LOCAL BREVITIES.

The winter at last, and the ice men are harvesting a plentiful crop.

Wanted, a girl for general housework. Apply to W. H. Byers, Ironton.

It's fun for the doctors, perhaps, but the general influenza is not exhilarating.

Born—To Mr. and Mrs. Constantine Kuhn, on the 8th of January, 1892, a son. All are doing well.

The merry sleigh-bells are jingling up and down the streets, no matter if the runners do bump considerably.

The I. O. O. F. Phantom Ball netted forty dollars, notwithstanding La Grippe and the disadvantages that follow in her train.

We learn with regret that both Mr. and Mrs. J. W. Speck are confined to their beds with sickness. We hope, however, to chronicle their early recovery.

Mr. Arthur Hoff and bride are now "at home," having established their domicile in the Gay brick building on Russell street. There may happiness and prosperity attend them, is the wish of the REGISTER.

Rev. Walter E. Boggs, President Bellevue Collegiate Institute, received a New Year present worth talking about—a baby boy came to his house Jan. 1st, 1892. The REGISTER desires to offer its congratulations.

The Kennett Clipper has this to say of one of the Valley's mechanics: "Louis Miller, of Arcadia, has completed the school house and bank building, and is now at home. He made many friends while here who will vouch for his uprightness and his honest workmanship."

Terry's "Uncle Tom's Cabin" Company will show at the Academy of Music on Friday night of this week. The company carries with it a fine band and orchestra, and gives assurance of a first-class entertainment. The prices of admission are put at popular figures.

J. C. Carty, Esq. of Van Buren, was in Ironton several days this week, and during his stay called at the REGISTER office, as a matter of course. He is a promising young attorney for whom we predict a prosperous future. He departed for Van Buren yesterday.

W. G. Fairchild, Esq., went over to Russell's pond last Friday night, to disport himself upon the ice. A young lad, who also was having a good time, collided with him—purposely, it is said. Mr. Fairchild fell and broke his arm at the wrist—a rather painful tribute to the genius of skylarking.

By desire of the Justice, we state that the preliminary examination of James Davis—charged with having beaten his wife—which was to have been held before Squire Ake on the 14th inst., has been deferred to Friday, the 22d. Witnesses and others will therefore govern themselves accordingly.

The members of Midian R. A. Chapter had a banquet at Bieme's last Friday night. About twenty-five Companions partook of the good things spread before them, and enjoyed themselves in various ways until the near approach of another day warned all to depart for home and rest. The occasion was particularly interesting to Messrs. W. H. Byers and W. H. Loomis, who had traveled a long and weary way to get there.

Our new dress is donned under inauspicious conditions. In the first place, our paper came to us blurred and blotched as it never was before. The patent inside had evidently been worked dry, and a too generous supply of ink smeared and blotched the unprinted side of every sheet. Then our press—usually a docile and even-tempered piece of machinery—saw fit to indulge in one of its infrequent "kicks," piling an Ossa of vexation upon our Patagon of discontent. Finally, grumps in the family and the extra labor consequent upon doffing the old and donning the new, throw us out of trim. But time, patience and perseverance, it is said, conquer all things, and we hope to at last come out on top.

The following from the Potosi Independent will be of interest to the readers of the REGISTER. Dr. Berryman was born and reared in Iron county and was for years a practicing physician in the Valley. We hope soon to hear of the recovery of him and his good wife. Says the Independent: We are happy to announce the safe return of our friend and fellow citizen, Hon. J. W. Berryman, from a trip to Tucson, Southern Arizona, where he went some weeks ago to visit his brother, Dr. G. Q. Berryman, who was forced, on account of ill health, to try as a last resort the virtues of that climate. Dr. Berryman's constitution, which was never really robust, after twenty five years of exposure and labor to which all physicians along the Ozark range are so severely subjected, aided by the cold, piercing blasts of several Kansas winters finally gave way and a fully developed case of tuberculosis is the result. Mr. Berryman wishes to say to the brother physicians, friends and former patrons of the Doctor in this and Iron County, that while his condition is very precarious and his suffering no little, he entertains some hope that the dry atmosphere of that

arid region assisted by perfect rest and good nursing may eventuate in his partial and possibly complete recovery. Dr. Berryman's wife who is with him and also very sorely afflicted with pulmonary trouble while her cough is very deep and alarming, is improving slowly and hope is entertained that she and her husband within twelve months may be able to return to their family and friends."

Annapolis News.

Ed. Register—Jas. Strathier, a former citizen of this place, but lately of Sabula, was buried here Monday. Mr. Strathier was a kind husband and father, a good neighbor and a kind, agreeable gentleman.

J. S. Benson went to St. Louis Monday on business.

Carl Benson returned from Chicago Tuesday. Carl has many warm friends here who are always glad to see him come to Annapolis.

Brewington & Co. of Crane Pond are preparing to move their distillery to Clarkson Switch, which is about one mile south of Annapolis.

Your correspondent got on train No. 51 at Sabula Saturday to come home, being sick. 51 waited there several minutes to meet 56 and 52, the two latter being late. "These people never read any down here," said the newsboy, "they don't know anything but sawing and hauling logs and lumber." Of course this statement came from a rattle-brained youth who has much to learn before he becomes President of the United States, and, therefore, signifies but little for our grocer might, with equal propriety, say that we never wash because we don't buy our soap from him. There are a great many people in this part of the county who read a great deal, although there are some who do not read as much as they could. I am sorry that this is so, for if they would read and think more they need not work so much for the same money. They need not haul so many logs nor saw so much lumber to live in better houses, have more to eat, wear better clothes, and, in fact, be a better and happier people, and this is not only true of our people, but it is true of all people. Knowledge is power, and we should seek it by all possible means. January 11th, 1892. MURPHY.

Card of Thanks.

SABULA, Mo., Jan. 11th, 1892.

We desire to thank our friends of Bi-marek, Annapolis and Sabula for their kindness shown us during Mr. Strathier's sickness. Acts of kindness in sorrow are like lights in darkness, and will never be forgotten by

MRS. STRATHIER AND FAMILY.

Graniteville Items.

Married, at the residence of the bride's parents, Ironton, Mo., yesterday, Mr. Chas. Landy, a stone-cutter of this place, to Miss Carrie Hardie. Mr. Landy did not forget his brother stone-cutter here, and before leaving for Ironton to have himself bound in the holy bonds of wedlock, "set up" in the way of a couple kegs of the foamy beverage and 200 choice smokers, and the way which the boys did justice by drinking to the health, happiness and prosperity was a caution to behold. The levee was held in the Hall, and a large number was present to participate.

Mrs. John Lindsay has been quite ill for a day or two. She is getting better now.

Adolph Mossetti came down from the city to attend the wedding of Mr. Chas. Landy, and will remain over to attend the benefit ball Friday evening.

Mr. John Oelison and family are now cozily ensconced in their new home recently bought of W. H. Ham.

Jas. Sizemore was down on Marble Creek a few days last week on a hunting trip, and, as a result, brought three fine porkers home with him, so yesterday was hog-killing day at Jim's house.

J. V. Huffman, agent for the H. Parmer Library Co., of De Moines, Ia., has, according to promise, delivered to the members of Graniteville their books and the folks who hold membership shares seem highly pleased with their purchase.

Chas. Randle, Jas. Hume and sister, Nannie, went Sycenie Saturday last for a few days' visit with home folks, returning home to-day.

Geo. Cloud, a tonsorial artist, who has been running a chair for Mr. Louis Government of Ironton the past few months, has again returned and is now assisting his brother at this place.

Prof. Ira Kness has gone to St. Louis where he intends entering a business college.

Joe Wilkinson came down from De Soto on a business trip Saturday.

Several cases of la grippe in town, but, so far, we are happy to state none are seriously affected. The cold snap of weather we are now experiencing is, perhaps, the cause of the epidemic's mild nature.

A brilliant social hop was given by our young people on Tuesday night of last week as a parting event to George Masson, who has been spending several weeks visiting his mother, Mrs. Masson, who left the following day for Amberg, Wis., where he is serving his time as an apprentice at granite-cutting. The affair was well attended, and, we learn, an exceptional good time was the outcome.

The granite-cutters of this place will give a benefit dance Friday evening of this week for the benefit of one of their fellow craftsmen, who has been confined to the house through sickness during the last six or seven months. It is expected that the stone-cutters will resolve themselves into a committee of the whole and contribute either by their presence or by a ticket and thus show their loyalty in helping a brother workman who is in some need of help.

The Graniteville orchestra here signified their willingness to furnish the music at largely reduced figures, and it is hoped that the affair will net a good round sum for the brother in whose behalf every laboring man in this vicinity ought to feel an interest.

The Granite Social Club, composed of some of our most enterprising and wide-awake young men, are arranging for a grand masquerade ball and supper to be given at Workman's Hall on Friday evening, February 12th, and, judging from the posters, promises to be an affair worthy a large patronage of those who like tripping the light fantastic. A glance at the make-up of the

committeemen is an assurance of the many characteristics incident to an event of this kind. TYRO.

Sabbath School Work.

On March 8d, 1890, Mr. J. H. Parsons, State Agent for the "Missouri Sabbath School Association," met some of the Sabbath school workers of Iron county at the Presbyterian Church. A county organization was then formed. Dr. A. S. Prince was chosen President and Miss Alice B. Chase was chosen Secretary. The first annual convention of the "Iron County Sabbath School Association" was held in Ironton November 10th and 11th, 1890. Dr. A. S. Prince was again elected President and Rev. W. H. Roberts Secretary. Mr. J. H. Parsons was present and contributed much to the success of the convention.

The State Association appears this year to be more aggressive, having sent more men into the field, and each man devoting more time than heretofore to each county. Mr. W. J. Semelroth, Field Secretary, has made arrangements with the officers of our county association for a campaign of a week, under the leadership of Dr. Geo. B. Mitchell, who is now State Agent for Southeast Missouri. Arrangements are being made, which we hope will be satisfactory to all concerned, to have Dr. Mitchell visit Graniteville, February 8th. Cross Roads, February 9th. Annapolis, February 10th. Des Arc, February 11th. Red School House, February 12th.

The Sabbath Schools at each of the foregoing places, in union with all the other schools in the immediate vicinity, will hold a township or district convention. Dr. Mitchell will be at each place ready to speak upon any topic connected with Sabbath School work. He will explain the purpose of the Association, show its utility, encourage co-operation and invite all to attend the Second Annual Convention of the County Association, which will be held at the close of his week's work, i. e., on February 13th and 14th, at Ironton.

The statistical report for 1890 shows that the condition of our schools is healthy. It is true that no new schools are reported organized, yet we find 62 more teachers and an increase of 814 students. The report for 1891, when received, will be still better. Let us have this county well organized, for organization demands conventions, and the fruit of conventions is better work and better work we need, for there are yet outside of any Sabbath School 2,195 children of school age in Iron county. Christian workers, may this be our motto, which is in accord with the gospel of Christ and the need of the times: "To the work." W. H. ROBERTS.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell so well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. P. R. CRISP, Druggist.

From Clones.

Editor Register—

Many things have transpired in this and adjoining localities since my last communication, but very few of them are worthy of note; for as you know, one should strive to properly draw the line of discrimination in writing up local matters.

Nearly every family has a case of grippe.

The protracted series of meetings at Goodland closed on Sunday last, after ten days' siege. I cannot give results in the case, but presume that, as usual, an excellent work was done. Rev. J. R. Adams, though quite unwell at the time, preached a very impressive sermon on Sunday.

I made a trip to Ironton recently, and while there, we quite pleasantly entertained by not a few of Ironton's county officials. After making a few—very few—purchases, I stopped over night with Mr. Adolph Lopez, returning home the next day.

I am reliably informed that the store at Black, Mo., has again changed hands. This makes about nineteen changes for that store within the past six years. But the present owners are first-class men in every particular.

School closed in Clones district on the 24th ult., and the teacher, who has had fifteen years' experience, says that his daily average, general interest, and intelligence of his pupils can be exceeded by any school in the West End. Moreover, I believe that he will willingly compare notes with any teacher in the West End, regardless of age, color, or nationality.

Dr. R. Adams, one of my most esteemed friends, who went to Fresno, City, Cal., last March, now has a position in a store at that place at \$50 per month. Success to you, Romaine.

A trip was made to Foote Monday last, and I found a large stock of goods which the merchant is selling at prices as low as possible, considering the quality, etc.

I am under obligations to Mr. J. R. Adams, the genial and accommodating postmaster at Goodland, for favors granted recently.

H. Latham is busily engaged hauling lumber, preparatory to building.

I am informed that J. N. Eaton will return to California on or about the 5th prox.

A few ghost dances only characterized Christmas last here.

J. E. Adams, Goodland, is at Belgrade.

It is said that a wedding near Clones is nearly on the tapis.

Miss Vina Hawk has returned from her visit to friends on Bill's Creek.

W. H. Shay of Black spent a few days in this locality last week. P.

Resolutions of Respect.

EASTERN STAR LODGE, No. 62, IRONTON, Mo., Dec. 28, '92.

WHEREAS, This Lodge has been called together to perform the solemn duties of conveying and consigning to its last resting place the body of our departed brother, and, as it is but meet and just that we place on record the simple, but none the less valued, worth and merits of him who has preceded us across the dark and rolling river; therefore be it

Resolved, That, in the early death of Brother PAYTON MARTIN, this order has lost an honest, temperate, industrious, law-abiding member; one whose walks in life always reflected credit on the order and all associated with him therein.

What more can we say? That he was a kind, loving father and provident husband is self-evident from the deep and suffering sorrow of his bereaved wife and sons, who are left to mourn his loss.

Resolved, That we, as members of the order he cherished, tender to the family our sincere sympathies, trusting they will find spiritual comfort in Him who died that we might live. That a page of our records be set apart to commemorate his memory, and these resolutions spread thereon; a copy furnished the local press for publication, and a copy neatly engrossed and delivered to the widow and sons under the seal of the Lodge.

Obituary.

DIED—At his home, near Ironton, Mo., Tuesday, January 5th, 1892, Mr. LEONARD SUTTON, aged 77 years and 11 months. Mr. Sutton was born near Newport, Cook Co., Tennessee, Dec. 25th, 1814. When a child, his father and family moved to Booneville, Mo. About 1820, the family moved to Stout's settlement, when all this county was a vast wilderness. There were but two or three families in the settlement.

His nearest neighbor was a family by the name of Huff, with a large family of boys and girls. About the year 1834 Mr. Sutton married one of the daughters, who is still living, and who bore him six boys and four girls. The funeral took place at their old home, on Wednesday, Jan. 6th, at 2 o'clock, and he was buried near the home in their family burying ground. The funeral rites were witnessed by a good number of friends and citizens, as well as members of the family. The services were conducted by the Revs. Carter, Martin and Smith. The deceased was a kind husband and father, and a Christian neighbor. He had been a member of the United Baptist church for forty years, and lived a most exemplary life. One of his last words were: "When I die, oh let me die in peace with all mankind." We tender our sympathy to the bereaved ones who are left here for a little while.

Obituary.

DIED—Jan. 3d, 1892, at the residence of her mother, at Hogan, Mo., Miss SINA PEARSON. Her disease was consumption, of which she suffered over a year. She was born in Warren Co., Ky., June 3d, 1817, and moved with her mother to Hogan, Iron Co., Mo., in 1839. It is said to be called upon to record the death of one so young as she, but death always plucks the fairest ones. Sina was among us but a short time, but during that time she made many friends who mourn her

loss. She bore her illness, which was a long and painful one, with patience and fortitude. She was conscious to the last and bade her mother and sisters not to grieve for her. She leaves a mother, three sisters and a brother to mourn her loss. To them in their sad bereavement we extend our heartfelt sympathy.

In the perfection of their bloom The young cut down we see, And, meditating on their doom, We ask why this should be?

Vain question! There is no reply, And yet once more we say, Why should our best beloved ones die Untouched by time's decay?

And yet again no answer sounds: God does strict silence keep; Darkness the closing tomb surrounds, And still we blindly weep.

A FRIEND.

In Memoriam.

ANAPOLIS, Jan. 7th, 1892.
