The Impossible.

Luther Burbank looked worried. "What's the trouble?" they asked. The wizard knitted his brow. "I've been trying to produce a graftless politician, but it's no use."

Saying which, he grafted a watermelon onto a pumpkin.—Milwaukee Sentinel.

Great Strain on the Hub. The mayor of Boston is charged with misquoting Emerson. It is hoped the people will be calm and let the law take its course.

Of Interest to Women.
 Every woman naturally should be healthy and strong, but a great many women, unfortunately, are not, owing to the unnatural condition of the lives we lead. Headache, backache and a general tired condition are prevalent amongst the women of today, and to relieve these conditions women rush to the druggists for a bottle of some preparation supposed to be particularly for them, and containing—nobody knows what. If they would just get a box of Brandreth's Pills, and take them regularly every night for a time, all their trouble would disappear, as these pills regulate the organs of the feminine system. The same dose always has the same effect, no matter how long they are used.

Brandreth's pills have been in use for over a century, and are for sale everywhere, plain or sugar-coated.

Henry Clay and Lew Wallace.
 "Mr. Clay was of a personality once seen never to be forgotten. Tall, slender, graceful, he had besides the air majestic which kings affect, imaging it exclusive property."
 "Throughout Mr. Clay's performance my eyes scarcely left his countenance, which, as he proceeded, sank from sight until, by the familiar optical illusions, nothing of it remained but the mouth, and that kept enlarging and widening until it seemed an elastic link holding the ears together. Indeed, at this late writing, my one distinct recollection of the man and his speech is the mouth and its capacity for infinite distension."—Autobiography of Lew Wallace.

MIX THIS AT HOME.

Valuable Prescription Which Anyone Can Easily Prepare.

The following simple homemade mixture is said to readily relieve and overcome any form of Rheumatism by forcing the Kidneys to filter from the blood and system all the uric acid and poisonous waste matter, relieving at once such symptoms as backache, weak kidneys and bladder and blood diseases.

Try it, as it doesn't cost much to make, and is said to be absolutely harmless to the stomach.

Get the following harmless ingredients from any good pharmacy: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup of Sarsaparilla, three ounces. Mix by shaking well in a bottle, and take a teaspoonful after each meal and again at bedtime.

This simple mixture is said to give prompt relief, and there are very few cases of Rheumatism and Kidney troubles it will fail to cure permanently.

These are all harmless, every-day drugs, and your druggist should keep them in the prescription department; if not, have him order them from the wholesale drug houses for you, rather than fail to use this, if you are afflicted.

WHEN HIS BABY WAS DYING.

The Milkman Was Late That Day, but None Complained.

A few days ago people on Linwood boulevard who patronize a certain milkman missed his familiar before-breakfast ring, says the Kansas City Star. It was late in the morning when he finally made the rounds. And the women scolded.

"I'll have to take milk from somebody else!" one irate housewife snapped.

"All right, madam," he said, softly. Something in his voice made her pause.

"What made you late?" she demanded, still angry.

A tear wavered on the milkman's eye and trickled slowly down his cheek.

"When—when I left home," he began.

He paused and gulped at something in his throat.

"When I left," he said, "my baby—was dying. I knew someone—would be—angry—with me if I didn't—come so!"

He could say nothing more. The woman said, gently:

"I'm sorry."

Next day the milkman failed to appear. The second day he was around very early.

"We buried her yesterday," was his explanation.

No one chided him. They understood. His baby was dead.

GUIDES CHILDREN.

Experience and a Mother's Love Make Advice Valuable.

An ill mother writes about feeding children:

"If mothers would use Grape-Nuts more for their little ones, there would be less need for medicines and fewer doctor bills."

"If those suffering from indigestion and stomach troubles would live on Grape-Nuts, toast and good milk for a short period they would experience more than they otherwise would believe."

"Our children have all learned to know the benefit of Grape-Nuts as an appetizing, strengthening food. It is every evening, with few variations, like this: 'Mamma, let's have toast and Grape-Nuts for breakfast; or, let's have eggs and Grape-Nuts—never forgetting the latter.'

"One of our boys in school and 15 years of age repeatedly tells me his mind is so much brighter after having Grape-Nuts as a part if not all his breakfast." Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in pgs. "There's a Reason."

WORKS IN THE GARDEN.

Eighty-Seven Years Old, But Has a Sound Back.

Robert Scollan, 87 years old, of 55 Garden St., Seneca Falls, N. Y., a fine, sturdy old gentleman, who works in his own garden, gives thanks to Doan's Kidney Pills for his sound back and kidneys. Mrs. Goetchous, his daughter, says: "Father had a severe attack of kidney trouble and lumbago, which caused him much suffering. He began taking Doan's Kidney Pills and was soon cured. We always keep them on hand. My husband was cured of bad pains in the back by taking only part of a box."

Used Him as Eraser.

The late Dr. Henry Martyn Field some years ago related at a Williams alumni dinner a rather amusing incident of his freshman days at college. Being only 12 years old when he entered he had not reached the point where the natural friction between the big boy and the small boy ceases and he was at particular feud with one of his fellows, a stalwart country youth fresh from the farm. One day young Field went early to the classroom and put upon the big blackboard a very exasperating caricature of his enemy, with his name beneath. When the aggrieved party saw what had been done he said not a word, but catching up his youthful tormentor, he used him as an eraser and after rubbing out the offensive picture quietly took his seat.

Wonder of Plant Memory.

Plant memory is a problem for the inquisitive botanist, says the Dundee Advertiser. In 1901 a plant allied to the squash and pumpkin was taken to New York from the desert of Sonora, in Mexico, and since then it has been kept—without watering—in a strange climate 3,600 miles from home. During the six weeks of rain in the desert the plant grows its leaves and flowers and perfects its seed. Then it dries up and leaves only a water-filled gourd, which a thick, hard shell seals against animals and evaporation. The transplanted specimen still remembers the rainy season of six weeks. It wakes, sends out rootlets, stems and leaves, and then dries up again until the following year.

NO RELIEF FROM ECZEMA

For Over Two Years—Patent Medicines, Quack Cures, and Doctors Fail—Cuticura Succeeds.

"I was very badly afflicted with eczema for more than two years. The parts affected were my limbs below the knees. I tried all the physicians in the town and some in the surrounding towns, and also tried all the patent remedies that I heard of, besides all the cures advised by old women and quacks, and found no relief whatever until I commenced using the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. In the Cuticura Remedies I found immediate relief, and was soon sound and well. C. V. Beltz, Tippecanoe, Ind., Nov. 15, '05."

Hostess' Trade Union.

What is wanted is a hostess' trade union, a powerful combination of society women pledged to maintain their own self-respect, and to extinguish socially any man guilty of the slightest lapse of the courtesy which every woman has every right to expect. The drawback to the formation of such a society lies in the fact that unfortunately being respected neither by men nor by each other most women do not respect themselves either.—Ladies' Field.

Laundry work at home would be much more satisfactory if the right starch were used. In order to get the desired stiffness, it is usually necessary to use so much starch that the beauty and fineness of the fabric is hidden behind a paste of varying thickness, which not only destroys the appearance, but also affects the wearing quality of the goods. This trouble can be entirely overcome by using Dufrance Starch, as it can be applied much more thinly because of its greater strength than other makes.

Cyclist Amuses Sultan.

The sultan of Turkey occasionally finds amusement in watching the performance of Mustafa, the court cyclist, who is said to be the only person who has ever made his majesty laugh. Mustafa accompanies his gyrations with frequent bursts of monologue, showing himself to be almost as good a wit as he is a cyclist.

THREE EPOCHS IN A WOMAN'S LIFE

MRS. ELVA BARBER EDWARDS

There are three critical stages in a woman's life which leave their mark in her career. The first of these stages is womanhood, or the change from a care free girl to budding womanhood.

The second is motherhood, and the third is Change of Life.

Ferils surround each of these stages, and most of the misery that comes to women through ill health dates from one or another of these important crises.

Women should remember that Lydia E. Pinkham's Vegetable Compound made from native roots and herbs has carried thousands of young girls over the critical period of puberty, has prepared mothers for childbirth, and in later years carried them safely through the change of life more successfully than any other remedy in the world. Thousands of testimonials from grateful persons, two of which are here published, substantiate this fact beyond contradiction.

Mrs. George Walters of Woodlawn, Ill. writes:

"I feel it my duty to tell you of the good Lydia E. Pinkham's Vegetable Compound has done me in preparing for childbirth. After suffering and losing my children a friend advised me to try your valuable medicine, and the result was that I had very little inconvenience, a quick recovery and

During its long record of more than thirty years its long list of actual cures, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person.

Great Merchant Born on Farm. Like many other monarchs of trade, William Whiteley, the London merchant who was murdered recently, was born on a farm. It was his boast that he stood ready to fill any order, no matter how unprecedented. A story is told of two army officers who went into his great London store and one of them asked for six elephants. They were forthcoming and the man who had bet they wouldn't be there paid, though it turned out that the winner had arranged with Whiteley in advance.
