Still there is no news of Anderson Rust, who has been missing since the day Douglas Newman was killed. The last heard of Rust was the morning following the tragedy, when he was seen about fifteen miles south of Ironton. The opinion seems to be that the fleeing man was going to Arkansas, where, it is understood, he has relatives, but there is no trace of him after he left the south end of the county.

One of our printers in the days gone by, M. D. Bellis, happened in on Monday morning. He is now employed on the Los Angeles, California, Daily Times operating a linotype machine, and has been there for the past seven years. He is making a flying trip and will probably start from St. Louis home by Sunday.

M. D. Bellis, of Los Angeles, California, and Miss Nettie O'Neal, of Franklino, Mo., will be united in marriage in St. Louis Thursday. O'Neal, and a legion of friends in Iron county wish her every happiness. Mr. and Mrs. Bellis will leave in a few days for Los Angeles, where they will in future reside. The REGISTER hopes that every blessing will come to them.

We are very much pained to hear of the very serious illness of our life-long friend and good man, H. B. Jones, in Arkansas. Harry has not been in the best of health for over a year, but when he was here a month or so ago he was looking much better than he had been, and it was hoped he was improving. But shortly after his return home from here he had a bad attack and went to Hot Springs to consult a specialist. He diagnosed the trouble as locomotor ataxia, and declared his condition very serious, indeed.

Sheriff Marshall returned from Bisbee, Arizona, last Wednesday night, having in charge Thos. Persons, charged with rape. Persons had been a fugitive from here for one year. He first went to Memphis, where he worked two or three months and then drifted to the south and west. Bisbee is about 1800 miles from Ironton and only a mile from the Mexican line. It is a place of 16,000 people and a "wide open" western town. Persons was working in a copper mine, and had been there about two weeks. Sheriff Marshall was just one week making the round trip.

A gang of men arrived here Saturday evening and are now at work building our new depot, which we are assured will now be hurried to completion. The last delay in the building, it is said, was occasioned by some of the railroad officials wishing to combine the stations here and at Arcadia, making one serve for both towns. This has been considered impracticable, however, and our new depot is an assured fact at last. The structure will be provided with two waiting rooms, freight house, office and lobby for train men. It is being placed just south of the old depot.

My friend, help the editor in his wild-eyed search for news. When your friends come to see you, if you are not ashamed of it, tell him; when your wife gives a tea party if you have recovered from the gossip, drop in with the news; when a baby arrives fill your pockets with cigars and call; if you go to a party, steal some of the good things and leave 'em with the item in our sanctum. If your wife licks you, come in and let us see your scars and tender sympathy through the paper; if your mother-in-law has died don't be bashful about it; give in all the common news. In short, whatever makes you proud, and, honest or glad, submit it to our 24-

karat wisdom and see our matted locks part and stand on end with gratitude, which will pour from every pore like moisture from the dew-besprinkled earth.

The County Court of Phelps county to-day, after a two days' session, made an order distributing in equal proportions to the various road districts in Phelps county the fund of \$4700 which was received by this county as its share of the \$475,000 appropriated by the last Legislature to the various counties of this State (including the City of St. Louis) as a road fund. About thirty of the road commissioners of Phelps county appeared before the court and, by their attorney, J. A. Watson, demanded that the money be given in equal amounts to the various road districts of the county, which resulted in the order of the court distributing the amount to each district in the county.—Globe-Democrat.

The following is taken from Saturday's Globe-Democrat: "Miss Lucille Frauenthal, the 8-year-old daughter of Mr. and Mrs. Barney Frauenthal of 4240 Russell avenue, will be heard in a solo to-morrow evening at Shaw Avenue Southern Methodist church. The child has a remarkably clear and sweet voice, and on several occasions has sung old hymns to the delight of this congregation. Her selection to-morrow evening will be "My Mother's Bible." This is to be rendered in connection with a service by Rev. Josephus Stephan, the pastor, who is to preach on "Honor Thy Father and Thy Mother." The little girl is the daughter of Barney Frauenthal, ticket agent at Union Station, formerly in charge of the Bureau of Information."

Eureka! Yes, I Have Found It At Last!

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. Hear The Other Side.

Come to the Academy of Music, Ironton, Sunday, September 29th, at 8 P. M., if you wish to hear what the Catholic Church has to say in favor of her claims to the religion established by Christ.

As you know, the Catholic Church is the oldest by fifteen centuries of all Christian religious organizations. How comes she to last that long, with members living in every land and speaking all languages, comprising in her membership learned and sincere men, unless she has some valid claims to our respect and attention? Come, then, and hear those claims proposed by two trained, educated priests, Fathers Randall and Crane of St. Louis, at the Academy of Music, September 29th. All will be welcome, and all may propose questions. Solicit these reverend gentlemen; they will be glad to solve them. Seats free to all. Bring your friends.

REV. L. C. WERNERT.

Our liverman, Jas. Russell, is doing a fine business. He has good rigs.

The base ball season is about over. Our boys played their last game Sunday.

The railroad company is working a big force down here putting in cross ties.

I leave this week for a visit to Jamestown and my old home near Charlottesville, Va. I will visit the different battlefields, where many a poor mother's child breathed his last. It will bring back some sad scenes, although they are quite fresh in my memory to-day.

I will also stop at my old home; will sleep in the room where I first saw the light of this cold world. The furniture is still there, even to the crib I was rocked in, and the clock, that reaches to the ceiling, although it has been still many years, still stands there. I will visit the graveyard, where lies my father, mother, sisters and brother. This will bring sad recollections, but yet I shall enjoy it all. I have a sister and two brothers living on the old homestead, and one sister at Norfolk, Va. My boys will attend to my business while away. May God bless and protect me while on this trip, is the prayer of ISAAC.

Munger Items.

Obituary.

It was with sad hearts that the people of this community gathered at the Sutton cemetery on the 2d of this month, to take the last look and commit to the dust the form of their beloved relative and friend, Wm. Ruble, aged 58 years and 3 months. The services were conducted by Rev. John Alcorn at the cemetery.

Wm. Ruble was born at Vulcan, Mo., May 12, 1849. In the year of 1868 he was united in marriage to Hepsy Lewis. There were born of this marriage six children, four of which survive him. His wife died when the children were small, leaving him to fill the place of father and mother both. He never married again, but reared his children to manhood and womanhood alone. After they were all married he made his home with one or the other of them. He was at the home of his youngest son when he died. He was always a kind and loving father, and was loved and respected by all who knew him. He was an inmate of our home for about two years, and although he was not a member of any church, I don't remember of ever seeing him do an act or hearing him speak in anyway unbecoming a Christian. He always respected religion and liked to attend church.

He was confined to his bed three weeks before he died and suffered a great deal. He said if he got able to be about again his first act would be to join the church. He seemed to be perfectly willing to die. He said he was not afraid to die, but hated to leave his children. He spent the greater part of Saturday, Saturday night and Sunday praying. He prayed for his children and for the people who came out in the heat to visit him. He died Sunday night, September 1, 1907, at half-past ten o'clock. He leaves two sons, two daughters, eighteen grandchildren, four brothers, one sister and hosts of other relatives and friends to mourn his loss. It was hard to give him up, but we know that our loss is his gain, and he has gone to a better world, where he is free from all pain and care. He is not lost, but gone before. God took him from a world of care in everlasting bliss to share.

A loving father from us is gone. A voice we loved is still. A place is vacant in our home which never can be filled. A DAUGHTER-IN-LAW.
