OUR PLATFORM.

Unalterable opposition to the policy of Public Favoritism to Private Industries by Tariff Taxation—commonly called the Republican Policy of Protection.

Sen. Cockrell is making speeches in the Western and northern part of the State.

The outlook for Democratic success in the elections next month grows brighter with every day.

What a pretty fight Harrison, Blaine, Reed and McKinley will have all among themselves for the Republican nomination for President two years hence!

Let every Democrat in Iron county take special pains to see that every voter visits the polls on election day. Everybody should take a pride in seeing that Sam Byrns' majority is as large as possible.

Last week's Truth stated that Mr. Filley is always right. We suppose, then, that the Light Weight was wrong when he refused to endorse "de ole man" for the St. Louis post-office. How about this, Mr. Cundiff?

Even the Globe-Democrat admits that the indications are that the Democrats will have a small majority in the next House of Congress. The majority will be there all right enough but it will lack considerable of being a small one.

The President's reception in the West was mild indeed, as compared with the ovation tendered President Cleveland three years ago. But then how could a man who signed the McKinley bill expect extraordinary treatment at the hands of Western people?

The funniest thing we have heard this campaign is that the Republicans have strong hopes of electing their candidate for Congress in the 14th district. All the money that Foster and Quay could secure in a decade wouldn't corrupt the honest yeomanry of the Fourteenth.

It is stated that the President will call an extra session of congress, immediately after the election. The Force Bill will then come up for consideration, but if it is passed the next House, which will be Democratic, can refuse to make appropriations sufficient to enforce it.

The American policy as practiced by Mizner seems to meet with the approval of the present administration, and the inference is that Ben Harrison thinks that the Americans have no rights abroad which even so small and insignificant a nation as Guatemala need respect.

The Labor Party of the Tenth District in convention assembled at Bismarck on last Thursday endorsed Sam. Byrns for Congress. The meeting was an enthusiastic one and delegates from every part of the district were in attendance. And thus is Byrns' election rendered doubly certain.

In a column of "rot" the Jackson Cash-Book endeavors to justify its failure to support the Democratic nominee for State Senator, by citing instances where Democrats have, heretofore, in Cape county refused to support the nominees. All in all it's about the weakest plea we have ever seen.

We wish that when Mr. Kinsey comes down here some of our Republican friends would have him explain why it is, if the foreigners pay the tariff, as is asserted, that there has been such a general raise in prices on protected articles throughout the country, since the passage of the McKinley bill.

The Truth had time last week to say considerable about different matters that appeared in the REGISTER, but Mr. Cundiff evidently overlooked our question in regard to Mr. Kinsey's position on the Lodge election bill. Will you kindly state, Mr. C., whether you approve or disapprove of Mr. K.'s vote on that measure?

Says the Globe-Democrat: "The typographical errors which have been found in the new tariff are not half so discreditably and damaging as the errors in policy which are in that act." And yet one of the little obscure sheets of the g. o. p. couldn't for the world be induced to say that the McKinley bill is anything short of perfection.

Mr. Kinsey was tendered a public reception in South St. Louis one evening last week. Mr. Bartholi's supporters and the Filleyites were conspicuous by their absence. Mr. Kinsey will wonder what struck him when the votes are counted in St. Louis next month, and, perhaps, he'll be just a little bit sorry he didn't render "de ole man" some assistance in the post-office scramble.

The Truth insists that the Light Weight has accomplished more for the people of the Tenth District in two years than Mr. Clardy did in ten. Will the Truth be more explicit? Does it include Mr. K.'s vote for the tax on binding-twine, the McKinley bill and the Force bill as among that gentleman's accomplishments in Congress that will redound to the benefit of the people of the 10th district? Please explain, Mr. Cundiff.

When Congress met last December the price of wheat in Chicago was \$.79 per bushel. On the first day of September of this year the price in the same market was \$1.01 1-2 per bushel. Here is a practical illustration of what ten months of Republican legislation has done for the agricultural interests of the country.—Crispian Mirror.

Since the McKinley bill has become a law the heavy rains of the past two months have let up and enabled the planters of the South to pick their cotton. Another "practical illustration" of what Republican legislation on the tariff will accomplish. Oh, these Republican country editors! In thy wisdom hast Thou made them all!

G. A. Maston's house was within fifty feet of Hottson's house which burned on Russell Street recently. It was owing to a favorable wind and the efforts of the willing hands that were present that the house in the next yard was not burned, that house was not insured then, but, you bet, it is now!

Children Cry for Pitcher's Castoria.

"Like Magic," THE effect produced by Ayer's Cherry Pectoral, Coughs, Croup, and Sore Throat are, in most cases, immediately relieved by the use of this wonderful remedy.

"I have used Ayer's Cherry Pectoral in my family for thirty years and have always found it the best remedy for croup, to which complaint my children have been subject."—Capt. C. Carley, Brooklyn, N. Y. From an experience of over thirty years in the sale of proprietary medicines, I feel justified in recommending Ayer's Cherry Pectoral. One of the best recommendations of the Pectoral is the enduring quality of its popularity, it being more stable now than it was twenty-five years ago, when its great success was considered marvelous."—R. S. Drake, M. D., Berlin, Kans. "My little sister, four years of age, was so ill from bronchitis that we had almost given up hope of her recovery. Our family physician, a skillful man and of large experience, pronounced it useless to give her any more medicine; saying that he had done all it was possible to do, and we must prepare for the worst. As a last resort, we determined to try Ayer's Cherry Pectoral, and I can truly say, with the most happy results. After taking a few doses she seemed to breathe easier, and within a week was out of danger. We continued giving the Pectoral until satisfied she was entirely well. This has done me much good in the preparation, and I recommend it confidently to my customers."—C. O. Lepper, Druggist, Fort Wayne, Ind. For Colds and Coughs, take

ALL THE NEWS

That is what the ST. LOUIS CHRONICLE contains, but not a line of word-padding. It is better than ever, and it has long been recognized as a leader. It has just spent \$40,000 for two new lightning presses, stereotyping machinery, new type and building improvements. But it proposes to spend more. On and after October 11-12 an eight-page Saturday paper for city circulation, and an eight-page Sunday paper for country circulation, will be issued.

FOR

THE ST. LOUIS CHRONICLE is ever alert in the interest of its readers. Are you one of them? If you are not you are liable, unless you reform, to miss many a treat. News is THE CHRONICLE'S strong point, but it is not weak in literature. Reclining October 18, a great serial novel, by M. Jules Mary, will begin. M. Jules Mary is a second Victor Hugo, and Paradise Lost is the reigning French epic. It has been translated for THE CHRONICLE. If you fail to read it you will be sorry.
