It is not the intention of this government to dispatch big battleships to the scene of the trouble. They would be of no use after their arrival because of the small harbors and shallow streams, the secretary of the navy explained last night.

"The naval forces now guarding Nicaragua is powerful enough to blow all Central America to kingdom come." declared a naval officer in explaining the preparedness of the United States for any eventuality.

The state department says Vice-Consul Caldera at Managua is in no danger now. The warships and the bluejackets which have been landed are guarding foreign interests to the complete satisfaction of the United States.

The Nicaraguan situation will be brought before the senate at the first opportunity. Senator Rayner will offer a resolution providing for an investigation in the execution of Cannon and Groce by President Zelaya. He will urge its immediate adoption.

Rayner Supports Administration. Senator Rayner purposes making a strong defense of the administration in dealing with Zelaya. This in itself will be sensational as Mr. Rayper was the most violent and persistent critic of Mr. Roosevelt and his policies that the senate contained.
