Gov. Folk has given John and Amalek Brooks, sentenced to be hung here Thursday, April 18th, a respite until May 18th, in order, it is said, that he may have time to look into their petition for commutation. Although last Saturday's papers stated that the Governor had granted a respite, Sheriff Marshall received no official notification of the fact until late Tuesday evening, when he got a telegram from the Governor. In the meantime there was nothing for him to do but to prepare for the execution. A carpenter by the name of W. H. Vanderpool, of Poplar Bluff, arrived here Monday and proceeded to build the scaffold. It is now completed and situated just west of the jail. It is provided with two trap doors, so that the two executions might be made simultaneously, and the ropes arrived from St. Louis today. What the Governor will further do in the premises is, of course, all speculation.

We strolled into Maurer & Griffin's Thursday and while there the folks behind the counter called our attention to what the pure food law is doing. First was a can of ground stuff that used to be called "potted ham." Now it is labeled "potted meats with ham flavor." Another little can that used to be called the legendary label "Pet Cream," no longer sails under this rich and affectionately appetizing banner. It is now nothing but "evaporated milk." Next was a can of maple syrup. It used to be "Canadian Club Sap," but now the label says it is a compound of cane and maple sugar. Such appetizing sweetness as "New Orleans Drip" and "California Honey-Dew," right below the ambitious and high-sounding sobriquet, bears the humiliating confession that it is nothing but corn syrup. Lemon extract that has run the gauntlet of inspection no longer shades the bottle with the bright rich hue of the actual fruit. It is as colorless as a vial of drug store alcohol. "Pure Tomato Catsup" is no longer absolutely pure. It bears upon its label quite an elaborate explanation, that reads like this: "Made of ripe tomatoes, pure spices, granulated sugar and vinegar. This preparation also contains 1.10 of one per cent of Benzoate of Soda."—Lamar Democrat.

A beautiful display of misses' and ladies' skirts and waists at B. N. Brown's. The Summer School. The Training School will begin in the Ironton Public School Building April 29th and continue eight weeks. Those who need a review of the subjects taught in the public schools, and of those subjects in which teachers are examined will be given an excellent review. The teacher to be successful, must be well grounded in the common branches. We shall take up each subject by outline and teach it as a whole, and the parts or topics in their relation to the whole will be explained and explained—thus making the very best review of the subject matter, and demonstrating the best methods of presenting the subject in the class room. Each one will see the work being done by other teachers, and such comparison is certainly a great advantage and inspiration to every teacher, especially those with little or no experience. Many experienced teachers have expressed their intention to attend and a full school is assured. You can't afford to miss this chance to mingle with fellow teachers. It is practically the only opportunity for such associations since the abolishing of the institute for teachers. To the boys and girls in the advanced grades of the public schools we offer an exceptional opportunity to get a thorough knowledge of the subjects you are studying, and a correct idea of how to study them to the best advantage. Good board and pleasant rooms at reasonable rates. Write for further particulars. O. E. MCGEE.

Resolutions of Respect. WHEREAS, The Great and Supreme Ruler of the Universe has, in His infinite wisdom, removed from among us one of our worthy and esteemed brothers, Benjamin F. Loff, and whereas his useful connection with our Order makes it eminently befitting that we record our appreciation of him; therefore, Resolved, That his loyal devotion to the principals of our Order will be held in grateful remembrance. Resolved, That the sudden removal of our brother from our midst, leaves a vacancy and a shadow that will be deeply felt by all our members, and will prove a serious loss to our Order. Resolved, That we extend our deep sympathy to the bereaved relatives of the deceased, and hope that even so great a loss to us all may be overruled for good by Him who doeth all things well. Resolved, That our Castle Hall be draped in mourning for ninety days, and that a copy of these resolutions be spread upon the records of this Lodge, a copy printed in the local paper, and a copy forwarded to the bereaved family. J. M. HAWKINS, J. L. BALDWIN, JAS. G. NEWMAN, Committee.

Funeral services for the late Mrs. Henry House were held Tuesday afternoon at the family residence in South Battle Creek, a large number of sorrowing friends and relatives gathering to pay their last respects to the memory of the deceased. Prior to her marriage, Mrs. House was Miss Mary Rebecca Stevenson, and for many years was an esteemed resident of this vicinity. She was a faithful and loving wife and mother, and a kind friend who will be missed, not only in the home circle, but by all who knew her. She is survived by her husband and five children, as well as two brothers and a sister in Washington, who were unable to be present at this sad occasion. A profusion of beautiful floral offerings were a fitting tribute to the life of the deceased, and were an evidence of the high esteem in which she was held by a wide circle of friends. Elder George C. Tenney of the Sanitarium, spoke words of comfort and assurance to the bereaved family, and several musical numbers gave hope to the sorrowing ones. The remains were laid to rest in Young's cemetery.—Battle Creek (Mich.) Journal. A fine line of ladies' skirts at Brown's. Des Are items. Winter is still here, and the fruit is gone. I remember that some years ago a box car was sitting on our sidetrack, to be loaded with lumber; it was from some town in Kansas, and on it appeared the following: "August 6th, thermometer 103; hot winds; corn gone to hell." I am afraid that is the fate of our fruit. In my last week's communication I made an error in speaking of Morris Bros' sales at Farmington. It should have read that their sales were \$925 on Saturday; their sales for that week were over three thousand dollars. I also failed to mention Lucy Bros. at Bismarck. I was surprised to see the amount of business they were doing, as I had always heard that Bismarck

Now Look Out For Rheumatism. The grip has been unusually prevalent during the past winter, and in many cases is likely to be followed by an attack of muscular rheumatism. This is the most common variety of that disease and least dangerous. There is no swelling of the joints and the pain is not so excruciating as in acute or inflammatory rheumatism. It is sufficiently severe to disable a man, however, and every movement increases the pain.
