Mrs. Woodside and Miss Bessie Gillam are in St. Louis this week selecting their spring stock of millinery. The goods will arrive in a few days and the ladies are asked to defer their purchases of spring millinery until they have had an opportunity to look at this display. Particulars will be announced later.

G. W. Marshall announces this week as a candidate for re-election to the office of City Marshal. Mr. M. has filled this position for the past two years and has been faithful to every trust imposed in him. Should he be re-elected we are confident that he will be found giving the same care and attention to his duties in the future as he has always characterized him in the past.

The REGISTER last week mentioned that Chas. "Henson" had been tried in Squire Rasche's court, charged with stealing a wagon load of staves belonging to Jackson Brothers. It should have been Chas. Casteel. Casteel had his second trial before Squire Rasche last Thursday and a jury found him guilty, fixed his punishment at \$5 fine and sixty days in jail.

Otto Riecke is now at Key West with the coast defense detachment. He has attained the rank of corporal, is in the band and getting along nicely. His three years will be up May of next year, but he says that he expects to re-enlist at once and will probably spend most of his days in the service. From this we judge he is pretty well satisfied with his surroundings.

The REGISTER this week publishes the announcement of Robert A. Rasche as a candidate for Mayor of the City of Ironton. Mr. Rasche was born and reared in Ironton and is well known to all our people. He is one of our most worthy young men and the REGISTER takes pleasure in saying a good word for him. The last year and more Bob has been one of our justices of the peace and faithfully he has discharged the duties of his office. We know that if he is chosen Mayor he will at all times be equally faithful and loyal.

The rumor that has gained circulation throughout the county the past few weeks intimating and insinuating there is something "terribly wrong" in the county collector's office in this county, as is usual in such instances, greatly exaggerates the real facts in the case. Here is the situation as we have learned it: Collector Lewis has not been making payments monthly to the County Treasurer of the school and road taxes collected by him, his impression being that the funds need not be paid to the treasurer until he made his annual settlement in March. Recently, however, the Collector was informed that he must turn these moneys over to the treasurer not later than the 15th of the month following their collection, and a penalty is provided for his failure to do so. Now, that's all there is to it: Mr. Lewis retained in his possession, until he made his annual settlement this month, money which he should have turned over to the treasurer each month as he collected it. The total amount so withheld—from October to March—is about \$3,000, and the loss to the county in interest because of the Collector's failure to pay the money to the treasurer monthly is less than \$40. No one who knows Mr. Lewis will think for one moment that there was any motive back of his action. It was simply a misunderstanding of the law. The penalty provided by the law for failure to make these monthly payments to the treasurer is that the Collector shall lose his commissions on the money so withheld and an additional penalty of ten per cent on the amount. The collector's commission on the amount withheld amounts to about \$150.

We have had some spring days and some of our people have planted gardens, but to-day the snow is four inches deep.

Business is better, as some of the mills are running on black oak and soft wood ties. Fitz, Stamp & Co.'s sales Saturday were \$261.35, mostly mill and tie trade. This is the most singular business time I ever saw. No business going on, lots of money in the banks, and no one wants it. While I was in Farmington J. M. Morris told me he had \$5,000 lying idle. No one wanted it. The banks cannot afford to pay even three per cent, as they cannot loan it. He said he was going to invest the money in county bonds, bearing six per cent interest.

Our banker, Mr. Strader, was in St. Louis last week. They told him at the sub-treasury that eight tons of silver had been received that day.

Well, I see from the papers that St. Francois county, as well as six others, have gone dry. I am so glad to hear it. May God bless the good men and women! There will be more to follow. God speed the good work! The time has come when a man who is not dry need not run for office. He had just as well go in his hole. I don't see how any man, especially if he has boys, can hold up for saloons.

Fitz, Stamp & Co. received a car of early potatoes last week. They are selling at \$1.25.

Dr. Farr is building a drug store—something that has been needed here a long time.

Our town board met last Wednesday night and ordered an election. A proposition to extend the corporate limits will also be voted on.

T. P. Fitz is buying hub timber at Gads Hill, Des Arc, Benson's, Vulcan, Annapolis, Sabula, Jordan and Hogan. Nothing less than ten inches in diameter and first-class logs will be received. Inspect once a week and pay cash.

While in Farmington I spent an evening with Mr. Jas. C. Morris, member of the mercantile firm of Morris Bros. He has just moved into his new dwelling which cost over \$4,000. It is modern in every respect. The house is a frame, two story, with nine rooms, steam heat, electric lights, and hot and cold water in every room. His wife is one of Farmington's most charming girls, intelligent and a model wife.

I also met Joe Zwart, one of the Ironton boys. He is engaged with the electric railway, his brother, A. J., being the president and general manager.

I attended the Baptist Sunday School. Our banker, Bro. Strader, is the superintendent. It is a very interesting school and the singing is fine. It is a treat to any one to hear the singing.

While at Sabula last Friday I stepped into the public school and was surprised to see such a small attendance—only five pupils and two of them moved away the next day, leaving only three in the school. It looks like our compulsory law should be enforced. The teacher told me that he was paid \$35 a month and had a seven months' school.

While in Farmington I called on Mrs. E. Mason. She has a lovely home in north Farmington, near Judge Doss. Her son, Elmer, has a music class—violin, guitar and band music. He is a graduate of Blee's Military Academy, and an up-to-date instructor.

I observed on my way to De Lassus that the barns and fences on M. L. Clardy's farm were all painted black with white border. He also has a herd of black cattle.

Miss Elie Magill from Hendrickson with her sister, Mrs. John Stevenson, last week.

Miss Gertie Fitzpatrick and Miss Lizzie Schmidt visited with friends at Bonne Terre Sunday.

Ike Cole and wife have moved on the farm of Dr. N. A. Farr.

Mrs. Sommers, who has been housekeeper for E. W. Graves the past six months, has moved to Piedmont, where she and her son will go on a farm.

W. J. Fitz, John Stevenson and Dave Stevenson were in Poplar Bluff last week. ISAAC.

March 9.

John Stevenson has bought the Des Arc Hotel from Geo. Wallis. Consideration, \$2500. Mr. Stevenson will improve the property and put in new furniture. It will be run by Mrs. Graham, who formerly conducted the Kesling House at Ironton. The table will be supplied with the best, and special attention paid to commercial travelers. I.

Resolutions of Condolence.

The cold and silent tomb has again claimed its own among our little band. While death is common and natural it brings heart aches to those who are left behind, and yet that deep and silent sleep is but the fulfillment by Him who giveth and taketh our loved ones from earth to a sweet, peaceful rest. This time it is our beloved sister, Angeline Lewis, wife of John Lewis, and while our hearts are heavy with sympathy for our brother who is left alone, we would point him to the blessed Savior who alone can comfort us in such sorrow. Therefore, be it resolved that we extend to Brother Lewis our heartfelt sympathy. That a copy of these resolutions be spread upon the minutes of this lodge, and copies be sent to the National Rebekah and county papers. FANNY REESE, NELLIE GORDON, F. F. FARR.

Resolutions of Respect.

WHEREAS, The Supreme Ruler of the Universe, has, in His divine judgment and wisdom, removed from our midst one of the members of Granite Lodge, No. 421, of Annapolis, Mo., Brother Lindolph Brandon, a worthy brother and an honored and respected member of I. Dangers of the Grip.

The greatest danger from la grippe is its resulting in pneumonia. If reasonable care is used however, and Chamberlain's Cough Remedy is taken, all danger will be avoided. Mrs. La Mance at Ironton.

Mrs. Lora S. La Mance, State organizer of the W. C. T. U., addressed small audiences on Wednesday afternoon and evening and Thursday afternoon and evening of last week at the Presbyterian Church. As a State officer she serves the cause well in a persistent fight against any obstacle which exists to hinder the formation of an organization at least in every county seat. To her has been allotted the hard places—the wet spots of the State—and she goes after them with a determination which knows no defeat. At this point one thing necessary to the formation of a perfect Union was lacking. No one seemed willing to be made President. But on Thursday evening a capable personage yielded and the W. C. T. U. organization of Arcadia Valley will soon take its position in the fighting ranks of the State. For this we are grateful. Every efficient means must be employed to educate and mold public sentiment. Before it is crystallized at the ballot box, or against State Prohibition. Our first step—the defeat of Iron County for local option—has been taken. The second step to State-wide Prohibition is being agitated and ours is a grave responsibility made graver because of the first defeat. Mrs. La Mance very ably reviewed the work of the W. C. T. U. She acknowledged that the women worked harmoniously with the Anti-Saloon League of the State in blazing the way for reform and that at the culmination of events, when men's ballots nailed the decision the women fell back and gave them the glory. But she said it was all well and good provided men's ballots were cast for the right. Both addresses were interesting and when on Thursday evening she said, "The Saloon is doomed—first, because of its own retribution; second, because moreover of the mother's curse; third because of God's condemnation;" we knew it to be a fact. If this earth is to be filled with the knowledge of the glory of the Lord as the waters cover the sea, then there will be no room for the iniquitous saloon business. The speaker ably presented each division of her topic and held the ear of her listeners in rapt attention. It is to be regretted that the number benefited was few. We must not decline into a state of listlessness and indifference simply because our county continues black. No not all. The white setting all about us accentuates the shadow on our collops, when the State's white rays penetrate from our midst one of the members of Granite Lodge, No. 421, of Annapolis, Mo., Brother Lindolph Brandon, a worthy brother and an honored and respected member of I. O. O. F., who died March 6th, 1908. We, the officers and members of the lodge, learn with sorrow and regret of the death of Bro. Brandon;

Resolved, That in his death the brotherhood has lost a true and loyal Odd Fellow and devoted brother; that, realizing our weakness in comforting the sorrowing wife and relatives in their time of bereavement, we desire to extend to them our profound sympathy and assure them that we will ever hold in kind remembrance our deceased brother: that his wife will be under the care and protection of this lodge.

We request that a copy of these resolutions be spread upon the minutes of the lodge, a copy sent to the wife, also copies sent to the county papers for publication.
