SEVER'S JOINT & NERVE

Liniment.

AN invaluable family medicine.
Recommended by the Medical Faculty.
For Rheumatism, Gout, Sprains, Bruises, Cramp, Lameness, Pain in the side, back, and Loins, Catarrhs, Felons, fresh wounds, Burns, Scalds, Face-aches, Ague, Nervous Headache, and all cases of

External Injury.

It restores and invigorates the nerves, gives elasticity to the joints, promotes a healthy circulation of the blood, and imparts strength to any part of the system which may have been weakened by sedentary habits or disease.

It is impossible to present to the public all the evidence which the proprietors possess of the virtues of this Liniment. Many families keep it constantly by them, believing it to be the best remedy in use for diseases requiring external treatment. The good effects of it are truly wonderful and altogether superior to anything else ever discovered.

IMPORTANT TO HORSEMEN!

This Liniment is not only beneficial to the human system, but also to the horse, and can be used for horses that have been galled, sprained or bruised, and for stiffness and swelling of the joints, scratches, wind-galls, fresh wounds &c. The original and genuine is prepared only by T. SEVER & SON Druggists, Walpole N. H. OBSERVE—Every bottle of the genuine will have the signatures of the proprietors on the inside wrapper. CONSUMPTION

AND

Liter Complaint.

DR TAYLOR'S BALSAM OF LIV-
WORT, from 375 Bowery, N. Y., for the cure of Coughs, Colic, Catarrh, Asthma, soreness of the Chest, pain in the side and back, raising of Bloodiness, Consumption, Bronchitis, all those affections of the throat and Lungs, which are a source of so much suffering and unrelieved, so often terminate in Consumption—this remedy is highly and justly distinguished. It is purely vegetable, mild and gentle in its effects upon the system, and can be taken in the most delicate cases, with safety as well as utility. Physicians, aware of its medicinal properties, and witnessing its effects even in extreme and in some instances, apparently insuperable cases, often prescribe it in practice, and as a palliative and a remedy, and with the Medical Faculty generally, it has met with great approval.

Certificates from the highest and most respectable sources, of persons who have either been greatly relieved by it, or entirely recovered from affections of the Lungs and Liver which were furnished in abundance, but they will be found only in the wrapper, which is around each bottle. The public are cautioned against the counterfeit and imitations which are offered for sale at any price, on the reputation of this really valuable remedy. Be careful to see that the new label is on each bottle to prevent counterfeits with the name of GRIDLEY J. LEEDS, sole wholesale agent, which none of the genuine will have.

N. B. There is a spurious and counterfeit article abroad, and lately introduced into this place. Therefore be careful to get the genuine, which is from 375 Bowery, New York, and is for sale in Middlebury by Sidney Moody, sole agent for the genuine article in this place. 75-1

The long established reputation of this company, and the promptness with which all their transactions have been characterized, render it unnecessary to say anything in its favor. All business transacted with the office interested to him will be faithfully and promptly transacted. JONATHAN HAGAR.

To Wool Growers.

THE Subscriber being a Yankee, and wishing to excel in the improvements of the day, has used every exertion, and consulted in his opinion, the most experienced practical wool growers in North America, viz. Effingham Lawrence of Flushing Long Island, Henry Swift of Pookoosie Dutchess Co., Jennison and Grant of Walpole, N. H., and several on Nantucket Island, likewise with H. D. Grove of Hoosick N. Y., and finally decided and purchased of Henry Swift, from his choice flock a few choice ewes, and one stock sheep, and would offer to the public a few select stock sheep, for the superiority of which reference may be had to Silas H. Jennison of Shoreham, of Asa Chapman of Middlebury, Rockwood of Bristol, Azel Chipman of Shoreham, S. Z. Walker and P. Ellithorp of Bridport, Hollet Thora Addison, all of whom have improved from my flock. I would say that in my humble opinion, on weight and clean fine wool combined together, they cannot be surpassed in this northern section. Gentlemen do not be so kind that you will not call at my residence in Shoreham and judge for yourselves.

Likewise have succeeded in procuring a few Prime Pouter Merino Stock sheep with which I should be pleased to accommodate any who should wish to improve their kind.
HORATIO BIRCHARD.
