To Dyspeptics. The most common signs of Dyspepsia, or Indigestion, are an oppression at the stomach, nausea, flatulency, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

Ayer's Pills. After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure. AYER'S PILLS are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.

Points for Squires.

We give below some simple rules and hints, which, if observed by Justices of the Peace, will save them much needless loss of time and the county many dollars:

1st. No trial can be lawfully had where a person is charged with crime without the presence of the Prosecuting Attorney to represent the State:

2d. Nor is any conviction valid and lawful where the trial is had upon charges preferred in an affidavit alone. The Prosecuting Attorney must file his information before trial or the conviction will be void; but the defendant may be arrested and held, or bailed upon the simple affidavit of the prosecutor, until the Prosecuting Attorney appears and files information.

Unless the above rules are observed the county will not pay any costs, whether the defendant be acquitted or convicted.

3d. We would advise those Justices living at a distance from the county seat not to issue any warrant in any case, excepting where there is danger of the defendant decamping in the meantime, until the whole facts in the case have been laid before the Prosecuting Attorney and his opinion had as to whether or not the State has a case.

4th. At once upon issuing a warrant or the making of an arrest, the Justice before whom the case is triable should notify in writing the Prosecuting Attorney of the fact of such case being for trial, the offense charged, name of defendant, and day set for trial.

5th. All witnesses demanded to be subpoenaed at the same time by the same party should be included in the same writ, otherwise the extra costs are not legal.

6th. Costs for more than three witnesses upon a side to the same fact should not be allowed and certified by the Justice.

7th. Justices in the absence of the Prosecuting Attorney should exercise their discretion to prevent costs being piled up by issuing subpoenas for immaterial witnesses at the demand of prosecuting witnesses who are inexperienced in such matters. Many times subpoenas are issued and costs piled up needlessly by non observance of the above rules.

Prosecuting Attorney Walker fully approves of and endorses each one of the above rules and asks the co-operation of the Justices of Iron County.

In this township they do not so much apply, for Mr. Walker's office is here.

Many solutions of the negro problem have been proposed in our time, but not one which, to our minds, for the rapidity of its action can compare to the composition called "Anti-Curl" advertised in a late number of the colored organ called the New York Freeman.

The advertisement has two portraits of colored citizens, illustrating the operation of the "Anti-Curl" one showing the fair in its woolly, kninked condition, before the application, and the other in its beautiful, wavy, Caucasian appearance after the application. It renders, the advertiser says, "kinky, curly, and rigid hair soft, elastic, and pliable," and also "straight, glossy and pliable," and is manufactured by an "Anti-Curl Association" in Walker Street. A hundred thousand pots or so of this preparation annually would, judiciously used, probably knock their platform from under Senators Hoar and Sherman, and make us once more a homogeneous people.

The Government engineers have made a report on the reservoir system of the upper Mississippi. They say: "The reservoirs at Leech Lake and Lake Winnepigoshish were opened August 1 with a large discharge. Pokegama reservoir, the receiving reservoir, 100 miles by water below the upper reservoir and 318 miles by water above St. Paul, was opened August 15, with a discharge of about 3,000 cubic feet of water per second. The rise in the Mississippi River at different points since, resulting from the discharge from the reservoirs, was on September 1, at Grand Rapids, 4 miles below Pokegama, 5 feet; Aitken, 109 miles below Pokegama, 2 feet; Crow Wing, 236 miles below Pokegama, 2 feet; Sauk Rapids, 295 miles below Pokegama, 2 feet. The river at St. Paul fell, from August 1 to August 23, 1 foot and 3 inches. Since then the St. Paul gage shows an average stage of 3 feet up to September 7. As there was no rainfall of any importance from August 1, the river must have continued falling at about the same rate as its tributaries, and probably not far from the same proportion as from the 1st to the 23d of August, had it not been for the supply from these reservoirs. As clearly as can be estimated the reservoirs are now furnishing not far from one foot of water at St. Paul—a clear and convincing proof of the wisdom of this great undertaking and the assurance of its success."

A collection was taken up in a Kansas church recently, and when the hat reached the seat occupied by a lady, her daughter and little son, the two ladies found themselves without a cent of money, but young America reached over and deposited a cent in the hat and then whispered to his sister: "There, I just saved this family from being whitewashed."

By the way, how much of the Vinicator's term was suggested by Mr. Geo. H. Crumb, late Republican incumbent of the Receiver's Office at Ironton?

The subject of a change of postmasters at Farmington has been dormant for some time, little being said about the matter either way; but the past week a new interest in the matter was created by the publication of a change has made itself manifest, and a primary election to determine who shall have the office has been freely canvassed and discussed. There are several aspirants to the position, who, early after the inauguration of the Administration, got up petitions and secured a good many signatures to them. One or two of these do not look favorably upon the present departure from old methods, and are determined to "stand pat" on their petitions; while one—and for aught we know there may be more who got up petitions—express a willingness to join the aspirants in a primary election. The aspirants with petitions, whom we understand will not submit their claims to the primary, are Rev. Alvin Rucker, and Squire H. C. Rudy; while Mr. John Blue, who has petitioned for an appointment, and Mr. Willard Riden are the primary plan. It has been said also that Mr. M. P. Cayce, Esq., is not adverse to accepting the appointment if tendered, and that he is willing to let his chances in the primary with the younger aspirants. If a primary is held, it promises to be a lively tussle.—Farmington Times.
