My farm lands, both up-lands and bottoms, have a fertile soil well adapted to the growth of clover and other grasses, also wheat, oats, corn and potatoes, as well as all other farm products raised in Southeast Missouri. They are situated in good healthy settlements, within easy reach of school houses and churches, and the best of water being accessible at minimum cost. I have lived in Butler county over a quarter of a century enjoying good health and prosperity, and during these years I have had chances to select the garden spots of the county. I am also offering for sale several improved and a number of vacant lots and a Three-Story 25-Room Hotel in the beautiful Arcadia Valley, all located in Arcadia, Iron County, Mo. The only hotel in the town, and is just a few steps from the railroad station and has a good patronage. AUTHOR OF "DIXIE."

A Monument to His Memory to be Erected at Mt. Vernon, Ohio, the City of His Birth and Death.

A movement is on foot to erect a monument to the memory of the author of "Dixie," Daniel Decatur Emmett, in Mt. Vernon, Ohio, the city of his birth and death. Upon the occasion of the death of Mr. Emmett, which occurred recently, the Mayor of Mt. Vernon, at the request of the lodge of Elks of that city, who had charge of the funeral, appointed a committee of prominent citizens to act as a memorial commission to solicit and receive subscriptions to the fund for the monument. Those desiring to subscribe to the fund should send remittances to the Secretary of the commission, Mr. J. D. Smoots, at Mt. Vernon, Ohio, who will make acknowledgment of the same.

St. Louis' Greatest Theatrical Event.

In the magnificent production of the Drury Lane spectacle, "Mother Goose," which began an engagement at the Olympic Theatre, Sunday, Sept. 4th, Klaw & Erlanger have reached the crowning glory of stage beauty and magnificence, for never on any stage have we had such a mighty beauty spectacle and gorgeous magnificence in evidence. It is resplendent with gay ballets and processions, dazzling scenes, kaleidoscopic with beautiful femininity, gorgeously attired, and constantly interspersed with up-to-date fun, fetching and catchy songs and novel specialties evolved through the medium of a score of well-known comedians, trained singers and dancers of repute.

The production is exactly similar to that which created a sensation in London at the Theatre Royal Drury Lane, for a whole year and in New York at the New Amsterdam Theatre, all last season, with the added effect of the beautiful and graceful posings of the aerial ballet troupe known as the Grigolatis, culminating with the flight of the premiere of the troupe from the center of the stage over the heads of the audience, clear to the gallery rail and return, all the while scattering natural flowers to the audience below. This is undoubtedly the most startling sensation ever produced by a woman in a theatre, and its effect as a crowning tableau to the finale of the second act, which is one of the most beautiful ever presented, holds the audience spellbound.

"Mother Goose" is staged in three acts and seventeen scenes, and is played by principals, chorus, ballet and auxiliaries numbering 400. There are two great ballets presented—"L'Art Nouveau" at the end of the first act and "The Land of Hartsensee" at the finale of the second. These ballets present 350 people in artistically gorgeous costuming and a troupe of 210 beautiful women dancers. The cast is the most notable ever seen in any production of its class.

There will be Sunday night performances during the "Mother Goose" engagement and Wednesday and Saturday matinees. Orders for seats by mail with remittance enclosed will be given prompt attention.

Back to Agriculture.

The tendency back to agricultural pursuits is evidenced by the movement that is now setting in among college graduates towards this field that has hitherto been regarded with less favor than the so-called learned professions. No less than ten college graduates will enter the College of Agriculture of the University of Missouri this fall. Among the number are several foreigners. The latest foreigner to indicate his intention to come is H. Wm. von Geller, graduate of the Royal Agricultural College of Roumania. In his native country Mr. Geller holds an important government position. He has already spent one year at Wisconsin University and four years at the Michigan Agricultural College, from which he graduated. He comes to Columbia as a candidate for the Master's degree in Agriculture.

I have built a large warehouse at Arcadia where I will keep flour and feed of all kinds on hand, which I will sell at wholesale, in one thousand and pound lots, to merchants, thus saving them the freight on small lots. I also have wheat sacks on hand which I will furnish to farmers who wish to sell me their wheat, and for which I will pay the market price. LOUIS MILLER.
