Sunday was a "red letter" day for Ironton base ball players. They just scooped up everything in sight. The first nine played a game at Iron Mountain and were victorious in a score of 13 to 1. The kids played the Middlebrook boys and won, the score standing 17 to 3. And the Ironton colored nine beat a Farmington team 25 to 18. Sunday was surely Ironton's day.

Mr. A. Nemlich, our progressive and successful baker, is making preparations for the change from his place of business on Main street, where he has been for the past eight years, to the new and commodious building being erected especially for him on the corner of Fourth and Poplar streets opposite the opera house. He expects to make the change by the first of July next and will then have a first class, modern steam bakery with the latest improved Simpkins oven and complete mixing and kneading machinery.—Poplar Bluff Sentinel.

A man by the name of Foster from Elvins was here Tuesday looking for a bay mare and colt that had been stolen from his meadow the morning before at nine o'clock. A man and colt answering the description were taken through here Monday evening headed southward. The man who had them in charge was somewhat uneasy and seemed very anxious to sell. Foster on getting this information, felt certain he was on the right trail and proceeded with his search. Later—Foster located his mare and colt on Marble Creek but the thief had gotten away.

The Iron Mountain will begin laying new steel between Poplar Bluff and Dexter in a few days. The steel will be 75-pound weight and will put the road in shape to handle the heavy freights between St. Louis and this city. As soon as the bridge is completed at Gray's Point, which will be in about eighteen months, all freight trains on the Iron Mountain, except trains No. 77 and 78, between St. Louis and Poplar Bluff, will be run from here to Dexter and there take the Cotton Belt into St. Louis. The main line will be used for passenger trains and fast freights.—Poplar Bluff Republican.

The Iron Mountain Railroad company has given an order for 30,000 ties, to be delivered at Walnut Ridge, Ark. This confirms the report that a division point will be made there. The ties ordered will make near thirty miles of track. The establishment of switch yards at Walnut Ridge means that Newport will lose the division point if the company decides to make a long division. It is probable that Poplar Bluff will lose the division point. The ground for a switch yard has been looked over at Piedmont, and the three divisions may be as follows: St. Louis to Piedmont, 118 miles. Piedmont to Walnut Ridge, 91 miles. Walnut Ridge to Little Ridge, 124 miles. The only hopes that De Soto, Poplar Bluff and Newport have of retaining their position as division points, is that the company will decide to make shorter divisions by adding Piedmont and Walnut Ridge.—Poplar Bluff Citizen.

Read It in His Newspaper.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her home household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by Arcadia Valley Drug Co.

As To Plagiarism.

IRONTON, MO., May 29, 1902. MY DEAR MR. AKE:—May I request space in your valuable columns for the following explanation: I have never had the pleasure of reading Rudyard Kipling's "Hadiappet," nor will I submit myself to the charge of plagiarism undeservedly. The lines "Without Love at His Side" were copied from a magazine and the authorship not given; I claim to be the author of the "Answer" only, which is, I think, if anyone will carefully read the two, distinctly implied if not actually expressed.

In this same connection, permit me also to point out that the gifted authoress who has given to the world "Maurine" and "Poems of Passion" is known as Ella Wheeler Wilcox, and that Helen Wheeler Wilcox is as yet unknown to literary fame.

However, I desire, with all due humility, and with as much of Chesterfieldian grace as in me lies, to take off my hat and bow to my learned critic, who so praises my slight efforts at soaring, Pegasus-like, to court the muses, by comparing me with the great master of English literature who counts his auditors and his admirers by the hundreds of thousands, spread over five continents.

Sincerely yours, VOX ET PREFERE Nihil.

Of what does a bad taste in your mouth remind you? It indicates that your stomach is in bad condition and will remind you that there is nothing so good for such a disorder as Chamberlain's Stomach & Liver Tablets after having once used them. They cleanse and invigorate the stomach and regulate the bowels. For sale at 25 cents per box by Arcadia Valley Drug Co.

Weather Data for June.

The following data for the month of June have been compiled from the records kept at this place by Mr. W. H. Delano, Voluntary Observer U. S. Weather Bureau, and cover the period from 1879 to 1901 inclusive, excepting the years 1891 and 1892, for which only the total monthly precipitation is available.

The mean or normal temperature of June is 72 degrees. The warmest June was that of 1890, with an average of 78 degrees, and the coolest, that of 1888, with an average of 65 degrees. The highest temperature recorded during any June was 103 degrees on the 22d, 1901, and the lowest, 37 degrees on the 3d, 1888. The average number of days with maximum temperature above 90 is 5.

The average precipitation for June is 5.15 inches, and the average number of days on which 0.01 inch or more fell, 9. The greatest amount for any June was 10.69 inches in 1897, and the least, 1.15 inches in 1894. The greatest fall in any 24 consecutive hours was 4.52 inches on June 26-27, 1898.

The prevailing winds have been from the south. The average number of clear days is 9; partly cloudy days, 14; and cloudy days, 7.

Chills and Fever is a bottle of Grove's Tasteless Chili Tonic. It is simply iron and Quinine in a tasteless form. No Cure, No pay. Price, 50c.

"Sharps and Flats."

During last year Ex-Governor Lon V. Stephens contributed to the Booneville Advertiser a series of letters under the above caption, which dealt with Missouri politics and politicians from the standpoint of an earnest Bryan Democrat. They proved to be "mighty interesting" reading" and were widely copied. In reference to numerous requests from prominent Democrats throughout the State, M. V. Carroll, formerly Chief Clerk of the State Labor Bureau and a well-known political writer, has compiled the aforesaid letters and published them in a neat pamphlet of about 56 pages, which is now in press and will be ready for distribution within a short time. Single copies will be mailed to any address for 10 cents, or 12 copies for \$1. Every Democrat in Missouri will enjoy reading this pamphlet. The first edition will consist of 10,000 copies. If you want one order now. Address M. V. CARROLL, Jefferson City, Mo.
