday and definite working plans made. Money is being raised by subscription to cover much of the expense, and it is hoped everyone will contribute their share. The committee has ordered five garbage cans, which will be placed in convenient places, and in reach of persons wishing to dispose of paper or fruit refuse while on the street. We hope these cans will help much in keeping this refuse from the street and sidewalk as has been the case heretofore. Throughout the village, in places similar to Cross street and Birch Point avenue, where streets meet, and it is convenient, the committee have made grass plots or places for flowers and it is expected the ladies will help in the beautifying of the village by selecting flowers for these places. It must be remembered that the clean-up committee cannot alone clean the whole community, and we wish to ask for the cooperation of everyone, especially property owners. If all the people back up the movement with their sympathies and a little honest work, there will be no doubt as to the results of their efforts. To encourage the work the Bosworth Store Co. offers the following prizes: First prize \$5, second prize \$3, third prize \$2, for the best kept lawn and flower garden, prizes to be awarded by the Clean-Up Committee Sept. 1st next. All together now, BOOST.

APPRENTICES WANTED:—15 to 18 years of age for machinist trade, for period five years during which period they will receive practical and technical training. Apply R. GARDINER, Locomotive Foreman, Island Pond, Vermont. 41-2t
