News was received here Monday of the death at his home in Poplar Bluff Saturday night previous, of Dr. James J. Norwine. The deceased had been in poor health for some time and the end came not as a surprise. Dr. Norwine was fifty-two years of age and for many years a farmer, located at Bismarck. About ten years ago he removed to Poplar Bluff, where he has since practiced his profession. The remains were taken to Fredericktown for interment.

Robert Schneider and wife, Freddie Stephens and the chauffeur made the trip from St. Louis to Graniteville in Mr. Schneider's automobile last Saturday. They collided with a farmer's wagon in the city just as they were starting and it was nine o'clock before they got out of the city, reaching De Soto in time for dinner. The journey from De Soto to Farmington was a strenuous one, however. Once they "hung up" in the mud, but a friendly farm team came to their relief and pulled the big machine to dry land. But the most exasperating delay was fording Big River, where they stuck fast and for a while, it seemed, for good. But the ingenuity of the chauffeur succeeded, after so long a time, in getting the car out of the water and on to the road again, after considerable delay. They reached Farmington in time for supper and then journeyed on to Graniteville, where they arrived without further incident about nine o'clock. They will spend a portion of the week there before returning home.

The following cases have been disposed of in the circuit court during the past week: Wm. Warren, charged with cutting timber on the land of G. W. Scoggin was fined \$5 and costs; John Turner, charged with cutting timber on the lands of the Sligo Furnace Company, was fined \$1 and costs. Most of the other timber cutting and ejections suits of the Sligo company have been compromised. James Hetrick, of the west end of the county, charged with assault with intent to kill, was found not guilty. Last Saturday a jury found A. J. Donahew, charged with illegal voting at Henderson precinct last fall, guilty, and fined him \$50 and costs. Another jury Tuesday brought the same verdict against Will Donahew, on a similar charge. When J. D. Donahew was arraigned Tuesday afternoon, J. H. Raney, attorney for the defendant, sought to disqualify Sheriff Marshall from selecting the special jury, alleging that he was prejudiced and summoning none but Democrats. A witness or two was examined in support of this claim and the matter will probably be passed on this (Wednesday) morning by the court. Effie Myers was granted a decree of divorce from her husband, Frank Myers. Several other civil suits were adjusted. Court will probably be in session all of this week, anyway, as the Oliver and Short election cases are still to be tried, and they will probably require a day or more each.

He was an expert photographer out of a job, sad, seedy, cameraless and hungry. He blew into town about a month ago, and of course hunted up Bro. Perkins, known all over the land as kindly-hearted as well as a skilled artist—albeit not as free on foot as he was two or more scores of years ago. The t. p. (these letters stand for traveling photographer, as they do for tramp printer)—the t. p., after sizing up the situation with the quick perception common to his class, proposed that Mr. P. give him a "chance" as out-door, house-to-house assistant. Finding that the t. p. was up-to-date, learned in all the later crinkles of the profession, Mr. P. agreed to the proposal, giving him the use of his apparatus. It worked pretty well, and the t. p. went to divers houses, taking pictures while the subjects waited. In fact he prospered, and as he prospered his ambition grew. Then he proposed that Mr. P. permit him to take his camera to the Lead Belt where subjects were numerous and money plentiful; but Mr. P. drew the line on the boundaries of the valley. The t. p. was sufficiently "flushed" by this time to take umbrage at the refusal, and he quit Mr. P. Going to Mr. Bunn, the real estate man, the t. p. induced him to advance \$40 for a photographing outfit, promising all kinds of returns for the favor. Well, the outfit came, and I believe some picture-taking in the way of Valley views was done. Then the t. p. went to Bismarck—the nearest wet oasis to the arid desert of Iron—got on "a high lonesome," pawned the said outfit for \$5 cash and \$2.50 board bill, and lit out to some unascertained country from whose bourne he has not yet returned. It took \$7.50 of good money to save the other \$40, but Bro. Bunn has a camera with all the usual appurtenances thereunto belonging.

We have a few cases left of those home grown, hand packed, tomatoes that everybody is talking about. \$1 dozen.

The farmer is on top, but the day laborer is at the bottom. ISAAC.

The household department at B. N. Brown's is full up. The same famous low prices still prevail.

Annapolis News.
News is scarce the past week. The weather was nice up to yesterday. Cool and some rain last night.
Camp meeting is still holding out. Will continue all the balance of this week. Something near thirty-two conversions.
A great many people attended court at Ironton last week and will be this week.
Rev. Abernathy preached at the church house in Annapolis Saturday night and Sunday and Sunday night. The congregation was small owing to the camp meeting being so close by.
Mrs. Margaret Talley is in town this morning.
Chester Stevenson is in town this morning. He is a whole-souled young man and is teaching school at Minimus. He has been attending court the past week. The last grand jury found two bills against him for giving a boy under the age of 21 a small "dram" of whiskey. He was "nolle prossed" in one case and entered a plea of guilty in the other and was fined \$40 and costs \$147.50, including lawyer's fees. This is a warning to others and will prove a lesson to the defendant, so other people may "look a little out" hereafter.
Ben Johnson sent to the Bluff last Wednesday and got a jug of benzoin and he and Esquire Kitchell used about three drinks of the rat bait, and at dark they could not have killed rats if they had eaten them up whole. They are ashamed of the act for themselves but would have thanked the old sister who testified at the camp meeting to have kept it for her self as she did not see us and knew only what she heard. It is not so bad on Ben as he is a young man, but the Squire is a widower and looking out for the second blessing.
Gus Funk is making his old planer hum to-day dressing lumber.

Some of the boys were badly disappointed last Saturday. There were some three or four one-gallon jugs ordered Friday, and up to date the gentlemen from Poplar Bluff have failed to put in their appearance. The reason was on Friday the mail trains both south and north, failed to get the mail and it fell to the ground.
Our day agent, Chas. H. Leffever, and Elmer Delcor of nights, keep the railroad business moving, and no more trouble is looked for at the Annapolis station as long as they hold forth here, for they are good men in their places.
Jessie Culton is still holding his own with the boys at Annapolis and attending church day and night.
Mrs. Charlie Ruble was a guest of her sister, Hattie Seals, in Annapolis last Saturday.
Dru Lewis, of Williamsville, was visiting home folks last week. Reports good times down there.
John S. Benson was a visitor to our town three days last week, and visited the camp meeting two nights along with Fritz Warncke. John is always welcome to our town, or any of his family, as far as the writer is concerned, and he told me he would pay us another visit soon.
Benny Benson of St. Louis will pay this town a visit in the near future. Come on, Ben, you are welcome; there are some fair sex waiting to escort you to church or any old place you wish to visit.
Rev. Wallace, who lives at Williamsville, is in town to-day on his way home from Black River in the Mann settlement where he has been preaching to the people in that vicinity.

Foggy this forenoon, but nice and clear at the present time.
Camp meeting will close soon. There are thirty-odd conversions but only three received the second blessing, and were baptized today. Their names are Augusta Lotz, Mrs. Hattie Asbury and Martha Castle, all well known to many of the readers of the IRON COUNTY REGISTER and they will be glad to see their names listed for the good people wanting to do right. There has been near two hundred dollars made up to pay the preachers and the ladies for singing.
Rev. Joel Lewis is holding services at the church house in Annapolis. We have had meetings for over a week by Rev. Abernathy of Piedmont and Geo. Wallace of Williamsville and Joel Lewis of near Zeltonia. They are all good speakers and of the Baptist denomination without money and without price.
John McFall sold a fine team of mules last Saturday. Price not known, but know it was a plenty or he would not have sold.
John L. Marshall ought to have been down to the camp meeting. There was a lot of the prettiest young and old ladies there that his eyes ever beheld, and he certainly could have picked him out a suitor there, but I guess he is like old Esquire Kitchell, he is too hard to please. I think it will be a good one that will get these two as they are hard to please. Certainly will take money to buy them.
Trapping and hunting is about all that is done nowadays by the young class of people here.
Ed Moss is back in Annapolis. It is supposed he intends to work at his trade, blacksmithing.
The divorce case wherein Effie Myers is plaintiff and Frank Myers is defendant will come to a close Monday.
Sam Shy and several other people are in town to-day from Sabula.
Esquire Kitchell went to Sabula Saturday, also up to Ellen Carter's above Sabula, executing pension vouchers.

Desperate Coughs

Dangerous coughs. Extremely perilous coughs. Coughs that rasp and tear the throat and lungs. Coughs that shake the whole body. You need a regular medicine, a doctor's medicine, for such a cough. Ask your doctor about Ayer's Cherry Pectoral.

Ayer's

Any good doctor will tell you that a medicine like Ayer's Cherry Pectoral cannot do its best work if the bowels are constipated. Ask your doctor if he knows anything better than Ayer's Pills for correcting this sluggishness of the liver.
