GREAT & IMPORTANT CHEMICAL DISCOVERY

Chemical Combination from the Vegetable Kingdom to Repeal Diseases.

Dr. GUYSSOTT'S

EXTRACT OF YELLOW DOCK AND SARSAPARILLA

THE MOST SUCCESSFUL MEDICINE IN THE WORLD!

The result of a series of Chemical Experiments, this Compound Extract of Yellow Dock and Sarsaparilla, with almost equally powerful vegetable substance, is one of the greatest discoveries of the age; and is the first and only instance in which the medicinal properties of the vegetable have been united into a Compound possessing the due proportion of the peculiar virtues and powers of each.

Its success is astonishing, having performed over fifteen thousand cures since its discovery—less than two years!

It unrivaled power over disease, and great superiority over all Simple Sarsaparilla Symples, may be attributed to the fact that it is composed purely of vegetable substances, each one having directed to its proper internal organ; consequently the whole system is benefited.

It is the most highly concentrated Syrup in use, and being in Quart Bottles at one dollar per bottle, it is also the cheapest. It purifies and enriches the Blood, and restores the Body and complexion, more effectually than any medicine known.

It is pleasant to the taste, occasions neither sickness nor pain in its operation, can be taken instead of business or diet, and by the aged and infirm, with the greatest efficacy.

It is the GREATEST BLESSING ever possessed by man.

This extract of Yellow Dock and Sarsaparilla is a positive, specific and permanent cure for

Consumption, Scrofula, Erysipelas, Rheumatism, Gout, Liver Complaints, Spinal Affections, Ulcers, Syphilis, Dropsy, Asthma, Piles, Scoury, Affections of the Bladder and Kidneys, Mercurial diseases, Corrupt Humours, Rush of Blood to the Head, Fever and Ague, Female Complaints, General Debility, Dyspepsia, Loss of Appetite, Colds, Headache, Costiveness, Gravel, Night Sweats, &c.

Organic Affections, Palpitation of the Heart, Bites, Pains in the Side, Chest, Back, Limbs, &c. &c.

IT IS INFALLIBLE

In all diseases arising from an impure state of the Blood, or irregular action of the system.

The Symples is a scientific Compound of the most valuable plants in Nature, entirely free from deleterious and enervating mineral substances, and as it expels disease from the system, imparts strength and vigor in a corresponding degree.

OPINIONS OF PHYSICIANS.

This is to certify that we, the undersigned physicians of the city of New York, have in a great many cases prescribed Dr. Guyssott's extract of yellow dock and sarsaparilla, and are fully assured that it is equal to any of the various sarsaparilla and sarsaparilla preparations that have ever been sold.

TESTIMONY.

The following letters indicate its salutary effect in cases of DYSPEPSIA, GENERAL DEBILITY, &c. DYSPEPSIA CURED OF 20 YEARS STANDING.

St. Johnsville, Montgomery Co., N. Y., Jan. 3, 1843.
S. F. BENNETT—Dear Sir—Some four weeks since, I was induced to try your Yellow Dock and Sarsaparilla for Dyspepsia; had been afflicted about 20 years, most part of the time unable to eat any thing without suffering from its effects. I have used now only one bottle of your invaluable medicine, and consider myself entirely cured solely by its use. Can now eat a hearty meal, without the slightest inconvenience.

Very truly yours,
ANTHONY BECKMAN.

THE BEST FEMALE MEDICINE KNOWN

The most alterative and purifying of Dr. Guyssott's Extract of Yellow Dock and Sarsaparilla, render it peculiarly applicable to the slender and delicate constitution of the female. It is unrivaled in its effect upon such diseases as Isleptic Consumption, Barrenness, Leucorrhoea, or Whites, Irregular Menstruation, Incontinence of Urine, and general Prostration of the system. It immediately counteracts that distressing nervousness and lassitude so common to the female sex, and imparts an energy and buoyancy as if she were in the prime of her life.

We have evidence on file, which induces us strongly to recommend this medicine to married people who have not been blessed with offspring.

We cannot, of course, exhibit certificates to any extent in the above class of complaints, but give the following extract of a letter recently received as some indication of the extraordinary virtue of this medicine as a remedy for the diseases referred to.

GREAT POPULARITY.

The following is the commencement of an interesting letter just received. It is but one of the many instances which we are daily receiving of the unprecedented popularity of this medicine in every part of the Union.

St. Johnsville, Montgomery Co., Geo. July 21, 1848.

The Yellow Dock and Sarsaparilla gives unbounded satisfaction, and I think will, in a short time, supersede all the other preparations of Sarsaparilla now in the market.

Very respectfully,
R. CARTER.

CAUTION EXTRAORDINARY.

The great reputation of this medicine has induced numerous counterfeiters and imitators to copy it, and to sell it under the name of the original.

Beware how you buy medicine put up in square quart bottles. Be very sure and ask for Dr. Guyssott's Compound Extract of Yellow Dock and Sarsaparilla, bearing the written signature of S. F. Bennett, on each outside wrapper, written with black ink, and do not on any account, be induced to buy any other article—as it is this preparation only that is performing such marvelous and astonishing cures. Take no man's word; as persons having the counterfeit medicine find not the genuine, are so careless as to make their profit—consequently you are liable to buy worthless trash, unless you examine for your selves.

It is well in all cases to cut out this caution and put it in your pocket-book and compare with medicine.

Remember, DR. GUYSSOTT'S YELLOW DOCK AND SARSAPARILLA.

Prepared at S. F. Bennett's Laboratory, Little Falls Herkimer county, N. Y., and sold by

Sturges & Hoar, Middlebury; A. Sprague, Vergennes; A. P. Rocco, New Haven; Warren Brown, Addison; G. W. Parmelee, Bristol; Sholes, Ferrisburgh; T. Smith, Monkton; N. S. Bennett, Bridport; Catlin & Wright, Orwell; Kent Wright, Shoreham; D. B. Barber, Benson; Henry Simonds, Pittsford; Volney Ross, Brandon; Luther Daniels, Rutland; Royal P. Pomfret, Castleton; James N. Kelsey Fair Haces, Geo. E. Harrington, Burlington, and by the principal druggists and Merchants throughout the United States, West Indies and Canada.

None genuine unless put up in large square bottles containing a quart, with the name of the Syrup blown in the glass, with the written signature of S. F. BENNETT on each outside wrapper. 22—6m.

PURIFY! PURIFY!

Life and Health are in the Blood.

Cleanse, Purify, and Regulate the Circulation, and the whole body will be healthy. The most wonderful effect of this medicine is, that it not only purifies the blood, but also the system, and restores the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed wonders in the last two years more than 25,000 cures of severe cases of disease, at least 80,000 of these were considered incurable. More than 3,000 cases of Chronic Rheumatism, 2,000 cases of Dyspepsia; 4,000 cases of General Debility and Want of Energy; 8,000 cases of the different Female Complaints; 20,000 cases of Scrofula; 1,500 cases of the Liver Complaint; 2,500 cases of Disease of the Kidneys and Dropsy;

8,000 cases of Consumption; And thousands of cases of diseases of the blood viz: Ulcers, Erysipelas, Salt Rheum, pimples on the Face, &c. &c., together with numerous cases of Scurvy, Rheumatism, Pain in the side and Chest, Spinal affections, &c. &c. must appear incredible, but we have letters from Physicians & our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable Druggists of New York, N. Y., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the preparation of disease known. It undoubtedly saved 5,000 CHILDREN THE PAST SEASON. As it removed the cause of disease, and prepared them for the Summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief, this entire expels the disease from the system, even when the limbs and bones are dreadfully swollen.

53—Hear Mr. Seth Terry, one of the oldest & most respectable Lawyers in Hartford, Conn. Dr. Townsend—I have used one bottle of your Sarsaparilla, and it is excellent in its effects upon a Chronic Rheumatic pain to which I am subject, from an injury occasioned several years ago in a fall. I had tried every other medicine, but it was not until I used your Sarsaparilla, that I was cured. I have conversed with two of our principal Physicians, who recommended your Sarsaparilla.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption cured. Cough, Catarrh, Croup, Asthma, Spitting of Blood, Soreness in the Chest, Hoarse, Night Sweats, Dropsy, Rheumatism, Pains in the Side, &c., have been and can be cured.

Dr. Townsend—Dear Sir—Nearly 30 years ago I took a violent cold, which settled on my lungs and effected me severely, indeed finally, it became a constant hacking cough, but not so bad as to prevent me from attending to my business. Within the last two years it increased so gradually. At last I became reduced—I breathed with difficulty and raised with my cough much mucus. I had tried every other medicine, but it was not until I used your Sarsaparilla, that I was cured. I have conversed with two of our principal Physicians, who recommended your Sarsaparilla.

SETH TERRY.
Hartford, March 12, 1845.

GIRLS, READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle of Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits and beautiful complexion—all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign & speedy cure for insipid Consumption, Barrenness, Leucorrhoea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, or for the general Prostration of the System, no matter whether the result of inherent cause, or produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effect on the human frame. Persons all over the world are daily testifying to its power to come robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of barrenness, if you choose to use it.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this Sarsaparilla medicine, have been blessed with healthy offspring.

Dr. Townsend—My wife being greatly distressed by the use of said medicine, and suffering continually by pain and a sensation of being down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also heard of its recommendation for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints, and restored her health. Being grateful for the benefit she received, I take pleasure in thus acknowledging it, and recommending it to the public.

TO MOTHERS & MARRIED LADIES.

This Extract of Sarsaparilla has been especially prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive of all the numerous and horrible diseases to which females are subject at that time of life. This period may be delayed several years by using this medicine. Nor is it less valuable for those approaching womanhood, as it is called to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the diseases to which women are subject. It braces the whole system, renews permanent

CONSUMPTION CURED DAILY

BY DR. HASTINGS' Compound Syrup of Naphtha.

THE MEDICAL FACULTY, as well as the public, are struck with wonder at the numerous cures made daily by this extraordinary medicine, and it is now acknowledged by many of our most eminent physicians, to be a certain and speedy cure for tubercular Consumption in its worst stages. It has been recommended by that eminent Physician, Dr. Mott, and is constantly used in the Marine Hospital at Savannah, Georgia, and in the Senior Physician of the Hospital, The London Letter, London Medical Journal, British Medical Review, and all other of the London Medical Journals. It has spoken every tongue in praise of the surprising effects of Dr. Hastings' preparation. It has been thoroughly tried, not only in the Hospital under the charge of Dr. Hastings in London, but also by all the first physicians of England, and all have fully endorsed it as an unrivaled remedy in Consumption and all other diseases of the Lungs.

The following are a few of the opinions expressed by the Medical Faculty of England. Dr. Williams of Manchester, writes as follows:

"Under its influence I have seen the emaciated being, on whose life death had seemed to have sealed, acquire vigor and strength; and exchanging his cough for a calm repose which alone accompanied sound health."

Dr. Ware, of Liverpool, says:—I regard Hastings' Syrup of Naphtha as one of the first medicinal discoveries of our age, and consider its agency in curing Consumption as established beyond all doubt or question." Dr. Boyd of Leicester, writes as follows:

"I have seen the most consumptive of England, and Hamilton of Bath, pronounce it the only known remedy which may be relied on for removing Tubercles from the Lungs, and preventing formation of adhesions."
