Paul Dillingham has been defeated for Congress, and by such a Whig force as to render his future election contingent except by an union of Third-Partyism upon him. Addison County notwithstanding the onslaught of the furious apostles of Third-Partyism upon her just before election, has nobly sustained herself. She has made three Whig gains in the Legislature to the Locos or Third-Party one, and increased from last year between four and five hundred on the State Ticket. The Birney men have very little to boast of in 'Old Addison,' and here This State has just chosen a Whig Gov- and elsewhere have proselyted more from ernor by a majority of over 4500, and the Loco-Foco party who have attended their meetings and cheered them forward, than from the Whig ranks. The Liberty Party through the State in the same way have gained upon the State tickets a dozen ity they ever had in the Legislature, not members of the Legislature, and prevented many elections chiefly in Loco towns. But their high anticipations have been blasted for the present, if not forever hereafter. Last year the party polled 38 hundred and their increase will be about 1500. The Freeman says most of this increase is from the "show Democracy.'

Windsor County has done nobly having gained over 1000 to the Whig majority since last year, notwithstanding the addition of 157 to the Liberty party. A few of her townsdeserve notice.
