COLORED WOMEN MAKING GOOD.

Out of about fifty women in the post office who have qualified to do good service by filling places made vacant by men clerks, there are about twenty Colored women appointees. Does this speak a volume? It does seem that our young women think of something else besides finery, ice cream, candy and lucky bean able to take her to cheap matinees and movies.

In other channels and avocations the Colored girls are making good but they

must leave their rag-time ditties, and foolish attitudes, strutting and nonsense at home. Business is business. There is not any excuse to be made for the Colored girl when she attempts to assume the roll of making time and doing such work that must be done, consequent of the war needs. Let us be sober and approach work as the cardinal principal upon which is founded all security.

The Negro soldier is proving what the Negro man is: People who have been warped and suffering from the narrow

views appertaining to other races besides their own often in recent months confound their false-based principles with the logic of events. The pride seems to be a national pride in speaking of behavior and conduct of soldiers it is American soldiers and not of any particular race. This is all it should be. They have always known that ten Negroes could lick a hundred of anything else of human kind, but they scrupulously kept it to themselves, and they have always known but carefully concealed the thought that the Negro

was in a great measure much of the protection to this country.

The Negro soldier is shaping at this present hour the destiny of the Negro race. Encomiums, medals and all that which tell of his bravery and his valor, his hitting power and his intrepid gallantry will help him write the Negro race deeply in the future pages of the history of the world, that is if the white man has that honest courage to tell the truth.

CHARLES A. GRIFFIN, REPUBLICAN CANDIDATE FOR COUNTY COMMISSIONER.

Charles A. Griffin, Republican candidate for county commissioner, was born at Bellaire, Ohio, January 24, 1884, and is the son of James A. Griffin, a Methodist minister. Educated in the public, high and manual training schools of Dayton and Cincinnati, Ohio, he came to Chicago in 1902. He first worked as a clerk in the Chicago postoffice and then established the Wilson & Griffin Real Estate House of which he is president.

He is secretary of the board of trustees of Bethel church, the largest Methodist congregation in Chicago, and is active in fraternal organizations.

From every point of view he is well qualified to honorably discharge the duties as county commissioner for at all times he has reflected credit upon the race which he represents and we have every reason to believe that in the future as in the past that he will remain true to his colors and continue to put his best foot forward on all occasions and that he will make one of the best commissioners of Cook County.
