A farmer who was carrying an express package from a city mail order house, was accosted by a local merchant: "Why did not you buy that bill of goods from me? I could have saved you the express and besides you would have been patronizing a home store, which helps pay the taxes and build up this locality." With characteristic frankness, the farmer asked: "Why don't you patronize your home paper and advertise? I read it and didn't know you had the goods I have here, nor do I ever see your name in the paper inviting one to come to your store."
