I was all run down from nervousness and overwork and had to resign my position and take a rest. I found that I was not gaining my strength and health as fast as I could wish, and as your Wine of Cardui was recommended as such a good medicine for the like of our sex, I bought a bottle and began using it. I was satisfied with the results from the use of the first bottle, and took three more and then found I was restored to good health and strength and able to take up my work with renewed vigor. I consider it a fine tonic and excellent for worn-out, nervous condition, and am pleased to endorse it.
