ANNOUNCEMENTS.

FOR ASSESSOR.

We are authorized to announce S. P. REYBURN as a candidate for the office of Assessor of Iron county, Mo., subject to the decision of the Democratic Primary Election.

FOR SHERIFF.

We are authorized to announce SIMON E. BUFORD as a candidate for the office of Sheriff of Iron county, Mo., subject to the decision of the Democratic Primary Election.

FOR TOWNSHIP CLERK.

We are authorized to announce JAMES H. CLARK as a candidate for the office of Township Clerk of Iron county, Mo., subject to the decision of the Democratic Primary Election.

FOR COUNTY JUDGES.

We are authorized to announce J. S. JORDAN as a candidate for the office of County Judge for the Southern District of Iron county, Mo., subject to the decision of the Democratic Primary Election.

FOR COUNTY CLERK.

We are authorized to announce R. J. HILL as a candidate for the office of County Clerk for the Western District of Iron county, Mo., subject to the decision of the Democratic Primary Election.

LOCAL BREVITIES.

The candidates are announcing.

The city council was in session last Monday.

County court adjourned last Saturday, after a week's session, during which considerable business was transacted.

The City Assessor is busily engaged making the city assessment. He requests that parties be prompt in filling out and returning the blanks to him.

Too many horses and mules running at large within the city limits. Let the ordinance be enforced, Mr. Marshall, and we will all rise up and call you blessed.

We understand U. S. Marshal Emerson has finally got rid of all the steamboats in his custody—the last two having been sold for \$7,500 and \$5,500 respectively.

K. of L. Assembly, No. 5121, will give a Grand Ball at the Academy of Music, Ironton, on the evening of July 4th. It will be a big affair. Admission, per couple, 75 cents.

A full report of the St. Louis National Convention is given on the sixth page of this paper. The proceedings, speeches, platform, etc., make six columns of very interesting reading.

Next Sabbath morning the sermon at Fort Hill will be on Christian Unity. After the sermon the Sacrament of the Lord's Supper will be administered. All who can be present are cordially invited to attend.

The Pilot Knob mine is now shipping ten car-loads of ore daily to the Western Steel Company. This in addition to the ordinary output. The mine is not dead yet, nor likely to die soon. This is official.

Giles G. Henderson announces himself a candidate for Collector in this issue of the Register. Mr. H. is a good man, well qualified for the position, and no doubt, if he be chosen, will faithfully and creditably fill the office to which he aspires.

Eryan Post, No. 284, G. A. R., will give a picnic at Belgrade, Washington county, Mo., on Saturday, June 16th. All comrades of G. A. R. Posts and their families are requested to be present. We give this notice by the request of the Post members.

All patrons and friends of the institution are cordially invited to attend the Commencement Exercises which will take place at the Arcadia College, Wednesday, June 27, at 2:30 P. M. No special invitation will be sent.

TRUSSING STRAWS.

Mr. Hotson is now furnishing ice to the people of the Valley daily. He also delivers ice on Tuesdays, Thursdays and Saturdays, at Grantville and ships it up and down the railroad to all points in quantities to suit, up to carload lots, at any time on receipt of orders.

The strawberry festival given by the ladies of the Episcopal church at the Academy of Music on Thursday night of last week was well attended and proved a financial and social success. The ladies request us to return their hearty thanks to the public for their liberal patronage.

Jay Gould's special train, bearing the Money King, came down to Arcadia Sunday evening and remained there over night. The Arcadia House grounds were visited and examined by the party. The city papers say Mr. Gould has great faith in the outcome of this Valley as a summer resort. We hope it is of the sort that is said to remove mountains when necessary, for in that case we may hope for a speedy rehabilitation of the now deserted property at Arcadia. The special train left Monday morning for Memphis.

A basket picnic will be given at Jordan Switch in this county on Saturday, June 30th, by Assembly No. 5743, K. of L. Speak-

ing by M. J. Ratchford and J. Crowley. Amusements of various kinds will enliven the day. The public is invited to come and bring their baskets and have a good time.

DEAD—At her mother's residence, in Ironton, Mo., on Monday, June 11th, 1888, at 6 o'clock A. M., after a long and painful illness, Miss HENRIETTA LOPEZ, in the 24th year of her age.

The remains were taken to St. Louis on Tuesday morning, for interment. The whole community are earnest in their condolences to the bereaved mother and relatives, and extend to them the most heartfelt sympathy.

Judge Emerson was home two days this week, laying aside, for the time, the duties of U. S. Marshal. He goes to Rolla this week to deliver the commencement address at the branch of the State University located there. This is the third time the Judge has delivered the commencement address at that institution since the school was founded—an honor very seldom accorded the same person anywhere at any time.

The Ironton Cleveland Club met in regular form Saturday, June 9th. Secretary presented twenty-one applications for membership. On motion, the applicants were all duly elected members of the Club by acclamation. Hon. W. R. Edgar, chairman of committee appointed to draft rules and by-laws for the government of the Ironton Cleveland Club, submitted the report of the committee, after which he delivered an eloquent address, showing the importance of club organizations. At the conclusion of Mr. Edgar's address the by-laws, as reported by the committee, were unanimously adopted.

On motion, Mr. Edgar was appointed permanent door-keeper. Number of new members chosen was twenty-one, making a total membership of one hundred and eighty-seven. On motion, club adjourned. ELI D. AKE, Chairman. MANN RINGO, Secretary.

The picnic of the B. of E. R. B. at Goulding's Park materialized last Monday, pursuant to notice given. At 11 A. M. a special with four coaches ran down to the railroad bridge south of town, where the crowd disembarked and took benches, carriages, phaetons, etc., for the picnic grounds. There were probably five hundred people in the park—fully half of whom were of the gentler sex. A dancing floor of large area had been provided, and it was in constant use the whole day. Messrs. Giovanoni and Biemel were on hand with solid and liquid refreshments (but no intoxicants), and were kept fully employed attending to the wants of the people. At four o'clock the Ironton B. C. Band hitched up a team to their band-wagon and went out, too, and took a hand in the proceedings. An address was delivered to the members of the order by F. F. Dearing, Esq., which was well received. Calls were made for W. R. Edgar, Esq., who responded briefly. At eight o'clock the excursionists returned to the train and departed for home—

we trust as well pleased with their visit as were their friends here to have them come. A more orderly set of men never was seen, and when they left they bore with them the good-will of all our people, who hope to have them come again.

Ed. Register.—An article appeared in your last issue that cast some reflections on me as Marshal of Pilot Knob. Ordinance No. 8 forbids any one obstructing the streets or sidewalks of said town. I had been especially instructed to arrest any one violating that ordinance, and I only did what I was ordered to do by the board. If the chairman of the board saw proper to remit the fine and his fees that made it no less my duty to enforce that ordinance, and no gentleman ought or will think any less of me for doing my duty as Marshal.

The above is correct; the gentleman begged so hard that I knocked off the fine and all the costs but the Marshal's fee. LOUIS SCHWANEK, Chairman.

From Des Arc.

DES ARC, Mo., June 11, 1888.

Ed. Register.—While I was gone to St. Louis last week there appeared a correspondence from Des Arc calling himself "Isaac." His real name is —

ISAAC.

And omit the name, this time, since we are coming to know it, and it is repeated, and because it has been acknowledged to the party most interested. We trust "Uncle Isaac" will agree with us that it is not necessary to publish the name of the offender. —ED.

From Annapolis.

The excitement over the mineral finds in our vicinity still increases. The latest find reported is that of Mr. Wm. Lewis' on his farm 1 1/2 mile north of here. The find was found of very fine quality and great abundance. A company will be formed at once to develop the mine. Our little town is certainly on a boom, but as yet property is very low. Annapolis certainly deserves a boom, and among the many reasons are her mineral or medicated springs. These springs are located near the centre of the town and the value of the water is only known by old residents who have used the water for years, and every morning you may see them going to the spring for their pitcher of water.

We have six societies here besides the churches: The Cleveland Democratic club, with 135 members; the Republican Club, with 41 members; the Young Men's Social Club, with nine members. This club has all the paraphernalia for fishing, hunting and amusements of all kinds. The Union Social Club, with a membership of 89. The object of this club is to raise funds to build a church. They give an entertainment Saturday, the 16th, the proceeds to go in the church-yard. The Farmers Alliance, with a membership of 80. This order is booming and they expect to do some valuable work for the laboring class of people in this vicinity. Then we have the W. C. T. U., with a membership of about 25, and they are going to do some good work.

A brass band was organized and they have sent for their instruments. Messrs. Johnson, Blake and Wadlow are making arrangements to build some bath houses on the shore of Big Creek, where there is a beautiful place to bathe. The bottom of the creek is sandy and firm, the water clear as crystal and the location near town.

Our school is in a thriving condition and a grand building is to be erected in the spring; then we will have a graded school. With fish, sheep, pure water and a very healthy location we can see no reason why our town does not deserve a boom. We have four mail trains a day—two each way. Annapolis ships more lumber and timber than any station on the I. M. road between Poplar Bluff and St. Louis. We have a fine granite quarry owned by Messrs. Towel & Gray, also one owned and operated by Mr. J. S. Benson.

Among the new residents are Mr. Evans, a postal clerk on the Mo. Pacific; Mr. J. E. Blake, from Omaha, Neb.; and Mr. Barney, from near Caledonia. We have plenty of room, lumber cheap and everything inviting. NEDMORR.

Tetwiler—Johnson.

At the M. E. Church, Ironton, by Rev. J. Pulliam, on Wednesday evening, June 6th, 1888, Miss MINNIE E. TETWILER to Mr. M. M. JOHNSON.

At the appointed hour, 8:00 o'clock P. M., the bridal party entered the church, which was filled to its utmost capacity, and passed up the aisle to the altar, to the strains of the "wedding march." Miss Naomi Goulding, organist. The bride was accompanied by Misses Doris Ake and Lillie Tetwiler, while Messrs. Maurice T. Fenelon and Ed. P. Tetwiler nobly stood by the groom throughout his time of trepidation and trial. The ushers (or ushersesses?) were Misses Annie and Lila Tangye. Before the ceremony proper, Mr. Pulliam made a short address, full of good counsel, to the couple before him. Then the ceremony, after which the company adjourned to the residence of M. B. Tetwiler, Esq., where a marriage-feast was plentifully spread.

The wedding presents were numerous and gave token of the good-will of many friends towards the bride and groom. After several hours of social converse, the adieux were said, and the guests departed to their several homes—first, however, congratulating the parties principal, and wishing them long life and happiness.

Our Sunday School Picnic.

Ed. Register.—I feel that I ought to say a few words about our Sabbath school picnic. It was very pleasant and delightful to see many of the good Christian people of the different denominations all mingling happily together and thus showing to the children that all good people are all one in heart and spirit and in an essential character. And then when the rain came upon us, it was so how cheerfully and grandly Judge Russell came to the rescue and opened his barn and tore off a portion of the shed roof over his farming implements and made tables for the nice and abundant dinner, so that the children were all happy and everything was made just as pleasant as it could be. I think an unselfish man who delights in the comfort and pleasure of others is one of the kindest characters that can possibly be manifested in this world. While they are here they are sincerely loved, and when they are gone their memories are blessed. L. PULLIAM.

From Bellevue.

Ed. Register.—The nice rain that fell Friday and Saturday last makes everything look fine. Oats and corn look promising. If we can only have a shower once a week as we have had for some time we may make something, but we must have the rain in order to check the bugs or give more substance for them. Most farmers have their corn clear and it is commencing to grow a little at last. Messrs. Ruddocks, Thompson and others have been hauling wheat to Ironton. I don't think there will be much wheat to sell from this valley next year.

Misses Sallie Hartman and Mollie Carter are visiting relatives and friends in Wayne county at this writing.

Quite a number of our citizens attended the convention last week at St. Louis.

The Farmers Alliance store seems very slow about starting, but the F. A. is still booming in this valley and now numbers over 100. Organizer Wart passed through here last week. He is meeting with good success and we now have three more lodges in Iron county. Mr. McPherson has organized two in the West End recently.

Mr. Ogilvie was in this section this week taking sketches of quite a number of our citizens; also received several orders for the work.

Rumor states that there was to be a picnic on Black River Saturday, near Goodland.

Mrs. Wm. Thompson has been quite sick, but we are glad to say is convalescing.

Mrs. J. Richardson has been on the sick list for a few days, but is getting some better.

I just learned from a friend that Dr. W. Parker, who resides at Black, was thrown from a buggy and bruised up pretty bad. I hope he is not hurt as bad as is rumored.

Mr. J. C. Ruddock, Sr., who has been visiting friends in Illinois, has returned home again.

Mr. John Thomas has been very sick, but I believe is about all O. K. again. Those little measles are bad. Several of the boys around here had slight attacks of them, but none had such a severe attack as J. T. and one or two others.

C. C. Richardson made a flying trip to Ironton Friday.

Will some one give us a full account of the Wheel at X Roads? If there is an organization of that kind at this place I would like to know it.

The institute will commence Monday, and I hope, will be well attended.

I was glad to see the boom from near Goodland as given by "Pat." I am always glad to read communications from that point, having been acquainted in that part for some time. So, Mr. P., write often and give all the news.

Ho! they come at last—the candidates. Well, just let them come, just so they don't come in the fields and make paths all over them, and I tell you, Mr. Editor, if they are not strong, stout, robust fellows the chinch-bugs may serve them just as they are and the weakly corn. They are bad and numerous.

Rev. Banks failed to put in an appearance last Sunday. The Sunday school is still moving along and it is hoped they may yet have a good school.

A little son of Mr. J. W. Campbell's was thrown under a wagon loaded with wood and run over, but was not seriously hurt, and at present is able to be up.

I see a piece from Flatwood Alliance No. 461, which I think to be a proper step in the right direction. I am not in favor of politics being worked into the Alliance by a few designing men. Some try very hard to get the two mixed, but who are they and what are they seeking for? I am an Alliance man according to the constitution, and am not in favor of making a political machine out of it. If every one will study their constitution they will soon see it was never intended to be mixed with politics. I want to see the work prosper and spread until the farmers are thoroughly organized, for we all know that the farmers are pressed down and need elevating; so let each one stir up their armor and try to work out the problem of the future and see if we can't better ourselves mentally, socially and financially, leaving out the politics and everything that will tend to dishonorize our order.

The Caledonia band was up Saturday night and serenaded our little town. The boys can play right well.

Elm Grove Alliance elected four delegates to the County Alliance to meet at Ironton July 12th: J. W. Phillips, J. M. McPherson, D. H. Hartman and L. Alcorn. Cedar Grove will elect their next meeting.

Mr. Dr. Buchanan has gone to Kentucky to visit her parents.

John Goggin and family were the guests of our writer Saturday and Sunday.

Mr. Thos. Buford informed us he would teach school on Logan Creek this fall. Mr. H. Padfield will teach at Elm Grove.

There is some talk of a picnic in the valley about the last of June, and of course it will be an Alliance picnic if there is any. Will inform you later. More anon. J. G. H.

From Goodwater.

Ed. Register.—Since my last we have been blessed by abundant rains, in consequence of which vegetation of all kinds is enjoying a luxuriant growth. Owing to a super-abundance of chinch-bugs and in consequence of severe frozes, wheat throughout this and adjoining neighborhoods—is very poor; in some cases it is claimed that the crop will not pay expenses; while in a few instances it is said that the yield will not be equal to the quantity of wheat sown. Corn and oats look exceedingly well and barring drouth and chinch-bugs an unusually heavy yield of both is assured. Millet sown during the past fortnight is coming up nicely, and several herabouts have nice "cann" patches. Potatoes are doing well when the bugs do not abound and vegetables of all kinds are growing unusually fast in all cases where the plants have been given a living chance by cut-worms, of which we have legions, who have been industriously plying their calling to the incalculable damage of cabbage, sweet-potato and other species of plants.

The more occurrences in this section since my last I note the following: Mr. and Mrs. Robert Geddes, of Grantville, visited relatives and friends in this and adjacent communities.

F. M. Anderson has returned from Salem, where he passed a few months attending school.

On Wednesday, 20th ult., Mr. L. Alcorn organized a Farmers' Alliance on Cub Creek. It was named Joseph's Chapel Alliance, consisted of nine members and has Geo. B. Cole for president and Miss Lucy Yount for Secretary.

After a ten days' visit to relatives and friends Jas. A. Payne returned to Bonne Terre, where he has been employed for some time.

On a recent trip to Bellevue and return I enjoyed the hospitality of Mr. and Mrs. Jacob S. Barger, near Belgrade, Mr. and Mrs. Jas. M. McPherson, of Bellevue and Mrs. D. Buford and sons, near Kaolin. Messrs. Thomas and Geo. Buford are both good boys fond of instructive books; the former seems to have a predilection for the languages, while the latter manifests a decided preference for mathematics. Both intend to begin teaching during next month: Thomas near Barnesville and George on Black River, in the Bell schoolhouse, if I mistake not.

Mrs. D. Buford owns what is by far the best cow she has been my good fortune to see this year. The cow is exceedingly well developed all over and though scarcely two months old will weigh nearly or quite 300 pounds.

By far the finest looking wheat I have seen this year is on or near the Matthews farm and belongs, I understand, to Mr. Emmett Imboden. The field-fence is moderately good, but the height of the wheat exceeds that of the fence.

Though the meadows throughout this entire county abound with weeds—chiefly "Queen of the Meadow"—it is believed that the heavy rains during the past ten days will so much stimulate the growth of grasses, as to cause a much better quality and a considerably greater quantity of hay to be harvested than was thought to be likely a fortnight ago.

Mr. D. S. Love mowed the weeds on his meadow some time ago and it is believed that his pile was a good one.

The stock range is quite good and stock of all kinds looks well.

Mr. Geo. Williams has gone to Bonne Terre, Mo.

Mr. Jno. W. Lucas, who passed the last four years in California, has returned and with him his bride.

Last evening a heavy rain fell here. E. June 9th, 1888.

Colored Society Notes.

There were two conversions at the Methodist church Sunday night. There have been a series of meetings going on there for the past week, and a great interest is manifested by many who desire to know the way of life. The meetings will be continued as long as there are any prospects for doing good.

Rev. Moses Lax filled an appointment at Caledonia on Sunday; and every thing went on well till he went to the stable to get his horse, and found him—not. After several hours' hunt and worry, he found out the direction the horse had been taken, and pursued the party so close that he left the horse on the road and sought a more congenial climate.

Rev. Maston held his first quarterly meeting at Piedmont on Sunday. He was accompanied by Rev. Chas. Casey, who ably assisted him in the administration of the Sacrament of the Lord's Supper and Baptism. There were three read into full membership, and a good time generally reported.

The partnership heretofore existing between Messrs. Maston and Vaughn was, by mutual consent, dissolved on the 6th inst., G. A. Maston having moved his goods into the room formerly occupied by Harry Chapman in the Hotson building, and Silas Vaughn remaining at the old stand. Those who owe the firm may settle with either party.

Wesley Arms' soda factory at Piedmont has been in operation for several weeks, and he finds ready sale for all the soda he has so far been able to make. We personally inspected the generators and fixtures and found them to be first-class all the way through.

Miss Stella Whitener is visiting her friends at Piedmont and Granite Bend.

Personal.

Miss Emma Wadlow, Annapolis, was in Ironton Thursday.

Mrs. F. P. Adams left Saturday for a visit to relatives in Franklin county where she will remain for a week.

Dr. W. C. Patton wife and son returned from St. Louis on Thursday.

J. T. Ake, U. S. Registrar of Lands, and F. P. Ake, went to St. Louis Tuesday morning.

Prof. Vance returned home yesterday, after a week's visit to the city.

FOR SALE—A Good Portable Saw-Mill, good as new. Capacity 8,000 feet per day. Cheap. Apply to W. J. COLEMAN, Abula, Mo.

Thoroughbred Poultry.

I have for sale six or eight White Leghorns cockerels from Michigan Agricultural College Farm, stock of good size, one year old and pretty as pictures. I will also furnish Bronze Turkey eggs, 10 for \$1.50; also, White Leghorns, Light Brahma, Langshans and Plymouth Rock eggs, at \$1.50 per setting of 13. Satisfaction guaranteed.

Mrs. J. W. DURY, Kaolin, Iron county, Mo.

A Terrible Smash-Up.

On the evening of June 5th, as Dr. W. H. Parker was returning from Ironton to Black, accompanied by Mrs. Parker, a young babe and Mr. Stiford, when on the Padfield hill they encountered a dreadful storm. The lightning scared the team and it ran away. The double trees came off and Dr. Parker was dragged out and generally smashed up. He was taken home and was living a few hours ago, but his chances of recovery are very small. THOMAS CALAHAN, Edge Hill, Mo., June 8th.

Reduced Railroad Fares.

Ticket agents on the Missouri Pacific System have received instructions as follows: North American Saenger-Bund Biennial Festival, St. Louis, Mo., June 13, 14, 15 and 16.—For this occasion, all agents (except as noted below) may sell tickets to St. Louis and return at one regular first-class fare for the round trip. Tickets to be sold June 11th to 14th, inclusive, except that from points within 200 miles of St. Louis, tickets may also be sold on the 15th, and for trains arriving in St. Louis on the morning of the 16th. Tickets to be limited for return passage to and including June 19th. Agents in Arkansas will sell on June 10th and 11th only, with final limit for return passage to and including June 18th.

National Republican Nominating Convention, Chicago, June 19.—All Coupon Agents, except as below noted, can sell tickets to Chicago and return at one first-class fare for the round trip. Tickets to be sold June 16th to 19th, inclusive, good for going passage until June 19th, inclusive, and for return passage until June 25th, inclusive. Agents in Arkansas will sell on June 16th and 17th, tickets to be limited for return passage to and including June 18th, with a transit limit of three days in each direction.

Democratic Primary Election.

By order of the Democratic Executive Committee of Iron County, a Primary Election for the choosing of candidates for the various County offices will be held on Saturday, July 28th, 1888, at the usual polling places, under the following rules and regulations:

There shall be four judges at each poll, the judges to choose their clerks.

A Justice of the peace or notary public shall be stationed at each poll, whose duty it shall be to administer oaths when required by the judges.

The judges and clerks of election will be sworn to not violate the secrecy of the ballot; and the former to take charge of the ballots and poll-books and cause them to be safely delivered at the county seat to the Chairman of the Executive Committee.

Judges will not permit illegal voting, and in cases of doubt they will cause the voter to be sworn.

No voter will be permitted to cast his ballot at any other than his home precinct. Judges will see this rule strictly enforced.

Only Democrats and those who will in good faith pledge themselves to support the Democratic ticket so nominated, will be permitted to vote at this election—the judges of election to determine their eligibility in this respect.

The usual fees will be paid judges, clerks and messengers.

Ordinance No. 40, Amending Ordinance No. 38.

POLL-TAX FOR STREET PURPOSES. Be it ordained by the Board of Trustees of the Town of Pilot Knob, Mo.,

That section 2 of ordinance 38 be amended by adding to the end of said section the following words, to wit: between the 15th and 30th days of June, and if not paid within that time to work on streets of said town one day, at such time and place as they shall be notified by the Collector. So that said section, as amended, will read as follows:

SEC. 2. Such tax shall be collected by the Collector of Revenue or of said town of Pilot Knob as other taxes are collected, between the 15th and 30th days of June, and if not paid within that time to work on the streets of said town one day, at such time and place as they shall be notified by the Collector.

This ordinance to take effect and be in force from and after June 1st, 1888.
