

Silver in Illinois.

John Mayo Palmer of Illinois is a sick goldbug. He says: The sentiment in favor of the free and unlimited coinage of silver at the ratio of 16 to 1, without international conference or agreement, seems to have taken complete possession of the Democracy of Illinois outside of Cook county. I conferred with men of all shades of opinion upon this subject, with Republicans as well as Democrats. I talked with Republicans, because sometimes the lookers-on see more of the game than the players. I met old friends with whom I could talk confidentially, and got the impression that, while there is a very strong and respectable sentiment throughout the State in opposing to this currency theory, yet the opponents of 16 to 1 are without organization, apparently without any ambition to succeed, and are singularly silent, while the silver men are vigorous, active and aggressive. It's the same way all over the country. Mr. Palmer.—Jefferson City Tribune.
