John Edmonds of Leadwood is visiting his father near town.

He has a good position in the company store in Leadwood, and will no doubt hold the position as long as he so desires.

Never before has there been such a demand for honest Christian young men, who are competent to fill positions of trust. With men of wealth, the question of honesty is paramount to that of wages.

If business men can find a man in whom they can place confidence, they do not care for the amount they pay for wages.
