From the casual reference of the Farmington papers to the ball game played in that town on Sunday, June 30th, we are led to the conclusion that the hoodlum performances of their pitcher on that occasion was not an unusual occurrence. Valley gardener John Newman tells a good bird story. He says that this spring and summer a wren built her nest in the top of his covered market wagon and hatched a brood of little wrens there. In view of the fact that the wagon has been driven to Iron Mountain twice a week all during the season, and is driven about the Valley every day, this statement seems somewhat remarkable, but it is true.

Alex. Moyer, of Flat River, was shot in the leg on the picnic grounds here 4th of July morning. Although a number of people were standing near, there seems to be some mystery attached to the affair, in that no one will make a positive statement as to who did the shooting. It was probably an accident, though, and all are keeping quiet to save some one paying a fine for carrying concealed weapons. Moyer's injuries are not serious.

About twenty-five hundred people attended the barbecue and picnic here on the 4th of July. The weather was ideal. The sun shone from a cloudless sky, and while it was pretty warm, it was not more so than is to be expected in mid-summer. The barbecued meats were splendidly cooked and

the programme of the day was enacted without hitch or wrangle. There was not a single disturbance. Everybody was on good behavior and in good humor. The stands all did a prosperous business and the day was in every way a success.

George Bone was arrested last Friday at the instance of Postmaster Knowles, for using profane language in and near the post-office. Bone was tried before Squire Fraser and fined one dollar and costs. Cursing is one of the most inexcusable offenses, and there is entirely too much of it on the streets of Flat River. Postmaster Knowles has the approval of all decent people and good citizens in this action, and we sincerely hope that others may follow his example until this pernicious habit of swearing in public places is broken up.—Lead Belt News.

Frank D. Gebhardt, an attorney who has been practicing in the circuit court of Butler county for the past ten or fifteen years, was sentenced to two years in the penitentiary Saturday evening, by a jury, in the circuit court, for embezzlement. Gebhardt was charged with collecting house rent for John P. Treese, of this city, and failing to turn the money over to the owner of the property. Gebhardt was defended by Attorneys Dinning and Orchard, and the jury brought in its verdict after being out a short time. A motion for a new trial was filed by Gebhardt's attorneys to-day.—Poplar Bluff Democrat.

Our young friend, Frank Delano, showed us three sheets of the U. S. geological survey, including the territories embraced between meridians 90° 15' W and 91° W, and between 37° 45' N and 38° 00' N latitude, which have been recently completed. These maps include Farmington, Bonne Terre, Flat River, Elvins, Mineral Point, Irondale, Bismarck, Potosi and Caledonia. The scale is approximately 1 inch to 1 mile, so that all topographic detail is clearly shown, such as streams, roads, railroads, mountains, residences, places of business and boundaries between civil divisions. The height above sea level of any point can be readily obtained. The sheet including Ironton has not yet been published, but when completed should be of great interest to all in this neighborhood.

What is the Home Missionary Society of the M. E. Church, South, doing? It is aiding in building parsonages, particularly has it been helpful in this work in the far west and in the poorer districts of the older conferences. It is aiding in educational work—having a school in Florida for the Cubans, four night schools on the Pacific coast where nearly 300 Chinese and Japanese students are being taught the English language. At London, Ky., and Brevard, N. C., it is supporting two large schools, where the mountain youths are given a chance for an education. In addition to educational work, a large amount of local work is done, such as caring for the parsonage, visiting the sick and stranger, and providing so far as possible for the needy in the community. The Arcadia Auxiliary holds its monthly meetings at the homes of its members. X.

In Memoriam.
In loving memory of Miss Mary Ward, who died July 1, 1906.
One year ago there came into our home
A silent messenger, upon the Sabbath day,
And claimed a precious jewel as his own—
The soul of our beloved, saintly May.
She gave us warning that the end was near,
And sought to check our grief, our tears,
Our sighs;
Death had no terror and she knew no fear;
The light of heaven shined in her lovely eyes.
We strove to feel "God doeth all things well";
To bow submission to his wondrous power;
But, oh! how hard, no tongue can ever tell,
The anguish of that last and parting hour.
A year has passed, and now the grass is green
Where she lies buried underneath the sod;
We miss her always, but a form unseen
Whispers, "Be comforted, she is with her God."
Sleep sweetly, darling, in your lowly bed;
No sound disturbs your dreamlike, calm repose;
In Calvary's lovely city of the dead
Our loved one rests, beyond all care and woe.

The 4th here passed off quietly with a picnic. Some of our people went to Ironton to the barbecue and horse show. J. H. Raney had the best horse on the ground and took the blue ribbon for the best saddle horse. Mr. Raney and his son, Harry, were in attendance.
