Full stock of Fresh Groceries at Lopez's. Canned Fruits and Vegetables a specialty, at St. Louis prices.

R. M. Omahandro, Esq., of Annapolis, paid Iron a flying visit last Monday, as also did Squire Semands, of Des Arc.

DIED.—At Pilot Knob, Mo., on Thursday morning, 19th of February 1880, Mrs. Louisa Schwaner, wife of F. Schwaner, Esq., aged 49 years.

We again ask the indulgence of our correspondents. Several communications are deferred again, but they will all positively appear next week.

J. Grandhomme, Esq., proposes to keep cool during the coming summer. He is filling his ice-house with imported ice—brought all the way from St. Paul, Minnesota.

WANTED.—To sell a good second hand One-horse Wagon, with brake, bows, wagon cover, and harness. A good milch cow, with calf, will be taken in part pay. Inquirers S. B. Bellis, near Ironton Hotel, Ironton, Mo.

We desire to record all births, marriages and deaths that occur in Iron county. The latter, especially, are of interest to most of our readers, but we cannot record them unless the friends of the deceased send us the particulars—such as age, date of demise, etc.

All the members of the Band are requested to be on hand early this evening, as some important business will come up for transaction—charges being about to be preferred against a member for conversion to his own use of property placed in his hands for the use of the organization.

J. A. Hughes, Esq., returned from Texas last Sunday. He went down there to avoid the cold weather which usually freezes us during winter-time, but he says he made a mistake. The "norther" down there, he says, nearly froze him to death—being much more severe than the cold we have experienced here this winter.

Iron has advanced in price—mechanical labor is much higher—look out for the rise on Sewing Machines. Send in all orders before the 10th of March, 1880, if you want to save money. Although they have advanced in price, I will still sell at the same low figures until that time. All kinds of Sewing Machines and Machine Paris can be had by calling on me. Ironton, Mo., Feb. 24, '80. H. DAVIS.

There are five boarders now in the public hotel, viz: John Cummings, from Butler county, charged with grand larceny; R. E. Lee Usher and Lewis Orrick, from Reynolds county, charged with burglary and larceny; Daniel Jones, serving out a sentence for disturbing the peace; and Henry Jarrett, charged with trover and conversion, awaiting the action of the grand jury.

W. F. Wiesner, Esq., is now sole proprietor of the Drug Store in this town—having purchased the entire outfit lately belonging to Dr. N. C. Griffith. The Doctor is now a granter, occupying his farm south of Ironton. We are sorry to lose him from among our business men, and trust he may do well in what we believe to be his chosen occupation.

Mr. Wiesner, who takes his place, is a young man who, we are sure, will grow into favor with the acquaintance of our people, being a good business man, and gentlemanly and genial. He purposes adding to his already large stock of Drugs, etc., until there shall be none to rival him in the Southeast. We commend him to our citizens, and feel sure he will never regret having cast his lot with them.

Our readers will remember an item in this paper a couple of months since detailing the loss of about \$35 in money and more in railroad checks, suffered by Mr. Quinn, section boss, near Hogan. It was known at the time that Henry Jarrett, a colored boy of bad reputation had obtained possession of the money and checks, and efforts were made to apprehend him, without success. He "skipped out" when the trail was hot, and nothing more was heard of him until last week, when it began to be whispered among the colored folks that he had returned, and was hiding at home. The constable and deputy proceeded to the house of Thos. Diggs, Esq., who has the honor of being step-father to Henry, and there arrested the young gentleman. He was taken before Judge Dinger last Monday, waived an examination, pleaded guilty to having found and converted the property of Mr. Quinn to his own use, and was bound over to await the action of the next grand jury.

Elsewhere we publish a communication from Madison county in reference to the Einstein Silver Mines. As to our item of last week, wherein it was stated that these mines had closed down permanently, we thought then that our information was correct, and we are glad to find now that such is not the case. It is probable that work will be vigorously prosecuted for some time, or until the question of the value of the mines is definitely settled. There appears to be some conflicting interest among the owners to the mines—one portion desiring to close the other out, and the other striving to stay in; it being to the former's interest to destroy the public confidence, and the latter to enhance it. We do not desire to do any one injustice in the matter, and so will merely state that we are now convinced that the Silver Mines are by no means a proven failure, and have faith that they will yet be a source of wealth and prosperity to this section. This conclusion is forced upon us by what we have heard from truthful men during the past few days.

QUD PRO QUD.—Since the earliest ages, two problems have engaged the attention of speculative humanity: perpetual motion, and the getting of something for nothing. The first remains, and is likely to remain, unsolved; but if the evidence of printer's ink is to be trusted, the solution of the second has been arrived at by the publishers of ENRICH'S FASHION QUARTERLY. "And how so?" remarks the reader, incredulous. Marry, thus: By an ingenious system of combination subscriptions to send their magazine, free of all charge however, to all who may subscribe, through their agency, to any of the principal monthly or weekly periodicals. Thus a subscriber to Peterson's Magazine has only to

pay his regular two dollars through Enrich's agency, to receive, not only Peterson's for a year, but a really valuable quarterly magazine of fashion as well.

How this is to be done, is explained at length, in the premium list to ENRICH'S FASHION QUARTERLY, an advance copy of which lies upon our table. Nor is this the only novel feature which this same premium list contains. Other magazines offer premiums for subscribers; but the FASHION QUARTERLY not only does that, but in addition, inaugurates the novel idea of premiums without subscribers. But over this astounding mystery we drop a discreet veil: and the reader who may wish to pierce it, is advised to send his name and address to Enrich Brothers, Eight Avenue and Twenty-fourth St., New York, whose prompt reply will doubtless resolve his doubts into pleasing and profitable certainties.

Mr. Buford Files His Answer.

IRONTON, Mo., Feb. 23d, 1880.

Ed. Register.—The question, "Will you suffer your name to be used in connection with the candidacy of Collector of Iron county?" has been asked of me many times, recently, by my friends. I avail myself of the opportunity to inform my friends that I leave the matter in their hands, feeling that they will be in the future, as they have been in the past, the best judges. While I consider it early to give expression in a formal announcement of my real intentions, I take this method of answering publicly what has been asked of me so often privately. If the citizens of Iron county consider me worthy of their continued suffrage, I will certainly feel very grateful; if not, I will cheerfully give place to the one who pleases them better, and who will I trust serve them more faithfully. Hoping you will give this room in your valuable paper, I remain,

Very Respectfully, JAS. BUFORD.

That Land Office "Inconsistency."

IRONTON, Mo., Feb. 20, 1880.

Ed. Register.—Having occasion to make inquiry at the Land Office at this place concerning the Lands withheld from market because of the grant to aid in constructing a railroad south from Pilot Knob, I was furnished with the complete status of these lands. Having noticed R. L. Lindsay's letter in your issue of a week or two since, and knowing his reputation to be somewhat questionable on such matters, I took particular care to make inquiry as to the matter he complains of, and I found that the rulings of the Land Department were not at all inconsistent, but that it was the well known trickery of the party attempting to make the entry that led to his loss. The Beck letter, which R. L. gives as the authority for his entry, was written in 1876, and—now, mark an important fact—Mr. Allen, President I. M. R. R., did not refuse to accept the grant until after the date of that letter. A waiver from Mr. Allen was no doubt good when the Beck letter was written, but after that date Mr. Allen declined to accept the grant, and so notified the Land Department, and of course his waiver was of no force whatever. It is apparent to me, from all I can learn, that in this case the Land Department is clearly consistent and right.

Yours, &c., S. E.

SUBURBS OF ARCADIA, Feb. 21, 1880.

DERE MR. AIK—As I promised to give you an account of the maskerade party, I shall do the best I can; but, owing to my being unable to get there in time to see with the masks on, my description will not be very good. In the first place, the elite of the Valley was on hand—dressed in stylish klothin. The Little Pusher (Andrews) was there with striped klose made of flags; Judgin from the klose, wun wud think it was a guvenern prin and the bol was servin liz tim. Concerning the Silver Mines.

FREDERICKTOWN, Mo., Feb. 23, 1880.

Ed. Register.—For the last few weeks I noticed that you have information to the effect that the silver mines in this county are not worked, or are about to be abandoned. This information, wherever you received it, is incorrect, as there are three mines in successful operation besides the "Einstein". The mine worked by John Martyn, Sr., of Pennsylvania, is considered by all miners as one of the best ever discovered, while the Fredericktown Silver Mining Company have as good a lode, almost, as the Einstein. Messrs. Woodhouse & Co. also have a good prospect. All of these mines are being worked with unabated vigor, while the Silver Mountain Mining Company has never suspended operations for even a single day.

As you well know, there is no enterprise, however great or small, public or private, that does not meet with opposition of some sort. So it is with the silver mines of this county. There are men who would do their utmost to sink Southeast Missouri into oblivion, and I have no doubt but that your informant is one of that class; if not, he dislikes the company, and thereby vents his spleen.

In justice to yourself, I will state that I am confident you made the publications in sincerity, believing what was told you. The fact of the matter is this: The company (I am speaking of the Silver Mountain) got at loggerheads

with each other, which is not infrequent with large corporations, and work was not pushed as it should have been. That the "Einstein," if properly managed, is a paying mine, no one acquainted with minerals will deny. Upwards of three thousand ounces of silver have been produced and put upon the market from this mine, which fact can be established by the books of the Cheltenham Smelting Works, and the ore sent from here yielded 65 per cent. of lead, which alone, at the present price of that mineral, would justify the working of said mine. There is no doubt, in my mind, as to the future of the silver mining interest of this section. The Silver Mountain Company has reorganized and secured more capital, and will prosecute the labor with vim and vigor the ensuing summer. Mr. Einstein has again taken the superintendency.

In Memoriam.

The following preamble and resolutions were unanimously adopted at the late meeting (Feb. 21) of Star of the West Lodge: STAR OF THE WEST LODGE, No. 133, A. F. & A. M., IRONTON, Mo., Feb. 18th, 1880.

TO THE WORSHIPFUL MASTER, OFFICERS AND BROTHERS: Brother James H. May, a member of this Lodge, died at Arcadia, Iron county, Missouri, on the 31 day of February, 1880, from a hemorrhage, after an illness of one month, aged fifty-one years, and was buried with Masonic honors by Star of the West Lodge, No. 133, A. F. & A. M., in the Masonic cemetery near Ironton, Missouri.

The death of our esteemed brother was a sad affliction to the Lodge, as he was one of our most earnest and energetic members. Brother May was the Senior Warden of this Lodge, and had been elected to that office in the jurisdiction. He has gone to that bourne from whence no traveler returns, and we trust that he has been called from labor in this earthly Lodge to rest in his celestial Lodge, that Lodge not made with hands, eternal in the heavens. He left a widow and five children to mourn his loss.

WHEREAS, it is the desire of this Lodge to give expression to their sorrow in this hour of bereavement; therefore, be it Resolved, That in the death of Brother May this Lodge has sustained a loss of one who, for many years, by his integrity, honesty, and kindheartedness, won the esteem of his brethren and all who knew him; as a Mason, he loved the fraternity and practiced many of its virtues.

Resolved, That our fraternal regards and sympathy will ever be extended to the widow and orphans of our deceased brother.

Resolved, That these resolutions, on the entered of record, and that the secretary transmit a copy of the same, under the seal of the Lodge, to the widow of our deceased brother; and also furnish a copy, for publication, to the IRON COUNTY REGISTER.

Fraternally submitted: R. SHEPHERD, EDWARD H. L. SIMMERMAN, Committee.
