

JASPER COURIER.

The roads are getting a good deal better.

WANTED.—A few bushels of potatoes at the "Courier" office.

Prof. Keller talks of suing for libel, on account of the publications in the Courier and Signal regarding his Concert at Huntingburg.

The tobacco trade continues brisk this week, but without any material alteration of prices.

Each of our saw mills have an order for all the walnut lumber they can saw the coming summer.

The saw mill of Leming & Co., at Portersville, is sawing a boat pattern for a corn boat for Hobbs & Morgan.

The platted ground of the city of Indianapolis is said to cover sixty thousand acres.

As Lent began on Wednesday, the young people had a farewell dance at the Farmers' hotel Monday night.

A good many foolish and a good many amusing volentines passed through the P. O. here this week.

The O. & M. Co. have purchased the Cairo and Vincennes road, thus securing a Southern outlet.

No. One of Vol. Sixteen of the Jasper Courier starts out with several new subscribers, for which we are thankful to friends, and as politely as we can say "do it some more!"

PREACHING.—Rev. L. Jones will preach in the M. E. Church in Jasper, on Sabbath next at half past 3 o'clock. The public are invited.

The Board of County Commissioners meet a week from next Monday in regular session. Let those who have business before them be ready.

The reporter of the Cincinnati Enquirer says all of the reporters of the Cincinnati German papers in the Constitutional Convention of Ohio are bald headed, and therefrom, draws the inference that lager beer and pretzels are rough on the hair.

The Secretary of the Rockport railway company, Capt. H. H. Tatem, informs us that the prospect for the early building of that road is favorable, and that a statement of its condition will be made by an authorized party, to our Co. Commissioners at their next term.

QUICK WORK.—Mr. Henry Berger began on Thursday, of last week, building a flat boat, 60 by 18 feet, for Eckert & Co., to take a load of flour south, and completed it yesterday, ready to start on the first rise to the land of flowers, and storkies who are healthy and hungry.—This is rapid boat building.

FRESH OYSTERS.—Harris' restaurant will become as famous for good things, as Delmonico's, in New York, or Walker's, at Louisville, by the time Jasper attains its expected ten thousand inhabitants. Already its fame for delicious oysters is drawing customers from the surrounding country; but he keeps a sufficient quantity to supply all who call.

SAFETY LAMPS.—Read the advertisement of these lamps in another column. If they prove to be half what they claim, they should entirely supersede the kind at present in use. The Company has promised to send us one, and when we get it we can tell more about it, and will be glad to show it to those wishing to investigate. A mica chimney will certainly be a great saving in most families.

We regret to learn that the continued ill health of Rev. H. W. Bryant, of Ireland, necessitates the relinquishing by him of the charge of the Cumberland Presbyterian church in this county, and at least temporarily of all ministerial labor, and that he will shortly move to Illinois. During his short residence in this county his upright demeanor, and more than ordinary talent, have won for him hosts of admirers and warm friends whose prayers for his restoration to health, and future usefulness, will ascend where'er his lot may be cast.

REVIVALS.—We learn that an interesting revival of religion is in progress at Green's school house, in this township, and that several substantial and prominent citizens, among them Hen. Wm. H. Green, have professed a knowledge of sin forgiven, and drank from the fountain of everlasting love. The meetings are presided over by Revs. Myers, of the C. P., and Miller, of the Methodist persuasions.

A revival is also in progress under the ministrations of Rev. J. E. Holloway, of the M. E. church, at the McMahan school house in Patoka township. May the Lord prosper the good work.

The "N. Y. Independent" on T. DeWitt Talmage.

The N. Y. Independent says: "Mr. Talmage is a pulpit phenomenon. He is in dead earnest, and every blow tells." Mr. Talmage has become editor of The Christian at Work. Spurgeon, of London, is special contributor. This is one of the greatest newspaper combinations of the day. The office is at 102 Chambers street, N. Y. Specimen copies mailed free.

We call attention to the advertisement of the Florence Sewing Machine Company in this issue. The Florence is a first class machine in every respect, and the price of it has been reduced 40 per cent, making it the cheapest machine in the market. Those contemplating the purchase of a sewing machine should examine the Florence.

For illustrated catalogues and price write to J. W. Smith, agent at Indianapolis, Ind.

The Grape crop of New Jersey is not so flattering as last year. The vineyards of Alfred Speer, of Passaic, which comprise over 46 acres of the Oporto Grape, will not yield much over a two-thirds crop. Mr. Speer raises the Grapes on poles only, as in Portugal, instead of on a trellis, as is the custom in France. The Port Grape Wine of Passaic, N. J., has a great reputation in Europe as well as in this country.

Demorest's Monthly Magazine seems to improve with each issue. The March number comes to our table redolent with spring novelties, spring music, spring literature, and spring fashions. This Magazine richly deserves to be called a model. It is printed in beautiful style on fine toned paper, and in every respect is No Plus Ultra. The premiums offered are far in advance of all others. Jerome Thompson's Old Oaken Bucket, in size and beauty, is worth several times the cost of the yearly subscription, \$3. Address, W. JENKINS DEMORST, 838 Broadway, N. Y.

Demorest's Young America for March contains its usual variety of useful and entertaining reading for the juveniles. Dr. Deems' Stories Illustrating the evils of Intemperance, with Cartoons, increases in interest. Every boy and girl should read Young America. Yearly \$1 with a beautiful Chromo Premium. Address, W. JENKINS DEMORST, 838 Broadway, N. Y.

To Every Citizen of Dubois Co.

We are desirous of publishing a paper which will advance the interests of the county in every way, and to that end request your assistance. We want you to furnish any items which you think will be of interest in your locality, any local events of interest happening we would be glad to hear of,—also any discoveries of minerals, or other articles. Remember, we cannot be everywhere at the same time, and if you want a really good paper, you can help make it so, and at the same time bring your locality into public notice. Short communications are invited upon any subject, and for those who have not been accustomed to writing for the public, we will cheerfully correct any errors their manuscript may contain. Send along the items.

Extra Special Notice.

BEWARE OF COUNTERFEITS! Smith's Tonic Syrup has been counterfeited, and the counterfeiter brought to grief. SMITH'S TONIC SYRUP. The genuine article must have Dr. John Bull's private Stamp on each bottle. Dr. John Bull only has the right to manufacture and sell the original John Smith's Tonic Syrup, of Louisville, Kentucky. Examine well the label on each bottle. If my private stamp is not on each bottle do not purchase, or you will be deceived.—See my column advertisement, and my show card. I will prosecute any one infringing on my right. The genuine Smith's Tonic Syrup can only be prepared by myself. THE PROPRIETOR'S SERVANT, DR. JOHN BULL, Louisville, Kentucky, July 4, 1873.

PHYSICIANS AND DRUGGISTS.

A prominent New York physician lately complained to Dr. J. E. B. about his SANDALWOOD OIL CAPSULES, stating that sometimes they cured miraculously, but that a patient of his had taken them for some time without effect. On being informed that several imitations were made and sold, he inquired and found that his patient had been taking capsules sold in bottles, and not DUNDAS BUCK & CO'S. What happened to this physician may have happened to others, and DUNDAS BUCK & CO., take this method of protecting physicians druggists and themselves, and preventing Oil of Sandalwood from coming into disrepute.

PHYSICIANS who once prescribe the Capsules will continue to do so, for they contain the pure OIL of DUNDAS BUCK & CO., use more Oil of Sandalwood in the manufacture of their Capsules than all the Wholesale and Retail Druggists and Perfumers in the United States combined, and this is the sole reason why the pure OIL is sold cheaper in their capsules than in any other form.

OIL OF SANDALWOOD is fast superseding every other remedy, sixty capsules only being required to insure a cure, and certain cure in six or eight days. From no other medicine can this result be had. Dr. J. E. B.'s Capsules select the problem long considered by many eminent physicians, of how to avoid the nausea and disgust experienced in swallowing, which are well known to detract from, if not destroy, the good effects of many valuable remedies. Sixty Capsules are put up in tin-foil and neat boxes, thirty in each, and are the only capsules prescribed by Physicians.

These were the only Capsules admitted to the last Paris Exposition. Send for Circular to 22 Winter Street, New York. SOLD AT ALL DRUG STORES. General Agency, 110 Beade Street, New York. Jan. 23, 1874-4w.

Pay us what you owe us.

MANHOOD! HOW LOST, HOW RESTORED

Just published, a new edition of Dr. Culver-well's Celebrated Essay on the radical cure (without medicine) of SPERMATORRHOEA or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also COXSAIGMA, EPILEPSY and FITS, induced by self-indulgence or sexual extravagance.

The celebrated author, in this admirable essay, clearly demonstrates from thirty years' successful practice, that the alarming consequence of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This lecture should be in the hands of every youth and every man in the land. Sent under seal, in a plain envelope, to any address, post-paid, on receipt of six cents, or two post stamps. Address the Publishers,
