Dubois Co. Fair.

August 10 to 15, 1914.

We have received a copy of the new premium list of the Dubois Co. Fair to be held at Huntingburg Aug. 10 to 15. It will be the 1st fair this year in the Ohio Valley Fair Circuit.

The Dubois County Fair at Huntingburg is not only first in the circuit, but it is also progressive in a business sense.

No more deduction of twenty percent.

All premiums are paid in full.

They have never yet prorated in the payment of premiums.

The list has been greatly revised.

The grounds and the track are in excellent shape for a record breaking fair.

They want you to prepare something for exhibition.

The "PROTECTIVE TARIFF CYCLOPEDIA," prepared and published by the American Protective Tariff League, New York will be ready for distribution on or about August 1st. The CYCLOPEDIA will contain the official text of the Underwood law; the Underwood and Payne-Aldrich laws compared, giving every rate of duty on articles in both laws; what one hundred and fifty two United States Senators and Congressmen said for and against the Underwood bill; and a copious index of over 8,000 citations. The volume will consist of about nine hundred (900) pages and will answer all questions on the Tariff Question.

Commissioners Court.

\$8,055.19 Allowed.

The County Commissioners held their regular July session last Monday. 136 different matters were attended to. Claims to the amount of \$8,055.19 were allowed.

The contract for the Peter Doll extension of the Bainbridge tp. rock roads were let to a Mr. Kinman, of Petersburg for \$10,500.00.

The Engineers estimate was \$11,200.00. So the contract price is \$700 lower than the estimate. The Commissioners will now offer the bonds for sale. The various County officers made their quarterly reports and received their salaries. See Allowances in another Column.

Miss Dela Simons is visiting in Jasper this week.

Mr. F. S. Gerrard

Of Louisville, well known in Jasper as "Kitty" Gerrard the one time baseball pitcher for the old Famous Jasper Reds Base Ball Club of 1906. That was the year Jasper had a ball club and Kitty was their tower of strength in the pitchers box. Out of 20 games that he pitched he won 17, lost 2 and tied 1. During the season the Reds were never shut out and they shut out their opponents 7 times. The Reds scored a total of 133 runs to their opponents 34. It was a great team with a great battery. All the old time fans in Jasper were glad to see "Kitty" because he was always pleasant, and contrary to the usual run of Ballplayers, he was always a gentleman, and not a tough as some are that we have known.

Ten Rules for Home If Wives Would Avoid Divorce.

Mr. Lewis Poff advances these ten suggestions as a solution of the divorce court danger, after studying the divorce "germ."

1—Let your husband control the home. When you lose your respect for his ability you are losing your love for him.

2—Be a good cook. If you cannot cook, make it your business to hire a good cook and see that meals are on time.

3—Keep your home attractive and cozy. If you are a musician play and sing for him in the evening.

4—Study his disposition and act accordingly.

5—Do not blame all of the troubles on the man. Many times the woman is to blame. I learned this in court.

6—Learn to trust your husband. Accept his explanation when he has been out late. If you could not trust him you should not have married him.

7—Do not nag. Most men have plenty of troubles of their own.

8—Take an interest in his business affairs. If he is a lawyer, talk law to him; if he is in politics, talk politics to him.

9—Exercise your right to vote and he will be proud of you.

10—Show him little affectionate attentions. Make love to him. Men like that rather than being expected to make all the advances in the show of affection.

Newspapers at best have to print much that isn't ideal, because it is mostly their job to mirror life as it is, not life as it ought to be. And in drawing the line between what is fit to print and what isn't the most conscientious judgments will differ.

This newspaper has no hard and fast rules governing its news columns. The editor reserves the right to pass judgment upon the individual cases as they come, and will exercise that right.

DEEDS, NOT WORDS.

Jasper People Have Absolute Proof of Deeds at Home.

It's not words but deeds that prove true merit.

The deeds of Doan's Kidney Pills.

For Jasper kidney sufferers, Have made their local reputation.

Proof lies in the testimony of Jasper people.

Alois F. Pfeffer, Mill St. Jasper, Ind., says: "I was in poor health and my back ached most of the time. At night I couldn't lie in one position for any length of time, and sharp twinges darted through me when I tried to stoop. The kidney secretions caused me no end of annoyance. I often had headaches and dizzy spells, and felt languid and nothing seemed to benefit me. The superior worth of Doan's Kidney Pills was proven when they cured me. Two boxes restored me to good health."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. A. Pfeffer had. Foster-Milburn Co., Props., Buffalo, N. Y.

County Graduates

Jasper, Ind. July 6, 1914

Editor Jasper Courier:—

Referring to your article, "County Graduates," I wish to submit a few facts. The standard of Common School graduates (if there be one) is set by the county superintendents of Indiana. They have decreed that a general average of 75 and not failing below 60 per cent in any of the branches, shall allow the pupil to be promoted to the High School. At present Crawford County alone claims to maintain a different standard. Ninety-one counties claim the standard for the State to be right.

Among the county superintendents of Indiana there is a sentiment that the common school graduates should be entitled to some credit for good class record and school examinations. However no agreement has been reached, concerning this matter. The writer of this was shown a certificate of graduation issued by the County Supt. of Pike County. This certificate shows that the applicant has made a total of 738, which is an average of 82 per cent in the graduates' examination. With the average of the Class record, school examinations, punctuality etc., this average of 82 per cent in the graduates examination was raised to 96 per cent. The highest three in Dubois County made respective totals of 859, 854, 839 in the graduates' examination without any allowance for credits. Naturally the query, "Does Crawford County give the same credits as Pike County?" I believe our graduates have done well, our school authorities are progressive and doing their duty and the List of Dubois County Graduates always was and still is, "A Roll of Honor."

J. T. MELCHIOR Patron.

We do not believe in boosting averages for attendance etc. Because it naturally follows, as night follows day, that the pupils who are prompt in attendance, punctual in class work, good at examinations are the ones who will also have the highest averages. There is no royal road to learning. It takes work and the pupils who work, earn and will have the highest averages. Then again we admire a pioneer and according to the above Crawford County is the pioneer in raising the averages and the sooner the other 91 counties of the state follow her example the better. Then again a certificate of graduation is only a "roll of honor" when it is honestly earned, under a high standard; and the cheaper the Co. Superintendents make them the more worthless they become. Let Dubois Co. raise the average to 85—Ed.

The most vital and triumphant of the new ideas turns out to be the old one of brotherly love and social duty.

CLAYTON CONRAD, CARTOONIST, WHO IS TO APPEAR AT OUR CHAUTAUQUA IN THE AMERICAN QUARTET.

One of the Attractions at Our Forthcoming Chautauqua

AMERICAN QUARTET AND CLAYTON CONRAD, CARTOONIST.

THE program of the American Quartet and Clayton Conrad, cartoonist, will consist of both vocal and instrumental music, interspersed with cartoons—just such a program as Chautauqua audiences delight in. The instrumental music will be presented by three members of the quartet on the violin, cello and piano.

Mr. Clayton Conrad features speech in drawing his pictures. His experience in newspaper cartoon and commercial art work, combined with fine ideas of color, fit him well for the position he holds with this company. The pictures he draws in color are original and are new ideas presented in a novel way. He uses two easels. Mr. Conrad has made a special study of coloring, and the results he obtains in a few moments with crayons are truly wonderful.

The cartoons and caricatures he draws are of the highest order of fun and are bound to make you laugh and cause you to forget your worries and care. When you hear Mr. Conrad read and picture "The Old Red Cradle" you will be convinced that he can also be serious. This number was given so effectively at Williamston, Mich., that a return date was booked on condition that this selection was to be repeated.
