

JOHN B. SCOTT, EDITOR.

We wish to call attention to some mistakes that occurred in this column last week. The last article was a clipping from the Missouri Journal of Education and should have been so stated.

One very important factor that helps to make the character of children is their reading. What do our children read? is a question of vital importance.

"Spelling, like reading, should be taught during the pupil's entire school life. Every person ought to learn to write the ordinary colloquial and epicurean language of his native speech with fair correctness.

"EDUCATION—LIBERAL AND PRACTICAL."

BY A. V. H. PILOT-KNOB, MO. Education was intended from the creation to be one of the powerful influences by which men were to sway and be swayed.

Again on the other hand in countries where education has been and is considered a necessity I will there point you the liberal governments, the moral people and the happiest people.

To my subject: by liberal education I mean the education of all the mental faculties, the moral nature and the physical nature, or the perceptible man.

Trustee's Sale. Whereas, Robert Farmer, and Mary Jane Farmer, his wife, by their certain deed of trust, dated the 11th day of December, 1883, and recorded in the Recorder's office of Iron County, Missouri, in Book No. 31, at page 60, conveyed to the undersigned, trustee, the following described real estate, situated, lying and being in the County of Iron and State of Missouri, to wit:

All of the north half of the northwest quarter of section twenty-two in township thirty-four, north, of range three east, containing eighty acres, more or less. The land hereby conveyed was formerly owned by Conrad C. Zeigler, now deceased, who died intestate, leaving children or their descendants, or legatees, but leaving his widow, Mrs. Zeigler, now deceased, who died leaving a will bequeathing to Carmelite M. Guignon and three of whom, Louis B. Joseph F. Guignon and Emeline on conveyed their interest to Guignon.

education is too much like machine work. This is truly a potent objection. The old way of getting words without ideas is rapidly being discarded.—(To be continued).

Cure for Piles.

PILES are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs.

TO THE WEST

There are a number of routes leading to the above mentioned section, but the direct and reliable route is via Saint Louis over the Missouri Pacific Railway.

At Kansas City Union Depot, passengers for Kansas, Colorado, New Mexico and California connect with express trains of all lines. At Atchison, connection is made with express trains for Kansas and Nebraska points.
